COMMUNITY.

WHEREAS, a strong, diversified economy is essential to the
well-being of the State of Hawaii; and

WHEREAS, several venues of honoring and assisting
innovation already exist within the Hawaii community; and

WHEREAS, the State should encourage innovation within the
commercial high technology industry sector for the State to
remain productive and withstand the changes and challenges of
the 21st century economy; and

WHEREAS, in 2005, the Legislature created the High
Technology Development Corporation (HTDC) to assist in the
diversification of the State's economy by facilitating the
growth and development of the commercial high technology
industry; and

WHEREAS, HTDC is concerned with the health of Hawaii's
natural environment and is dedicated to creating designs and
projects that increase sustainability and use energy-saving
techniques; and

WHEREAS, the State supports innovative persons, projects
and companies that incorporate energy-saving techniques, and the
State recognizes that this is crucial to sustaining and
promoting growth within Hawaii's commercial high technology
industry sector and is beneficial to the state economy,
environment, and our global community; now, therefore,
