HAWAII REVISED STATUTES

2011 CUMULATIVE SUPPLEMENT

INDEX

FOR USE WITH

THE 1996 REPLACEMENT VOLUME

PREFACE

The Cumulative Supplement index brings to date the 1996 Replacement Index (main index) of the Hawaii Revised Statutes, and includes the indexing of legislation from the 2011 Regular Session of the Hawaii State Legislature.

It covers all new sections, but with respect to amended sections, it covers only those main index references that have been rendered inadequate by changed provisions. Accordingly, a search for a statutory provision should begin with the main index.
