
A BILL FOR AN ACT

RELATING TO MOTOR SPORTS FACILITY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the erstwhile motor
2 sports facility in leeward Oahu allowed motor vehicles to
3 compete in motor sports under safe conditions and provided a
4 vital service to the community by keeping motor racing and all
5 of its inherent dangers off the public streets and freeways. A
6 motor sports facility can also be a benefit to public safety by
7 providing a place to safely train law enforcement personnel from
8 the State and the counties, as well as the general public, in
9 the safe handling of motor vehicles.

10 The purpose of this Act is to determine the cost of
11 developing and operating a new motor sports facility on Oahu.

12 SECTION 2. (a) The department of accounting and general
13 services shall conduct a study to determine the cost of
14 developing an all-purpose motor sports facility on Oahu,
15 including acquisition of land, construction, and costs of start-
16 up, maintenance, and operation.

17 (b) The department shall consider at least the following
18 cost factors:

- 1 (1) Acquisition of adequate land by purchase, lease,
2 exchange, or any other appropriate means, including
3 financing;
- 4 (2) Planning, design, and construction of the facility,
5 including:
 - 6 (A) Multi-purpose driving surfaces, barriers,
7 fencing, lighting, and driver communication
8 systems;
 - 9 (B) Training and educational facilities, including
10 classrooms;
 - 11 (C) Safety and first response medical facility and
12 safety containment systems;
 - 13 (D) Participant and spectator accommodations,
14 including maintenance, security, storage, and
15 other supporting facilities; and
 - 16 (E) Equipment intended for permanent use in the
17 facility;
- 18 (3) Initial costs of start-up, if any;
- 19 (4) Routine maintenance of the facility for the first ten
20 years; and
- 21 (5) Routine operating costs, taking into account any fees
22 that may be charged to users of the facility.

1 (c) The department shall submit a written final report to
2 the legislature no later than twenty days prior to the convening
3 of the regular session of 2008.

4 SECTION 3. In addition to the study in section 2, the
5 department of accounting and general services may consider and
6 execute the temporary acquisition of adequate land for a short-
7 term motor sports facility, which may be used for a maximum of
8 years until a permanent facility is completed.

9 SECTION 4. There is appropriated out of the general
10 revenues of the State of Hawaii the sum of \$ or so
11 much thereof as may be necessary for fiscal year 2007-2008 for
12 the cost of:

- 13 (1) The temporary acquisition of adequate land;
- 14 (2) Planning, design, and construction;
- 15 (3) Initial startup;
- 16 (4) Routine maintenance; and
- 17 (5) Routine operations

18 for a short-term motor sports facility.

19 The sum appropriated shall be expended by the department of
20 accounting and general services for the purposes of this Act.

21 SECTION 5. This Act shall take effect on January 1, 2025.

Report Title:

Motor Sports Facility; DAGS Cost Study

Description:

Requires the department of accounting and general services to a study costs of developing an all-purpose motor sports facility on Oahu, including acquisition of land, construction, and costs of start-up, maintenance, and operation; authorizes the department to acquire land for a short-term motor sports facility. Appropriates funds. (SD2)
