All tapes have now been successfully imported. The last tape, one which we were having much problems with, was done last week.

Submit billing for payment.

Subject FW: Scanning

Hi Carl,

Hope things are going well with you . . . Can you please see if the document below can be rescanned.

Also, Deb Pyrek has been in contact with you on the scanned documents sent to the Bureau. (I think at the end of August she seemed to think we had one final tape left.) Since my dept is responsible for the final billing, our list shows 11 tapes where we have not received confirmation from the Bureau that the tapes were accepted and returned. Are you aware of any pending tapes? I can give you the details if you need them. If you have all the scanned documents to your knowledge, I can make one final billing.

What is your phone number . . . has it change? Just wondering . . .

Thanks,

Cyn

Aloha Cyn,

I'm not sure who to address this concern to, but you're the first person that I thought of.

9/11/2006

Please see the attachment (Doc 2006-123452) on page 2---there is a Post-it note that is blocking a portion of the 1st paragraph. Is there any way that we can kindly notify the scanner to remove any Post-it notes from the document before scanning?

Fortunate for me, is that the cover page gives me the pertinent party information. If the information was covered by a Post-It note, what would I do in that case (in terms of searching)?

Mahalo for your assistance!

Dale

Subject: BoC - last tape (RS1998-Tape3) accepted

Good morning! I received confirmation from the BoC that the last tape was accepted. Please proceed with sending them the invoice for that last tape, RS1998 Tape 3. I think this completes the contract, but please let me know if there is anything else remaining to be billed or paid by the BoC. Mahalo!

(Thanks Jamie for recreating that tape!)

Hi Nani,

I did a PreImport of RS1998-Tape3 and it's full of errors. Attached is the PreImport log.

Previously when RS1998-Tape3 was first returned to TG for correction, it only had two errors (two images missing, see OrigErrorPreImport.log attached). Now it's so full of errors (missing images) that the PreImport process couldn't complete due to error overflow.

I'm giving the tape back to Carl to return to TG.

Thanks,

Larry

Subject: BoC Tapes

Hi Lois! We may not necessarily have the BoC paper confirmation sheets for these tapes, however per Carl, the following tapes have been accepted by the BoC and can be billed:

- RS 1993 - tape 4 completed
- LC 1993 - tape 1 completed
- LCO 1992-1995 completed

If we have not yet billed for these tapes, please proceed. The other tapes (listed in my last message to Carl) are still being loaded at the BoC and have not yet been accepted.

Aileen - please put a copy of this email message in our BoC tape transmittal folder. Thanks!

Mahalo!

Re: Letter Agreement/Imaging Project
Revision No. 1

Dear Mr. Young:

1. Title Guaranty of Hawaii, Inc. has acquired the necessary high-speed paper scanning equipment to be installed at the Bureau of Conveyances. We have simulated testing of thousands of pages of recorded documents in our office in preparation of imaging implementation at the Bureau. We anticipate commencing operations on approximately November 9, 1998.
2. We agree that scanning is to commence with minimal interruption to daily activities of indexing and microfilming as is reasonably possible. Scanning will begin at approximately 3:30 in the afternoon for documents to record at 8:01 a.m. the next day. For any other documents, which have not been scanned, scanning will be performed at such times that are mutually convenient to Title Guaranty and Bureau employees. It is recognized that it may be necessary to continue scanning after normal business hours in order to complete the work. The schedule may need to be modified as we become more experienced with the scanning operations.
3. TG will provide two (2) viewing terminals and two (2) processing computers (one for scanning and one for indexing). The terminals will be used to retrieve and view images, which are stored in the on-site computer. We will provide a temporary printer with the understanding that the Bureau will provide its own printer after adequate testing; we assume the printer will be installed concurrent with the installation of our equipment. Any equipment supplied by TG will continue to be owned by TG and TG will operate the system with TG employees at the sole cost of Title Guaranty of Hawaii, Inc. We understand that all necessary cabling and electrical work has already been accomplished.
4. With regard to printing privileges, we contemplate that TG will be able to print documents for its own use and that the Bureau will charge other title companies and the general public according to its general scheduled rates (currently .50 per page). Since this revenue will belong to the Bureau, the Bureau will set those charges as it determines appropriate.

Revision No. 1

5. TG will provide the Bureau with a copy of each completed CD-ROM containing the scanned documents at no charge to the Bureau. Depending on the number of documents and the storage capacity of the CD-ROM, it is anticipated that a CD will be delivered every three (3) to five (5) days. The hard drive will have capacity for approximately ten (10) days of documents based upon current volume estimates. Although the CD-ROM supplied to the Bureau will become the property of the Bureau, in order to enable TG to recover its costs, including amortization of its equipment, the Bureau will not reproduce, copy/sell or otherwise make available to other parties, the CD-ROMS. Images of the scanned documents may be accessed from the CD-ROM and reproduced to a paper copy for sale to the public. However, these documents will be on an individual document basis (not a bulk transfer of the images).
6. To enable Title Guaranty of Hawaii, Inc. to recoup its expenses, it is agreed that during the period the system is operational TG will be required to remit to the Bureau half (50%) of TG's monthly LCATS Subscription and the cost of the magnetic tape for the Daily Entry (Grantor/Grantee Index). TG will continue to pay the postage charges.
7. Title Guaranty will endeavor to perform all reasonable tasks to ensure that this project is successful. Significant project dates are as follows:
 - a) Equipment will be delivered prior to November 1, 1998
 - b) Full scanning will begin approximately November 9, 1998
 - c) Scanning completion is scheduled for January 30, 1999 with an option to extend.
 - d) Both Title Guaranty and the Bureau of Conveyances may agree to terminate this agreement prior to January 30, 1999.

Title Guaranty foresees that both the Bureau and the Public will be better served by the implementation of this scanning project and we look forward to continuing the project beyond the initial trial period.

Please call me if you have any questions (521-0259); I look forward to beginning this project and finalizing any remaining details.

Sincerely yours,

Michael A. Pietsch
President
