**Testimony in SUPPORT of SB813**  
**RELATING TO THE DEPARTMENT OF HEALTH.**

SENATOR ROSALYN H. BAKER, CHAIR  
SENATE COMMITTEE ON COMMITTEE ON COMMERCE, CONSUMER  
PROTECTION, AND HEALTH

Hearing Date: February 1, 2019

Room Number: 229

1 **Fiscal Implications:** Sufficient appropriations are required to assure optimal public health, and  
2 in particular for addressing community mental health issues, and environmental management.

3 **Department Testimony:** The Department of Health supports the Governor’s Executive Budget  
4 Request, as follows:

2 Please see Attachment A which is a copy of Tables 3 and 15 of the briefing materials as a  
 3 summary of the Department of Health’s requested budget appropriations broken down by  
 4 Program ID.

5 The department request the Legislature’s attention for the following priorities.

6 **Recurring Base Budget Appropriations**

7 Executive Office on Aging

- 8 • Kupuna Care (base) \$4,854,305
- 9 • Kupuna Care \$3,877,063
- 10 • Kupuna Caregiver Program \$1,200,000

11 **New Appropriations Requests**

12 Health Resources Administration

13 Emergency Medical Services – Collective Bargaining Request

- 14 • The EMSIPSB FY 2020 and FY 2021 budget request included \$11,872,596 (FY 20) and  
 15 \$15,040,191 (FY 21) for a mandatory union collective bargaining increase.
- 16 • The department has requested that the Executive Budget Request be amended to include  
 17 this appropriation.

18 Emergency Medical Services – Recurring Other Expenses for services providers contracted to  
 19 provide pre-hospital emergency medical service

- 1 • The EMSIPSB FY 2020 and FY 2021 budget request included \$2,381,815 (FY 20) and  
2 \$3,642,807 (FY 21) for other current expenses cost increases.
- 3 • The request includes, but is not limited to, costs for subcontracts, drugs/medication,  
4 insurance, rental of space, meals, uniforms, fuel, repair and maintenance, staff training,  
5 telecommunications service and equipment, utilities, indirect/administrative overhead,  
6 equipment, and motor vehicles.
- 7 • The department has requested that the Executive Budget Request be amended to include  
8 this appropriation.

9 **Medical Cannabis**

- 10 • As required by Act 159, HRS (2018), the Department is currently engaged in a re-  
11 organization process to integrate the Medical Cannabis Registry and the Medical  
12 Cannabis Dispensary Programs into the new Office of Medical Cannabis Control and  
13 Regulation to be managed directly under HTH595.

14 **Family Health Services – Replace Funding for Family Planning Program (Title X)**

- 15 • Hawaii's Title X annual grant award has decreased in recent years from \$2,157,300 in FY  
16 2016 to \$1,000,000 in FY 2019; and more recent, proposed changes at the federal level,  
17 restricts Hawaii's comprehensive approach by limiting family planning services offered  
18 to women.
- 19 • This request will institutionalize the HFPP and solidify comprehensive family planning  
20 options for Hawaii's men and women regardless of changes in the political environment.

21 **Environmental Health Administration**

- 22 • Environmental Management Division - Positions and funding for enforcement of non-  
23 point source water pollution regulations
  - 24 ○ The six positions will begin implementing Hawaii Revised Statutes (HRS) §342E,  
25 Nonpoint Source Pollution Management and Control. HRS §342E was passed in  
26 1993 and DOH has not implemented the law to date.

- 1           ○ DOH has not implemented HRS §180C-4, Erosion and Sediment Control, which  
2           was passed in 1974.
- 3           ○ Under article XI, §1 of the Hawaii state constitution, DOH has a constitutional  
4           mandate under the public trust doctrine to regulate nonpoint source pollution.
- 5           ○ The federal Coastal Zone Act Reauthorization Amendments (CZARA) §6217  
6           require DOH and the Department of Business, Economic Development &  
7           Tourism (DBEDT) to develop and implement a Coastal Nonpoint Pollution  
8           Control Program.
- 9           ● Sanitation Branch - Positions and funding for sanitarians and funds for improved food  
10          safety
  - 11           ○ To enable the Sanitation Branch to maintain the current inspection frequency and  
12           workload to keep up with National Standards.
  - 13           ○ Hawaii is a tourist destination and those visiting, as well as residents, expect that  
14           food being served in restaurants and other food service establishments is safe and  
15           wholesome.
  - 16           ○ The promulgation and implementation of Hawaii Administrative Rules, Chapter  
17           11-50 and placarding in July 2014 has dramatically reduced the risk of food-  
18           related illness.
  - 19           ○ With the positions requested, we will be moving towards staffing levels that will  
20           reduce the occurrence of food illness risk by nearly 50%.

21   General Administration

22   Office of Health Status Monitoring (OSHM) - Re-engineer the Vital Statistics System

- 23           ● The Office of Health Status Monitoring (OHSM) is responsible for registering all vital  
24           events occurring in the State of Hawaii, which includes the registering and licensing of  
25           over 50,000 vital events and approximately 80,000 requests resulting in over 300,000  
26           certified copies annually.

- 1       • The Vital Statistics System (VSS) was developed over 20 years ago and is not  
2       supportable with today’s technology and security features. The replacement of the VSS  
3       is to address security aspects of the system, improve customer service and efficiency to  
4       register and issue certified copies of Birth, Marriage and Death.

5 Office of Policy, Planning, and Program Development (OPPPD) - Add Funds for Telehealth  
6 Pilot Project

- 7       • Telehealth is one of three strategic priorities documented in DOH’s strategic plan.  
8       • This request is the third and last for the current DOH strategic planning cycle. The first  
9       pilot is in southwest Hawaii, was requested through the Governor’s budget. The second  
10      is split between Wahiawa and (most likely) east Hawaii, and was a stand-alone bill  
11      offered by the WAM Chair. The third as appealed on this form, is to be statewide in part  
12      to fill pilot gaps in Maui and Kauai. DOH believes it is important to seed pilots in all  
13      counties in the interest of fairness and to learn from the unique circumstances of each  
14      county.

15 Behavioral Health Administration

16 Hawaii State Hospital Forensic Building – Positions and Funding

- 17       • A new forensic building is being constructed at Hawaii State Hospital and slated to open  
18       spring 2021.  
19       • The opening of two additional units is projected to occur during Fiscal Year 2023. To  
20       ensure quality patient care, additional direct care staff are needed to run these additional  
21       units.

22 Developmental Disabilities Division – Increase State match for Medicaid Intellectual and  
23 Developmental Disabilities (I/DD) Home and Community Based Services Waiver

- 1 • DDD requests an increase of \$7,702,000 in state funding (which will be used to match  
2 \$8,902,000 in federal funds) in fiscal year 2020 and an increase of \$5,814,000 in state  
3 funding (which will be used to match \$6,582,000 in federal funds) in fiscal year 2021.
- 4 • This funding will allow DDD to complete implementation of provider rate changes and  
5 other improvements to the I/DD Waiver program. Changes to provider payment rates and  
6 other waiver policies ensures that the State will be in continued compliance with federal  
7 requirements (with the federal government paying for more than half of the cost) and that  
8 State residents with I/DD have access to quality services.

9 Capital Improvement Projects

10 Hawaii State Hospital – Maintenance and Furniture, Fixtures & Equipment (FFE) for new  
11 forensic facility

- 12 • In FY20, \$1,920,000 is needed to replace chillers in Bldg Q. Assessment by consultant to  
13 determine the air handlers that must be replaced immediately throughout the rest of the  
14 campus.
- 15 • In FY20, \$6,525,000 is needed to purchase of furniture, fixtures and equipment for the  
16 new facility. FF&E must be provided prior to the opening of the new facility.
- 17 • In FY21, \$8,997,000 is needed for Hawaii State Hospital Anti-Ligature and Other  
18 Improvements.

19 **Offered Amendments:** N/A.

**Testimony in SUPPORT of SB0813**  
**Relating to the Department of Health**

COMMITTEE ON COMMERCE, CONSUMER PROTECTION, AND HEALTH  
SENATOR ROSALYN H. BAKER, CHAIR  
SENATOR STANLEY CHANG, VICE CHAIR

Testimony of Caroline Cadirao  
PSM Manager, Executive Office on Aging  
Attached Agency to the Department of Health

Hearing Date: February 1, 2019,  
9:30 AM

Room Number: 229

- 1 **EOA's Position:** The Executive Office on Aging (EOA), an attached agency to the Department  
2 of Health supports this measure, provided that its enactment does not reduce or replace priorities  
3 within the Administration's base budget request.
- 4 **Fiscal Implications:** This measure appropriates funds in the amount of \$26,478 for SFY20 and  
5 \$26,478 for SFY21.
- 6 **Purpose and Justification:** Regarding HTH 904/AJ this bill adds a program specialist IV  
7 position and funds for Alzheimer's disease and related dementia services coordinator. EOA's  
8 budget request to the Governor included \$26,478 in SFY20 and \$52,956 for SFY21. Our  
9 justification stated that EOA would need 6 months to establish the position therefore only 6  
10 months of funding or \$26,478 would be needed in the first year of the biennium. However, we  
11 would need full funding for the position (\$52,956) in year two of the biennium.

1 In 2018, Governor Ige signed Act 146 Relating to Health. This Act added a new section to the  
2 EOA statute, HRS Chapter 349, to “prepare an update of the state plan on Alzheimer’s Disease  
3 and Related Dementias no less frequently than once per fiscal biennium”. Additionally Act 146  
4 required EOA to implement the five goals developed in the state plan, make recommendations  
5 for social policy and coordinate services among public and private agencies to meet the needs of  
6 person’s with Alzheimer’s disease and related dementias and their families. The plan was  
7 published in December 2013 and has not been updated since. To fulfill the mandates in Act 146  
8 EOA needs to establish 1.0 FTE at \$52,956.

9 **Recommendation:** EOA respectfully requests adding \$26,478 to SFY21 so the total amount  
10 would equal \$52,956 for 1.0 FTE.

11 Thank you for the opportunity to testify.

**LATE**
