

HAWAII FYI VIDEOTECH
GENERAL INSTRUCTIONS FOR USE
January 1994

1. Lower front panel to expose monitor screen and keyboard.
 2. Turn terminal on by pressing black switch located behind the unit in lower right corner.
 3. Press PHONE SYMBOL  to connect.
 4. Press RETURN KEY  and arrows  will appear in the upper left corner of the screen.
 5. The units are marked "For FYI Use" and "For LCATS Use". Type the respective command, CONNECT FYI or CONNECT LCATS, and press RETURN KEY twice. Repeat this process until your call is accepted.
 - A. If you are using the FYI unit, simply follow the screen instructions to access the various topics.
 - B. If you are using the LCATS unit, the following logon screen will appear. Complete as follows:

LOGON ID: Type "^{BUREAU}~~BOC~~" and press send 

PASSWORD: Type "BUREAU" and press return key
- You should now be in the menu screen. Follow screen instructions to access information.
