How does the legislature determine who to have a day named for? Does it change over time? Is it important to think about island history and already named days and places before naming more?

I submit this testimony in support of HB229 to honor and recognize the great work of United States Senator Daniel K. Akaka.

Senator Akaka has worked for the improvement of the lives of Hawaiians, the people of Hawaii, as well as people in need for the entire country during his years of service in Washington, D.C. Therefore, it would be great to honor and recognize Senator Akaka's great work by way of dedication of a day for the late Senator.

Thank you for the opportunity to provide my testimony in support of HB229.

Alan Garcia

Senator Akaka was the first U.S. Senator of Hawaiian descent and served our country with aloha and kindness. Senator Akaka was a true statesman, always willing to listen to the needs of the people of Hawaii as well as the entire country. Senator Akaka served with distinction and represented Hawaii in the highest manner.
