Resolution No. and Title: House Concurrent Resolution No. 108 & House Resolution No. 96, State Priority; Limited English Proficiency; Services

Purpose: Urging the State to Address the Lack of Language Support in Services, Programs, and Activities Offered by State Government for Persons with Limited English Proficiency

Judiciary's Position:

The Judiciary supports the intent of House Concurrent Resolution No. 108 and House Resolution No. 96, to promote language support in services, programs and activities offered by state government.

The Judiciary is committed to providing language support for limited English proficient (LEP) court users to access services, programs and activities. In the past five years, the Judiciary, in collaboration with the U. S. Department of Justice, adopted a comprehensive language access policy which provides enhanced language assistance for LEP court users, both in court and outside of the courtroom. The Judiciary has also translated vital documents that provide important information such as how to request an interpreter and Language ID Cards in 14 non-English languages, and we now post translated documents on language-specific, multilingual webpages that are easily accessible by LEP persons. We have trained all Judiciary staff on our language access plan and procedures and have provided training for judges. Based on accomplishments such as these, the Judiciary was ranked number one in the nation among all state courts in the provision of language access by the Justice Index (2016). Our multilingual website was also awarded the number one Top 10 Technology Solutions Award by the National Association for Court Management (2016).
While great progress has been made, there is always more that can be done. The Judiciary currently collaborates with State and private entities on the Hawai‘i Language Roadmap Project at the University of Hawai‘i at Mānoa and with the Hawai‘i State Office of Language Access, and others, to strengthen language access for persons with limited English proficiency (LEP). The Judiciary remains committed to providing language access services for LEP court users to promote access to justice for all.

Thank you for the opportunity to testify on this measure.

Subject: House Concurrent Resolution 108/ House Resolution 96 – Urging the State to address the lack of language support in services, programs, and activities offered by state government for persons with Limited English Proficiency.

Hearing: Tuesday, March 7, 2018, 10:00 AM
Conference Room 229, State Capitol

The Office of Language Access (OLA) supports the intent of the House Concurrent Resolution 108/ House Resolution 96 which urges the State to address the lack of language support in services, programs, and activities offered by state government for persons with Limited English Proficiency.

The mission of OLA is to address the language access needs of Limited English Proficient (LEP) persons and ensure their meaningful access to services, programs, and activities offered by the executive, legislative, and judicial branches of state government, including departments, offices, commissions, boards, and other state-funded agencies. OLA provides oversight, central coordination, and technical assistance to state agencies in their implementation of language access obligations – a civil right under both state and federal law.

Hawaii is one of the most culturally diverse states and has one of the highest proportions of non-English speakers in the nation. According to the U.S. Census Bureau, 2012-2016 American Community Survey (ACS) 5-year estimates, the total population in the State of Hawaii was 1,413,673. An estimate of 25.7% or 339,539 of Hawaii residents, 5 years and older, speak a language other than English at home. Of those, 166,949 or 12.6% indicated that they speak English “less than very well.”
English proficiency (or lack of) has strong impacts on people's economic and social activities, health literacy and wellness, access to education, employment, and important public assistance, benefits, programs and services. Biliteracy and multilingualism are becoming increasingly important aspects of our work force. A multilingual workforce that is knowledgeable about other cultures and can communicate in other languages is vital for our economic growth as well as the wellbeing of our diverse population.

OLA appreciates this committee for its commitment to language access and for the opportunity to provide this testimony.

To the Honorable Aaron Ling Johanson, Chair; the Honorable Daniel Holt, Vice-Chair, and Members of the Committee on Labor & Public Employment:

Good morning. My name is Melodie Aduja. I serve as Chair of the Oahu County Committee ("OCC") on Legislative Priorities of the Democratic Party of Hawaii. Thank you for the opportunity to provide written testimony on HCR108 which urges THE STATE TO ADDRESS THE LACK OF LANGUAGE SUPPORT IN SERVICES, PROGRAMS, AND ACTIVITIES OFFERED BY STATE GOVERNMENT FOR PERSONS WITH LIMITED ENGLISH PROFICIENCY.

The OCC Legislative Priorities Committee is in favor of HCR108 and supports its passage.

HCR108 is in accord with the Platform of the Democratic Party of Hawai’i ("DPH"), 2016, as the State is urged to address the lack of language support in services, programs, and activities offered by State government for persons with limited English proficiency. The DPH Platform states that "We believe that our nation should have a fair immigration policy that recognizes the diversity of our country and the contribution that immigrants make and have made in the sciences, arts, and culture.

We oppose racial profiling, and encourage policies that avoid the militarization of our borders, and deplore policies that would deny education and health and human services to immigrant children. We need to ensure that immigrant children, whether their parents are documented or undocumented, are treated with fairness and respect in our schools and in our healthcare system." (Platform of the DPH, P.5, Lines 225-226, 233-236 (2016)).

We believe that all families should have an equal opportunity to build their assets and become self-sufficient; and we support a strong safety net of programs that will afford them the opportunity to do so. We must protect our children, our future, from violence and neglect and provide them with a safe and healthy environment in which to grow and thrive. (Platform of the DPH, P.4, Lines 184-185 (2016))
We believe that workers need to be safe and free from any form of discrimination, harassment or abuse in the workplace. We seek legislation that will achieve these goals. (Platform of the DPH, P.3, Lines 131-132 (2016)).

We need to ensure that our students are safe in our schools, free from bullying and discrimination, to include but not limited to, disability, gender bias, weight, ethnicity, sexual orientation, gender identity, gender expression, and/or religion. (Platform of the DPH, P.6, Lines 321-323 (2016)).

Given that HCR108 the State is urged to address the lack of language support in services, programs, and activities offered by State government for persons with limited English proficiency, it is the position of the OCC Legislative Priorities Committee to support this measure.

Thank you very much for your kind consideration.

Sincerely yours,

/s/ Melodie Aduja
