
A BILL FOR AN ACT

RELATING TO AGRICULTURE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Hawaii's beekeepers
2 are experiencing devastating losses in their industry due to a
3 combination of bad weather and the infestation of varroa mites,
4 nosema spores, and small hive beetles. Unofficial counts
5 indicate that thousands of bee colonies in Hawaii have died off,
6 but the exact numbers remain unknown. Currently, state
7 agricultural officials do not compile statistics on the
8 production of queen bees in Hawaii, in part because the industry
9 is small and also because of issues relating to proprietary
10 information.

11 The purpose of this Act is to allow beekeepers to register
12 certain information with the department of agriculture, which
13 shall be kept confidential except for the name and business
14 address of each registrant.

15 SECTION 2. Chapter 142, Hawaii Revised Statutes, is
16 amended by adding a new section to be appropriately designated
17 and to read as follows:

1 "§142- Beekeepers; registration. (a) Beekeepers may
2 register with the department of agriculture, on forms prescribed
3 and prepared by the department, which shall include the
4 following information:

5 (1) The name, address, and contact information for the
6 beekeeper; and

7 (2) Other information that may assist the department in
8 compiling accurate information on Hawaii's beekeeping
9 industry.

10 (b) The information shall be confidential and the
11 department shall not disclose the information unless otherwise
12 required by law; provided that the name and business address of
13 each registrant shall be made publicly available by the
14 department; and provided further that the department may compile
15 statistics based on the information, pursuant to section 141-1.

16 (c) The registration shall be effective for a period of
17 one year, and shall be renewed at the end of the one-year
18 period."

19 SECTION 3. There is appropriated out of the general
20 revenues of the State of Hawaii the sum of \$ or so
21 much thereof as may be necessary for fiscal year 2011-2012 and
22 the same sum or so much thereof as may be necessary for fiscal

1 year 2012-2013 to establish an apiary program within the
2 department of agriculture, including permanent positions as
3 follows:

- 4 (1) One apiary specialist;
- 5 (2) One apiary planner; and
- 6 (3) Two apiary technicians.

7 The sums appropriated shall be expended by the department
8 of agriculture for the purposes of this Act.

9 SECTION 4. The department of agriculture shall report to
10 the legislature no later than twenty days prior to the convening
11 of the regular session of 2013 on the effectiveness of beekeeper
12 registration in keeping accurate statistics on the beekeeping
13 industry, including any proposed legislation or recommendations
14 for amendments to the registration system or process.

15 SECTION 5. New statutory material is underscored.

16 SECTION 6. This Act shall take effect on July 1, 2030.
