
A BILL FOR AN ACT

RELATING TO ECONOMIC DEVELOPMENT.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. (a) Following the 2009 legislative session,
2 the chairs of the senate committee on economic development and
3 technology and the house committee on economic revitalization,
4 business, and military affairs convened a technology caucus work
5 group to bring together industry stakeholders and interested
6 policymakers to develop recommendations for legislation to
7 enhance Hawaii's struggling economy. The work group provided a
8 forum to review the current status of Hawaii's science and
9 technology industry, identify state or county actions that
10 impede long-term growth and expansion of technology companies,
11 and develop recommendations to address these impediments. The
12 work group also identified best practices supporting the growth
13 and development of science and technology industries in other
14 jurisdictions to aid in developing proposed suggestions for
15 future legislation.

16 This Act implements the recommendations of the technology
17 caucus work group.

1 (b) The legislature finds that the State's past efforts to
2 diversify Hawaii's economy are bearing fruit. A recent report
3 on the innovation and technology sector of Hawaii's economy
4 published in October, 2008, by the Hawaii Science and Technology
5 Council, shows that in 2007 this sector had the same impact on
6 Hawaii's gross state product as the accommodations industry,
7 contributing \$3,000,000,000, or five per cent of the State's
8 \$61,000,000,000 economy. Combined public and private tech-
9 sector employment totaled 31,106 workers, nearly a three per
10 cent increase from 2002. The average annual salary for
11 technology workers was \$68,935 -- a salary fifty-seven per cent
12 higher than the state average of \$43,963.

13 The heavy impact of the current recession on Hawaii's
14 tourism industry highlights the critical need to continue
15 efforts to broaden the State's economic base. However, the
16 current economy is making it increasingly difficult for the
17 State to support measures such as Act 221, Session Laws of
18 Hawaii 2001, a tax credit-based initiative designed to stimulate
19 technology industry growth. In addition, questions have been
20 raised about whether Act 221 included an adequate mechanism for
21 selecting companies to be funded, and whether the companies
22 funded by Act 221 -- which provided funding for early-stage

1 startups but lacked venture capital resources for further
2 company growth -- were sustainable.

3 In 2003, the State of Utah, facing its own shortage of
4 venture capital resources and the relocation out-of-state of a
5 number of Utah's technology companies, successfully responded by
6 enacting the Utah Fund of Funds program. Iowa, Michigan,
7 Oklahoma, and Ohio each implemented similar programs to improve
8 the capital availability within their states and as a means to
9 generate revenue.

10 The \$300,000,000 in financing for the Utah Fund of Funds
11 program is invested in venture capital firms. To ensure
12 profitable investments and the continued success of the program
13 the fund does not require investments in Utah companies or that
14 venture capital firms be located in Utah. Instead, the fund
15 invests in venture capital firms that are interested in looking
16 for investment opportunities in Utah and commit their senior
17 staff to working closely with Utah companies and entrepreneurs.

18 Financing for the Utah Fund of Funds program was provided
19 by a large institutional bank and is backed by refundable,
20 transferable, contingent tax credits approved by the Utah
21 legislature. The program is structured to be financially self-
22 sustaining, with profits from investments paying back

1 financiers. Only in the case of a shortfall would Utah be
2 required to place tax credit funds into the Utah Fund of Funds.

3 To date, twenty-eight Utah companies have received
4 investments from funds in the Utah Fund of Funds portfolio,
5 resulting in over one thousand high paying jobs. These
6 companies have raised over \$385,000,000 from investors,
7 \$135,000,000 directly from funds in the Utah Fund of Funds
8 portfolio. Finally, over three hundred seventy-five Utah
9 companies have had the opportunity to work with venture capital
10 firms in the Utah Fund of Funds portfolio.

11 This Act is based on the Utah Fund of Funds model, and
12 amends the state private investment fund, chapter 211G, Hawaii
13 Revised Statutes, to more closely conform to key aspects of the
14 Utah model. Important components of this Act include:

- 15 (1) The deferral of state liability for the cost of the
16 program. Program capital will be obtained from
17 investors or a loan, and state tax credits will be
18 used as collateral and as a guarantee of investment or
19 loan obligations;
- 20 (2) The minimization of potential state liability for the
21 program. The private-sector focus in investment is

1 retained, allowing diversification and profitability
2 of investments;

3 (3) The requirement that individuals and entities
4 overseeing and managing the program possess expertise
5 in venture capital investment, investment management,
6 and supervision of investment managers and investment
7 funds;

8 (4) Giving state private investment fund managers the
9 flexibility to invest for profit by giving priority to
10 investments in high quality venture capital firms that
11 have demonstrated a commitment to the State;

12 (5) Ensuring that Hawaii's companies are exposed to high
13 level managers of funds in the state private
14 investment fund portfolio and learn to become good
15 fundraisers; and

16 (6) Using private venture capital firms to vet and select
17 potentially successful businesses in which to invest.

18 (c) The purpose of this Act is to implement the
19 recommendations of the technology caucus work group, and
20 increase the availability of venture capital for the State's
21 emerging industries while minimizing state liability for program
22 costs by, among other things:

- 1 (1) Amending chapter 211G, Hawaii Revised Statutes, the
2 state private investment fund, to incorporate key
3 components of the Utah Fund of Funds model;
- 4 (2) Including insurance companies as potential investors
5 along with banks, individuals, and corporations, by
6 providing that the tax credits to be used by the state
7 private investment fund as a guarantee, may be used to
8 offset insurance premium taxes; and
- 9 (3) Providing the authorization of tax credits, including
10 credits to be used against insurance premium taxes,
11 necessary for the state private investment fund to
12 accomplish this purpose.

13 SECTION 2. Chapter 211G, Hawaii Revised Statutes, is
14 amended by adding six new sections to be appropriately
15 designated and to read as follows:

16 "§211G-A State private investment fund. (a) The
17 corporation shall administer the state private investment fund.
18 The state private investment fund shall invest in private seed
19 and venture capital partnerships or entities to:

- 20 (1) Encourage the availability of equity and near-equity
21 capital for investment in a broad variety of venture
22 capital partnerships in diversified industries, with

1 an emphasis on the State's emerging high technology
2 and performing arts products industries;
3 (2) Retain the private sector culture of focusing on rate
4 of return in the investing process;
5 (3) Secure the services of high quality managers in the
6 venture capital industry; and
7 (4) Enhance the venture capital culture and infrastructure
8 in the State so as to increase venture capital
9 investment and promote venture capital investing

11 and accomplish the foregoing in a return-driven manner while
12 minimizing the transfer of tax credits.

13 (b) The state private investment fund shall provide for:
14 (1) Equity interests for designated investors that provide
15 for a scheduled rate of return and scheduled
16 redemption; and
17 (2) Loans by or the issuance of debt obligations to
18 investors that provide for payments of principal,
19 interest, or interest equivalent.

20 (c) Public money shall not be invested in the state
21 private investment fund; provided that startup costs for the

1 state private investment fund shall be funded by the
2 corporation.

3 (d) The state private investment fund shall have all of
4 the powers necessary to carry out its purposes and may exercise
5 any powers of a corporation organized under the laws of the
6 State. The state private investment fund may make any contract,
7 execute any document, charge reasonable fees for services
8 rendered, perform any act or enter into any financial or other
9 transaction necessary to carry out its mission. The state
10 private investment fund may employ necessary staff as may be
11 required for the proper implementation of this chapter, the
12 management of its assets, or the performance of any function
13 authorized or required by this chapter necessary for the
14 accomplishment of any such function. Staff shall be selected
15 based upon outstanding knowledge and leadership in the field in
16 which the person will be performing services, and shall be
17 exempt from chapter 76.

18 (e) If the state private investment fund purchases any
19 security pursuant to an agreement with an investor group, the
20 fund shall acquire the securities and may invest, manage,
21 transfer, or dispose of the securities in accordance with

1 policies for the management of assets adopted by the state
2 private investment fund.

3 (f) In carrying out the mission of the state private
4 investment fund, as authorized by this chapter, the corporation,
5 the state private investment fund, the officers, board members,
6 and employees of the corporation and state private investment
7 fund shall not be considered to be broker-dealers, agents,
8 investment advisors, or investment adviser representatives under
9 chapter 485A. Tax credits issued or transferred pursuant to
10 this chapter shall not be considered securities under chapter
11 485A.

12 §211G-B Board of directors. (a) The state private
13 investment fund shall be governed by a board of directors
14 consisting of six voting members as follows:

15 (1) Four members appointed by the Hawaii strategic
16 development corporation board and selected on the
17 basis of knowledge of, or skill, and experience in,
18 venture or seed capital investment, investment
19 management, or supervision of investment managers and
20 investment funds;

21 (2) The president of the Hawaii strategic development
22 corporation; and

1 (3) The chief investment officer of the employees'
2 retirement system of the State of Hawaii.

3 (b) The state private investment fund board members shall
4 serve four-year terms, may serve up to two successive terms, and
5 shall continue in office until their respective successors have
6 been appointed. A majority of the board members may remove a
7 board member for cause.

8 (c) Three members shall serve as a quorum for the
9 transaction of business.

10 (d) Members shall be subject to chapter 84. Members shall
11 serve without compensation, but may be reimbursed for expenses
12 incurred in the performance of their duties, including travel
13 expenses.

14 §211G-C Investment capital; guarantees. (a) The state
15 private investment fund may extend one or more guarantees and
16 secure the performance of the guarantees in the form of a put
17 option, as well as other arrangements selected by the state
18 private investment fund. Without limiting the foregoing:

19 (1) To generate funds for use in a manner consistent with
20 this chapter, the state private investment fund may
21 guarantee loans, lines of credit, and other
22 indebtedness and equity investments and may arrange

1 for, pledge, and assign put options, as well as other
2 agreements to purchase tax credits on such terms as
3 the board may approve from time to time;

4 (2) The guarantees of loans, lines of credit, and other
5 indebtedness may extend up to the principal amount
6 plus interest over the term of the guarantee at a rate
7 set by board resolution from time to time, in a manner
8 consistent with this chapter; and

9 (3) Guarantees of equity capital may extend up to the
10 amount of the investment plus a rate of return set by
11 board resolution from time to time in a manner
12 consistent with this chapter.

13 (b) Guarantees, in whatever form negotiated by the state
14 private investment fund, may be made for any period of time, but
15 no term shall expire prior to January 1, . The state
16 private investment fund may charge a reasonable fee for costs
17 and the fair compensation of risks associated with its
18 guarantee. Proceeds from the sale of any tax credits may be
19 used to satisfy the contractual guarantee obligation of the
20 state private investment fund. The state private investment
21 fund may contract freely to protect the interest of the State.

1 (c) The guarantees extended by the state private
2 investment fund shall be payable solely from revenues of the
3 fund and shall be secured solely by those revenues and by the
4 pledges and assignments authorized by this chapter. No holders
5 of guarantees issued under this chapter shall have a right to
6 compel any exercise of the taxing power of the State to pay the
7 guarantees and no moneys other than the revenues of the state
8 private investment fund shall be applied to payment thereof.
9 Each guarantee issued under this chapter shall recite in
10 substance that the guarantee is not a general obligation of the
11 State and is payable solely from revenues pledged to the payment
12 thereof, and that the guarantee is not secured directly or
13 indirectly by the full faith and credit or the general credit of
14 the State or by any revenues or taxes of the State other than
15 the revenues specifically pledged thereto.

16 **§211G-D Investments by the state private investment fund.**

17 (a) Funds raised or arranged by the state private investment
18 fund pursuant to this chapter shall be invested in seed capital
19 and venture capital investments; provided that:

20 (1) The state private investment fund shall not make
21 direct investments;

1 (2) No more than per cent of the investment capital
2 of the state private investment fund shall be placed
3 in seed capital investments;

4 (3) No more than ten per cent of the investment capital of

6 single fund; and

7 (4) The investment of the state private investment fund in
8 a single fund shall not exceed twenty per cent of the
9 total investment capital committed to that fund.

10 For the purposes of this subsection:

18 provided in section 211F-1.

19 (b) The state private investment fund shall invest funds
20 principally in high-quality venture capital partnerships and
21 entities:

1 (1) That have made a commitment to equity investments in
2 businesses located within the State by agreeing to
3 invest or cause to be invested in businesses located
4 within the State an amount equal to or greater than
5 the state private investment fund's commitment to
6 their fund;

7 (2) With experienced managers or management teams that
8 have demonstrated expertise and a successful history
9 in the investment of venture capital funds; and

10 (3) With demonstrated ability to advise and mentor

2 within the State by adding additional investment
3 areas of expertise; and

5 technology or performing arts products industries.

6 The state private investment fund may waive the priorities
7 under this subsection only if necessary to achieve the targeted
8 investment returns required to attract investors.

9 §211G-E Confidentiality of trade secrets or the like;
10 disclosure of financial information. Notwithstanding chapter 92
11 or 92F, or any other law to the contrary, any documents or data
12 made or received by any member or employee of the state private
13 investment fund to the extent that the material or data consist
14 of trade secrets, commercial or financial information regarding
15 the operation of any business conducted by an applicant for, or
16 recipient of, any investment or form of assistance that the fund
17 is empowered to render, or regarding the competitive position of
18 that applicant in a particular field of endeavor, shall not be a
19 public record; provided that if the state private investment
20 fund purchases a qualified security from an applicant, the
21 commercial and financial information, excluding confidential
22 business information, shall become a public record of the fund.

1 If the information is made or received by any member or employee
2 of the state private investment fund after the purchase of the
3 qualified security, it shall become a public record three years
4 from the date the information was made or received. Any
5 discussion or consideration of trade secrets or commercial or
6 financial information shall be held by the board, or any

12 executive sessions.

13 §211G-F **Limitation on liability.** Chapters 661 and 662 and
14 any other law to the contrary notwithstanding, nothing in this
15 chapter shall create an obligation, debt, claim, cause of
16 action, claim for relief, charge, or any other liability of any
17 kind whatsoever in favor of any person or entity, without regard
18 to whether that person or entity receives any benefits under
19 this chapter, against the State or its officers and employees.
20 The State and its officers and employees shall not be liable for
21 the results of any investment, purchase of securities, loan, or
22 other assistance provided pursuant to this chapter. Nothing in

1 this chapter shall be construed as authorizing any claim against
2 the state private investment fund in excess of any note, loan,
3 or other specific indebtedness incurred by the state private
4 investment fund or in excess of any insurance policy acquired
5 for the state private investment fund or its employees."

6 SECTION 3. Section 211F-3, Hawaii Revised Statutes, is
7 amended by amending subsection (a) to read as follows:

8 "(a) [~~The~~] Except as provided in section 211G-11, the

- 12 (1) Three to be appointed directly by the governor;
13 (2) Three to be appointed from a list of nominees from the
14 general public submitted by the president of the
15 senate; and
16 (3) Three to be appointed from a list of nominees from the
17 general public submitted by the speaker of the house
18 of representatives,

19 and shall be selected on the basis of their knowledge, skill,
20 and experience in the scientific, business, or financial
21 fields[-]; provided that three of the members appointed shall
22 have knowledge of, or skill and experience in, venture or seed

1 capital investment, investment management, or supervision of
2 investment managers and investment funds. The director of
3 business, economic development, and tourism, a member from the

11 representatives, during their term of office on the board, shall
12 be employees of the State. All appointed members of the board
13 shall continue in office until their respective successors have
14 been appointed."

15 SECTION 4. Section 211G-1, Hawaii Revised Statutes, is
16 amended as follows:

17 1. By adding a new definition to be appropriately inserted
18 and to read:

19 "Fund" means the state private investment fund."

20 2. By amending the definitions of "tax credits" and
21 "taxpayer" to read:

1 ""Tax credits" means tax credits issued or transferred
2 pursuant to this chapter and available against liabilities
3 imposed by chapter 235 or 241[-], or section 431:7-202.

4 "Taxpayer" means a person subject to a tax imposed by
5 chapter 235 or 241[-], or section 431:7-202."

6 SECTION 5. Section 211G-3, Hawaii Revised Statutes, is
7 amended to read as follows:

8 "[+]§211G-3[+] **Findings and purpose.** A critical shortage
9 of seed and venture capital resources exists in the State and
10 that shortage is impairing the growth of commerce in the State.
11 A need exists to increase the availability of venture equity
12 capital for emerging, expanding, relocating, and restructuring
13 enterprises in the State, [~~and an~~] particularly those
14 enterprises in the State's growing high technology and
15 performing arts products industries. An increase in return-
16 driven, venture capital investments in such enterprises in the
17 State will help to diversify the State's economic base.
18 Accordingly, this chapter is enacted to:

19 (1) Mobilize equity and near-equity capital for investment
20 in a broad variety of venture capital partnerships in
21 diversified industries[+], with an emphasis on the

1 State's emerging high technology and performing arts
2 products industries;

3 (2) Retain the private sector culture of focusing on rate
4 of return in the investing process;

5 (3) Secure the services of high quality managers in the
6 venture capital industry;

7 (4) Enhance the venture capital culture and infrastructure
8 in the State so as to increase venture capital
9 investment and promote venture capital investing
10 within the State; and

11 (5) Accomplish the foregoing purposes in a return-driven
12 manner with the goal of minimizing any adverse impact
13 on state tax revenues.

14 The legislature finds that the creation of a state private
15 investment fund, as provided under this chapter, serves an
16 important public purpose by answering the need to increase
17 venture capital and expand the growth of commerce in the State."

18 SECTION 6. Section 211G-12, Hawaii Revised Statutes, is
19 amended to read as follows:

20 "~~§~~211G-12~~§~~ **Tax credits.** (a) The State shall issue
21 tax credits to the corporation that may be transferred or
22 otherwise used to reduce the tax liability of any taxpayer

1 pursuant to chapter 235 or 241~~[-]~~, or section 431:7-202. The
2 total amount of tax credits that may be issued, and which may be
3 transferred pursuant to this chapter by the corporation is
4 ~~[\$36,000,000.]~~ \$ _____.

5 (b) Upon compliance with subsection ~~[(b)-]~~ (c), the tax
6 credits issued to the corporation shall be freely transferable
7 by the corporation to transferees and by transferees to
8 subsequent transferees; ~~[however-]~~ provided that the tax credits
9 ~~[se]~~ transferred by the corporation shall not be exercisable
10 before July 1, ~~[2005-]~~ _____, nor after July 1, ~~[2030-]~~ _____.
11 ~~[The corporation shall not transfer tax credits except in~~
12 ~~conjunction with a legitimate call on a corporation guarantee.]~~

13 The corporation shall immediately notify the president of the
14 senate, the speaker of the house of representatives, and the
15 governor in writing if any tax credit is transferred by the
16 corporation ~~[in conjunction with a legitimate call on a~~
17 ~~corporation guarantee]~~; provided that the corporation shall not
18 be required to make that notification for transfers to
19 subsequent transferees.

20 ~~[(b) Subject to the annual authorization by the~~
21 ~~legislature, the corporation may transfer tax credits under this~~
22 ~~section up to the annual amount allowed under subsection (c).~~

1 ~~Legislative authorization for the tax credits shall be by a~~
2 ~~separate legislative act.]~~

3 (c) The corporation shall determine the amount of
4 individual tax credits to be transferred pursuant to this
5 chapter and may negotiate for the sale of those credits subject
6 only to the limits imposed by this chapter. The corporation
7 shall limit the transfer of tax credits that may be claimed and
8 used to reduce the tax otherwise imposed by chapter 235 or 241
9 or section 431:7-202 for one fiscal year [~~(including any tax~~
10 ~~credits that are carried over by a taxpayer from a prior fiscal~~
11 ~~year and used to reduce taxes otherwise imposed in the current~~
12 ~~fiscal year, as permitted in subsection (g))~~] to not more than
13 an aggregate total of [~~\$12,000,000~~] \$ _____ per fiscal year.
14 The board shall clearly indicate on the face of the certificate
15 or other document transferring the tax credit the principal
16 amount of the tax credit and the taxable year or years for which
17 the credit may be claimed.

18 (d) The corporation, in conjunction with the department of
19 taxation, shall develop a system for registration of any tax
20 credits issued or transferred pursuant to this chapter and a
21 system of certificates that permits verification that any tax
22 credit claimed upon a tax return is validly issued, properly

1 taken in the year of claim, and that any transfers of the tax
2 credit are made in accordance with this chapter.

3 (e) The corporation may pay a fee and provide other
4 consideration in connection with the purchase by the corporation
5 of a put option or other agreement pursuant to which a transfer
6 of tax credits authorized by this chapter may be made.

7 (f) The tax credits issued or transferred pursuant to this
8 chapter, upon election by the taxpayer at time of use, shall be
9 treated as a payment or prepayment in lieu of taxes imposed
10 under chapter 235 or 241[-], or section 431:7-202. Tax credits
11 used pursuant to this chapter shall be claimed as a payment of
12 tax or estimated tax for the purposes of chapter 235 or 241.

13 (g) If the tax credits under this section exceed the
14 taxpayer's income tax liability under chapter 235 or 241 for any
15 taxable year, or for any other reason is not claimed by a
16 taxpayer in whole or in part in any taxable year, the excess of
17 the tax credit over liability, or the amount of the unclaimed
18 tax credit, as the case may be, may be carried over and used as
19 a credit against the taxpayer's income tax liability in any
20 subsequent year until exhausted, subject to:

21 (1) The deadline for the exercise of tax credits imposed
22 by subsection (a); and

1 (2) The monetary limit imposed by subsection (c)."

2 SECTION 7. Section 211G-13, Hawaii Revised Statutes, is
3 amended to read as follows:

4 "§211G-13 Investment [~~of capital.~~] plans; manager. [(a)]

5 The corporation may solicit investment plans from investor
6 groups for the investment of capital in accordance with this
7 chapter. The corporation shall establish criteria for the
8 selection of persons, firms, corporations, or other entities.
9 The criteria shall include the applicant's level of experience,
10 quality of management, investment philosophy and process,
11 probability of success in fundraising, plan for achieving the
12 purposes of this chapter, and such other investment criteria as
13 may be used in professional portfolio management that the
14 corporation deems appropriate. If the corporation decides to
15 engage one or more investor groups to deploy or generate
16 capital, it shall consider and select one or more investment
17 plans and investor groups that the corporation deems qualified
18 to:

19 (1) Generate capital for investment with the most
20 effective and efficient use of the guarantee;

21 (2) Invest the capital in private seed and venture capital
22 entities in a manner mobilizing a wide variety of

1 equity and near-equity investments in ventures
 2 promoting the economic development of the State; and
 3 (3) Help build a significant, fiscally strong, and
 4 permanent resource to serve the objectives expressed
 5 in this chapter.

6 An investor group engaged by the corporation shall have a
 7 manager who is experienced in design and implementation, as well
 8 as the management of seed and venture capital investment
 9 programs and in capital formation. The corporation may remove
 10 and replace any investor group that has been engaged and effect
 11 the assignment of assets, liabilities, guarantees, and other
 12 contracts of this program to a new investor group, subject to
 13 such terms and conditions as may be set forth in the terms of
 14 engagement.

15 ~~[(b) With legislative approval pursuant to section 211G-~~
 16 ~~14, the corporation may extend one or more guarantees and secure~~
 17 ~~the performance of such guarantees in the form of a put option,~~
 18 ~~as well as other arrangements selected by the corporation.~~

19 ~~Without limiting the foregoing:~~

20 ~~(1) The corporation may guarantee loans, lines of credit,~~
 21 ~~and other indebtedness and equity investments and may~~
