We will be taking action on all floor amendments immediately preceding discussion on the state budget, HB 500, CD1. As you may recall from past third and final reading floor sessions, the floor amendments to be discussed were listed in a separate section of the OD for easy reference. However, in order to prepare the electronic OD for use on the floor today, the OD has already been finalized and we will not be modifying the draft OD to pull the floor amendment bills out of sequence. Instead, we will identify the appropriate OD page number on which the measure being discussed is listed. It may help to pull these bills from your binders or mark with a tab for quick reference during the discussion. The floor amendments will be on your chamber desks.
