A BILL FOR AN ACT

RELATING TO WORKERS' COMPENSATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. Section 386-21, Hawaii Revised Statutes, is amended by amending subsection (c) to read as follows:

"(c) The liability of the employer for medical care, services, and supplies shall be limited to the charges computed as set forth in this section. The director shall make determinations of the charges and adopt fee schedules based upon those determinations. Effective January 1, 1997, and for each succeeding calendar year thereafter, the charges shall not exceed one hundred ten per cent of fees prescribed in the Medicare Resource Based Relative Value Scale system applicable to Hawaii as prepared by the United States Department of Health and Human Services, except as provided in this subsection. The rates or fees provided for in this section shall be adequate to ensure at all times the standard of services and care intended by this chapter to injured employees.

If the director determines that an allowance under the medicare program is not reasonable, or if a medical treatment, accommodation, product, or service existing as of June 29, 1995,
is not covered under the medicare program, the director, at any
time, may establish an additional fee schedule or schedules not
exceeding the prevalent charge for fees for services actually
received by providers of health care services to cover charges
for that treatment, accommodation, product, or service. If no
prevalent charge for a fee for service has been established for
a given service or procedure, the director shall adopt a
reasonable rate that shall be the same for all providers of
health care services to be paid for that service or procedure.

The director shall update the schedules required by this
section every three years or annually, as required. The updates
shall be based upon:

(1) Future charges or additions prescribed in the Medicare
Resource Based Relative Value Scale system applicable
to Hawaii as prepared by the United States Department
of Health and Human Services; or

(2) A statistically valid survey by the director of
prevalent charges for fees for services actually
received by providers of health care services or based
upon the information provided to the director by the
appropriate state agency having access to prevalent
charges for medical fee information.
When a dispute exists between an insurer or self-insured employer and a medical services provider regarding the amount of a fee for medical services, the director may resolve the dispute in a summary manner as the director may prescribe; provided that a provider shall not charge more than the provider's private patient charge for the service rendered.

When a dispute exists between an employee and the employer or the employer's insurer regarding the proposed treatment plan or whether medical services should be continued, the employee shall continue to receive essential medical services prescribed by the treating physician necessary to prevent deterioration of the employee's condition or further injury until the director issues a decision on whether the employee's medical treatment should be continued. The director shall make a decision within thirty days of the filing of a dispute. If the director determines that medical services pursuant to the treatment plan should be or should have been discontinued, the director shall designate the date after which medical services for that treatment plan are denied. The employer or the employer's insurer may recover from the employee's personal health care provider qualified pursuant to section 386-27, or from any other appropriate occupational or non-occupational insurer, all the
sums paid for medical services rendered after the date
designated by the director. Under no circumstances shall the
employee be charged for the disallowed services, unless the
services were obtained in violation of section 386-98. The
attending physician, employee, employer, or insurance carrier
may request in writing that the director review the denial of
the treatment plan or the continuation of medical services."

SECTION 2. This Act does not apply to any dispute resolved
prior to its effective date.

SECTION 3. New statutory material is underscored.

SECTION 4. This Act shall take effect on July 1, 2008.
Report Title:
Workers' compensation; Medical Treatment
