JUSTIFICATION SHEET

DEPARTMENT: Commerce and Consumer Affairs

TITLE: A BILL FOR AN ACT RELATING TO INSURANCE.

PURPOSE: To amend various provisions of title 24 of the Hawaii Revised Statutes (HRS) to update and improve existing provisions, including:

- (1) Adding a new section to part I of article 19 of chapter 431 regarding dormant captive insurance companies (Section 1);
- (2) Amending section 431:2-217 to clarify that a "trade name" used by individuals and business entities is also the name used to conduct business for uniformity and to ensure an expedited and smooth transition to the new electronic licensing platform (Section 2);
- (3) Amending section 431:9A-154 to clarify that self-study exams are not required to be submitted for approval and review of contents to the insurance division (Section 3);
- (4) Deleting the surety bond and Errors and Omissions (E&O) policy filing requirements in section 431:9B-102(c)(1) and (2) and inserting the surety bond and E&O policy filing requirements in section 431:9B-108 (Sections 4 and 5);
- (5) Amending the surety bond threshold requirement for third party administrators in section 431:9J-103, HRS, to \$300,000 from the third year of licensure filing; and clarifying the audited financial statements requirements in section 431:9J-112 (Sections 6 and 7);

- (6) Amending the definitions of "controlled unaffiliated business" and "participant" in section 431:19-101 (Section 8);
- (7) Amending section 431:19-116 to provide a premium tax exemption for captive insurers during their first year after formation (Section 9).

MEANS:

Add a new section to part I of article 19 of chapter 431, HRS, and amend sections 431:2-217, 431:9A-154, 431:9B-102(c), 431:9B-108, 431:9J-103, 431:9J-112, 431:19-101, and 431:19-116, HRS.

JUSTIFICATION:

- (1) There is no standardized process for a captive insurance company to transition to a dormant status. A dormant captive insurance company maintains a certificate of authority and is not intending to dissolve, but does not transact any business of insurance. Under current practices, a dormant captive insurance company must obtain approval from the Insurance Division to be dormant and if approved, must comply with modified filing requirements. A clear standardized process codified in statute will increase efficiency, promote uniformity, reduce confusion, and provide clarity for both the captive insurance company and the Insurance Division (section 1).
- (2) Uniformity in terminology is essential to allow for electronic applications and renewals via the National Association of Insurance Commissioners (NAIC) State Based Systems and National Insurance Producer Registry (NIPR). The NIPR Uniform Online application does not use the term "trade name", therefore clarifying that "trade name" also means the name individuals and business entities are doing business as

will allow for applicants and licensees to add or maintain trade names on licenses (section 2).

- (3) Continuing Education (CE) providers are required to only submit the licensing self-study course to the Insurance Division. However, CE providers are also submitting exam questions. By accepting and filing the exam courses, providers may have a false impression that the division is also approving exam content/questions. The statutory amendment will make clear that exam content and questions are not required to be approved or filed with the division and are to be made available upon request of the commissioner (section 3).
- (4) Surety bond requirements and E&O policy filing requirements for Reinsurance Intermediary-Managers (RIM) are better placed in section 431:9B-108 than in section 431:9B-102, as RIMs have the authority to bind or manage all or part of the assumed reinsurance business of a reinsurer (including the management of a separate division, department, or underwriting office) and act as an agent for the reinsurer. Similar requirements for reinsurers and Managing General Agents are codified in section 431:9C-103(7) and (8) (sections 4 and 5).
- (5) Amending sections 431:9J-103 and 431:9J-112 to increase the surety bond amount at the third year of licensure, and requiring proof of requisite surety bond amount filed with the annual report, as well as clarification regarding annual report filings starting March 1, 2024, will ensure adequate consumer protection and promote transparency of Third Party

Administrators operating in the State of Hawaii (sections 6 and 7).

- (6) Clarification is necessary to the definition of a "controlled unaffiliated business" in section 431:19-101 to make clear that this term applies to sponsored captive insurance companies that are subject to part III of article 19 of chapter 431 (section 8).
- (7) Amending section 431:19-116 to provide a premium tax exemption for captive insurers during their first year after formation will provide relief from premium taxes to newly formed captive insurers (Section 9).

Impact on the public: This bill will enhance consumer protection by making necessary updates and improvements to title 24, HRS.

Impact on the department and other agencies: This bill will streamline division processing of licenses and certificates of authority, promote efficiency, decrease costs, and reduce resource waste.
