
A BILL FOR AN ACT

RELATING TO PUBLIC ASSISTANCE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that there are persons
2 who receive health insurance coverage through the State's QUEST
3 or QUEST-net program and also have private health insurance
4 coverage. The legislature further finds that the intent of the
5 QUEST and QUEST-net programs is to provide publicly-funded
6 health insurance coverage for persons who are unable to afford
7 private insurance but whose incomes and assets exceed the
8 requirements to qualify for medicaid. The legislature finds
9 that providing benefits from a publicly-funded QUEST or QUEST-
10 net program when the person can afford private health insurance
11 is contrary to the intent of the QUEST programs and should be
12 prevented.

13 The purpose of this Act is to ensure that private insurance
14 is the primary payor of medical claims for persons who have
15 health insurance coverage both through the QUEST or QUEST-net
16 programs and a private health insurance plan.

1 SECTION 2. Chapter 346, Hawaii Revised Statutes, is
2 amended by adding a new section to be appropriately designated
3 and to read as follows:

4 "§346- Supplemental private health insurance coverage;
5 notice to department. (a) QUEST or QUEST-net vendors under
6 contract with the department shall notify the department of
7 QUEST or QUEST-net enrollees who also have coverage through a
8 private health care insurer.

9 (b) When a person covered by insurance through QUEST or
10 QUEST-net also has health insurance coverage through a private
11 health insurance plan, the private health insurance plan shall
12 be the primary payor of any covered claims and the QUEST or
13 QUEST-net shall be the secondary payor."

14 SECTION 3. New statutory material is underscored.

15 SECTION 4. This Act shall take effect on July 1, 2050.
