This title is concerned with the salary and general allowances that are payable to legislators under the State Constitution and statutes. It also covers the use of the statutorily provided contingency fund.

Chapter 1. Legislators' Salary and General Allowances

Sec. 1.1. Scope of chapter

Article III, section 9 of the State Constitution provides that each legislator is to receive such salary and allowances as prescribed by law and section 24-1.5, HRS. Sections 24-1 and 24-2, HRS, prescribe certain fixed allowances to be paid to legislators. This chapter sets forth how and when the salary and the fixed allowances are payable.

Sec. 1.2. Legislators' salary.

A legislator's salary shall be payable pursuant to section 9 of Article III of the Constitution of the State of Hawaii.

Sec. 1.3. Legislators' annual allowance.

Each legislator is allowed such amount as provided by statute for incidental expenses connected with legislative duties and interstate travel expenses authorized under this title and title 2. "Incidental expenses connected with legislative duties" shall include all expenditures incurred in connection with carrying out of official duties or in connection with representational activities the nature of which will assist the legislator in: (i) developing the legislator's accessibility to, and communication with, the community and constituents concerning subjects of legislation and community concerns; (ii) educating the community and constituents on matters relating to the legislature, legislative process, and subjects of legislation; and (iii) carrying out the public's expectations of a legislator's role to the community and constituents.

The use of the allowance is subject to reporting and accounting. The allowance shall be made available no later than 10 calendar days after the effective date of legislation appropriating funds for the operation of the Senate. In the case of a legislator who fills a vacancy after the specified 10-day period, the allowance shall be made available no later than 10 days after the legislator is appointed by the Governor.

The allowance for each legislator shall be retained by the Senate. Each legislator shall be entitled to receive advances or be reimbursed for incidental expenses connected with legislative duties out of the allowance covering the legislator's incidental expense account maintained by the Senate; provided that for any expenditure of legislative allowance in excess of \$100 by a legislator who is appointed to fill a vacancy for a period of less than six months, the appointed legislator shall submit a request to expend legislative allowance monies for incidental expenses to the President and obtain the President's approval prior to encumbering the legislative allowance monies.

The Clerk of the Senate (Clerk) shall not make any advance nor reimburse any legislator unless the legislator submits a completed Claim for Disbursement from Legislative Allowance Fund form. (exhibit 1.A)

Upon receipt of a completed Claim for Disbursement From Legislative Allowance form from a legislator, the Clerk shall pay the amount requested as an advance or reimbursement

and shall charge the amount to the legislator's incidental expense account. Reimbursements shall be made within 30 days after the expense is substantiated by the Clerk.

Advances made to any legislator by the Clerk shall be made within 30 days before the date the expenditure is expected to be made, and shall not exceed an amount reasonably calculated to cover the amount of the anticipated expenditure based on the Claim for Disbursement form.

The amount of any advance that exceeds the amount of the incidental expenses connected with legislative duties shall be returned to the Senate not later than 60 days from the date that the expense was paid or incurred by the legislator.

All nonperishable items, the expenditure of which is covered by the annual allowance, shall be inventoried as property of the Senate.

Sec. 1.4. Non-Oahu legislators' session allowance.

When the legislature is in session, each non-Oahu legislator is allowed such amount per day as provided by statute for lodging, subsistence, and other incidental expenses necessitated by the legislator's presence on Oahu. The use of the allowance is not subject to reporting or accounting, and the amount of the allowance is not subject to reduction or adjustment by reason of the receipt of any other allowance provided by statute or under any other section of this manual. The allowance is payable for each day during the session, including Saturdays, Sundays, holidays, the constitutionally mandated recess days, and days of a recess, but shall not be payable for recesses of more than three consecutive recess days or for days of unexcused absences from the meeting of the Senate while the legislator is on Oahu. Non-Oahu legislators shall be paid their session allowance on Monday after each pay period. A pay period begins on Sunday and ends the following Saturday."

Sec. 1.5. Membership on boards, commissions, committees, and other entities constituted by local, state, national or international organizations.

When a Senator who, by nature of their status as a committee chair or as a member of Senate leadership, serves as an ex officio member of a board, commission, committee, or other entity constituted by a local, state, national or international organization, the ex officio membership shall remain with the committee chairmanship or leadership position and not follow an individual Senator to any subsequent position.

Chapter 3. Senate Contingency Fund

Sec. 3.1. Scope of chapter.

Section 24-7, HRS, provides for the establishment of a Senate contingency fund. This chapter summarizes and implements the provisions of that section.

Sec. 3.2. Amount and purpose of fund.

The Senate contingency fund shall not exceed \$10,000 per year. The amount of the fund shall be included in the appropriation made by the legislature for the expenses of the Senate. The fund is to be used to cover the expenses of social occasions hosted by the Senate as a whole and other social occasions authorized by the President. "Other social occasions" include social functions and demands that the President is expected to fulfill as the presiding officer of the Senate.

Sec. 3.3. Expenditure authorization.

No monies are to be expended from the contingency fund except upon the approval of the President.

Sec. 3.4. Accounting.

A report on the expenditures from the fund shall be made at least annually to the members of the Senate and the report shall be included as a part of the financial report on the expenditures of the Senate as a whole.

Chapter 4. Forms

Sec. 4.1. Scope of chapter.

This chapter contains provisions of general applicability to the establishment and use of administrative forms of the Senate.

The forms attached to this manual as exhibits serve as examples only. The President at any time may prescribe revisions to such forms; provided that any information required by such forms does not conflict with any requirement found within this manual.

TITLE 2.

TRAVEL AND TRAVEL ALLOWANCES

The nature of legislative business requires legislators and legislative employees from time to time to travel, both intra-state and out-of-state. This title details how and when such travel may be had and specifies what expenses of such travel may be paid for by the Senate and how such expenses are to be paid.

Chapter 1. General Provisions

Sec. 1.1. Scope of chapter.

This chapter contains provisions of general applicability to travel in conducting official legislative business and to the payment of travel expenses.

Sec. 1.2. Travel policy for interstate travel.

It shall be the policy of the Senate that each Senator shall be entitled to one interstate round trip per calendar year with any additional trips being subject to the approval of the President and Vice President. Costs associated with the interstate trip (travel expenses, registration costs, per diem, etc.) shall be paid by the Senate and charged against the individual Senator's annual allowance established under section 24-1, Hawaii Revised Statutes, and title 1, chapter 1, section 1.3. All staff travel shall be subject to the approval of the President and Vice President.

Any Senator or staff member, prior to accepting membership on any board, commission, committee, or other entity constituted by a national or international organization that would require the Senator or staff member to travel interstate in excess of the one interstate round trip authorized per calendar year, shall first obtain approval from the President and Vice President before accepting the membership.

Any personal trips that are not related to official legislative business that are taken in conjunction with a trip involving official legislative business shall be the responsibility of the traveling Senator or staff member and shall not be subject to per diem or reimbursement.

Sec. 1.3. Travel policy for intrastate travel by non-Oahu Senators during session.

It shall be the policy of the Senate that, during the time period in which the Senate is in session, each non-Oahu Senator shall be entitled to one intrastate round trip per week, plus an additional two intrastate round trips per month. In addition to the travel authorized under the previous sentence, non-Oahu Senators who represent more than one island shall be entitled to one additional intrastate round trip per month. All intrastate travel authorized under this section that is in addition to the one intrastate round trip per week shall be taken at each individual non-Oahu Senator's discretion; provided that each non-Oahu Senator shall submit to the President a written justification for the trips taken.

In the case of a non-Oahu President, the non-Oahu President shall be entitled to eight intrastate round trips per month; provided that any intrastate travel in excess of eight round trips per month shall taken at the non-Oahu President's discretion; provided that the non-Oahu President shall submit to the Vice-President a written justification for the trips taken.

Sec. 1.4. Travel policy for intrastate travel by non-Oahu Senators during interim.

It shall be the policy of the Senate that, during the interim, each non-Oahu Senator shall be entitled to one intrastate round trip per week. In addition to the travel authorized under the

previous sentence, non-Oahu Senators who represent more than one island shall be entitled to one additional intrastate round trip per month. All intrastate travel authorized under this section shall be taken at each individual non-Oahu Senator's discretion; provided that each non-Oahu Senator shall submit a written justification in a timely manner for the trips taken.

During the interim, each non-Oahu Senator traveling intrastate on official legislative business shall be entitled, without prior approval of the President, to the maximum per diem for up to one day per week; provided that the non-Oahu Senator claiming the per diem provides written justification in a timely basis for the travel. Any additional request for per diem shall be granted only with the prior approval of the President.

During the interim, in the case of a non-Oahu President, the non-Oahu President shall be entitled to eight round trips per month; provided that any intrastate travel in excess of eight round trips per month shall be allowed only with the approval of the Vice President. During the interim, a non-Oahu President shall be entitled to the maximum per diem of up to three days per week; provided that the non-Oahu President claiming the per diem shall provide written justification in a timely basis for the travel. Any additional request for per diem shall be granted only with the prior approval of the Vice President.

Sec. 1.5. "Official legislative business" defined.

As used in this title, "official legislative business" means an activity authorized by the Senate by resolution or the President pursuant to guidelines established in this section and performed or conducted pursuant to the business of the Senate or any Senate committee. It includes, when authorized, the following: attending a meeting of the Senate, the Senate leadership, a Senate committee, or caucus, including meetings or caucuses conducted during the interim; participating in a seminar or conference sponsored in whole or in part by the Senate; attending, either as a representative of the Senate or as a participant, a meeting, seminar, or conference of a state, national, regional, or international organization of which the Senate or the State legislature is a member; attending any seminar, conference, or session on a subject matter of direct concern to the Senate or any Senate committee; participating in any training program to maintain or improve the skills of legislators or legislative employees in the performance of their duties; and conducting studies and investigations on matters before the Senate or a Senate committee. It excludes activities which are of primary benefit to the individuals performing or conducting such activities even though such activities are performed or conducted because of one's status as a legislator or legislative employee. Among the excluded activities is a service rendered by a legislator to the legislator's individual constituent.

Sec. 1.6. Travel expenses payable by the Senate.

Except as otherwise provided by the statute or in this title, all reasonable and necessary personal expenses of travel when authorized by the President of the Senate, in conducting official legislative business, are payable by the Senate. For costs associated with interstate trips (travel expenses, registration costs, per diem etc.), these costs shall be paid by the Senate and charged against the individual Senator's annual allowance established under section 24-1, Hawaii Revised Statutes, and title 1, chapter 1, section 1.3. To the extent practicable, during the interim, neighbor island legislators shall endeavor to consolidate the scheduling of meetings on Oahu so as to encourage the minimization of travel and per diem costs to the Senate.

Sec. 1.7. Travel authorization.

Travel for purposes of "official legislative business" even in instances where, the expenses of which are not to be paid for by the Senate, must be approved by the President. The President's signature on the "Travel and Per Diem Request Authorization" form (exhibit 2.A) confirms that the business to be conducted on travel has been authorized and constitutes

authority for the Clerk to issue such purchase orders as may be necessary and for the Accountant to pay the expenses of the travel.

Sec. 1.8. Payment of travel expenses.

To the extent feasible and practical, the cost of transportation to and from the points of destination shall be paid by the Senate directly to the vendor upon its receipt of a written invoice evidencing the expenditure of such funds by the legislator or employee. All other allowable travel expenses approved by the President should be paid directly by the Senate to the vendors whenever convenient, feasible, and practical to do so. Unless paid by the Senate directly to the vendors, the cost of such other allowable travel expenses are payable to the legislator or employee engaged in travel. The payment to the legislator or employee may be by a cash advance prior to travel or by a reimbursement after the legislator's and employee's return from travel upon approval of the President.

Sec. 1.9. Accounting.

Within 15 days after completion of travel, be it less than overnight, overnight or longer or out-of-state; each legislator or employee shall account to the Senate for travel expenses incurred for which a cash advance was made or for which a reimbursement is sought on the appropriate Senate "Statement of Completed Travel" form (exhibits 2.B and 2.C).

In calculating the amount expended for lodging, meals, and other personal travel expenses, the calculation based on the amount of per diem allowed is sufficient; no detailed itemization of such expenses is required. For all other expenses, a detailed expenditure statement shall be attached to the appropriate "Statement of Completed Travel" form, supported by receipts where receipts are issued in the normal course of business. The form shall be submitted directly to the Accountant. If the travel expenses total less than the amount of any advance, the legislator or employee shall refund the difference to the Senate with the appropriate Statement of Completed Travel form.

Sec. 1.10. Travel report.

If travel is out-of-state, a completed "Travel Report Form" (exhibit 2.D) describing the business conducted shall be submitted to the President within 30 days after completion of travel. The report shall summarize the nature of the business conducted and contain such recommendations as appropriate. If travel is by two or more legislators or employees, each may file a separate report. Two or more may join in filing a single report.

Sec. 1.11. Maximum allowance; defined.

For the purposes of this title, "maximum allowance" means the maximum allowance for intrastate, interstate, or international travel as provided by statute.

Chapter 2. Transportation

Sec. 2.1. Scope of chapter.

This chapter is concerned with the mode and class of transportation, other than the use of a personally owned automobile. Provisions with respect to the use of a personally owned automobile are contained in chapter 4 of this title. All costs of transportation reasonably and necessarily incurred in the conduct of official legislative business is payable by the Senate, except the cost of transportation incurred in traveling to and from the State capitol during the period that the Senate is in session. The exception does not apply when the Senate is in recess for more than three days.

Sec. 2.2. Routing.

Travel itinerary shall be by the most direct and convenient route to the destination and return. Any additional cost incurred in deviating from the most direct and convenient route shall be borne by the legislator or employee concerned.

Sec. 2.3. Air transportation.

Except in case of travel between points on any island in the State, travel between any two points shall be by a regularly scheduled commercial airline whenever it is available and its use is feasible and appropriate. Air travel shall be by the most economical class and airline available, unless otherwise authorized by the President. If at any time before or during the travel the legislator or employee alters his or her mode or class of travel to a more economical mode or class the Senate shall be refunded the difference in the fares; provided that if the change results in an overall savings to the Senate, then the Senator or employee shall be reimbursed for any change fee cost incurred.

Sec. 2.4. Ground transportation.

Travel on any of the islands within the State, at a point of destination out-of-state, and between points of destination out-of-state when not serviced by a regularly scheduled commercial airline or when otherwise appropriate may be by limousine, taxi, train, car rental, bus, personal automobile, or any other suitable means. To the extent feasible, the most economical means shall be used.

Sec. 2.5. Arrangements for transportation.

Whenever feasible, all arrangements for transportation to and from a destination point and between destination points shall be approved by the President prior to departure and the costs of such transportation paid by the Senate directly to the vendor. Whenever feasible, all arrangements for car rentals shall also be approved in advance by the President and if travel is within the State the costs of such rentals paid by the Senate directly to the vendor.

Chapter 3. Per Diem Allowance

Sec. 3.1. Scope of chapter.

The costs of meals, lodging, ground transportation, and other necessary personal travel expenses are payable by the Senate through a per diem allowance or direct reimbursement to the legislator or employee. Sections 24-3 to 24-5, HRS, provide the statutory basis for the payment of the per diem allowance to legislators. Section 22-4, HRS, provides the statutory basis for the payment of the per diem allowance to Senate employees. This chapter delineates how the statutory provisions are to be implemented.

Sec. 3.2. Per diem computation.

Whenever in this chapter a maximum per diem allowance is specified, the maximum amount, together with any excess lodging costs, is the limit of the allowance. The maximum amount is payable only for any day involving an overnight stay at the point of destination. An overnight stay on any given day is permissible only if:

- (1) Official legislative business concludes at such an hour when transportation back on that day to the point of origin is unavailable or infeasible;
- (2) Official legislative business is to continue or another official legislative business is to be conducted at the same destination on the following day and it is more feasible or economical to remain overnight at the destination than to return to the point of origin and to embark on another travel to the destination on the following day;
- (3) Travel to and an overnight stay at the destination on that day is necessary because the conduct of official legislative business is scheduled for the following morning at an hour which makes transportation in the morning to the point of destination unavailable or infeasible; or
- (4) The point of destination constitutes one of two or more destination points in an approved, planned itinerary and it is more economical to stay overnight at the destination point than to return to the point of origin and embark on another travel on a subsequent day.

A per diem allowance is payable for every day included in the travel from the day of departure to the day of return, including those days when no official legislative business is involved, except that no per diem allowance is payable in case of travel intra-state on the day of return to the point of origin when no official legislative business is conducted. For the purposes of this chapter, "day" means a twenty-four hour period commencing at 6:00 am.

Sec. 3.3. Multiple official legislative business.

Whenever on a single day two or more items of official legislative business are conducted for each of which a different per diem allowance is provided in this chapter, only that per diem allowance which is the greatest of the several allowances is payable.

Sec. 3.4. Senator's per diem allowance intrastate during session.

A member of the legislature whose legal residence is on an island other than Oahu shall receive an additional allowance as provided by statute. A member of the legislature whose legal residence is on the island of Oahu and who is required to remain away from both the island of the legislator's legal residence and the island of Oahu but within the State overnight or longer while on official legislative business during a session and when authorized by the President of the Senate, shall receive an allowance equal to the maximum allowance for such expenses payable to any public officer or employee, which amount is to cover all personal expenses such as board, lodging, and incidental expenses but not travel expenses. This allowance shall be in addition to the allowance which the Senator may be entitled to receive under Sec. 1.4. of Title 1, except that the Senator shall not be entitled to this allowance while in attendance at a session of the legislature on Oahu.

Sec. 3.5. Senator's per diem allowance intrastate during off session or during an extended recess.

During the interim between sessions and during a session recess of more than three days, while conducting official legislative business within the State and when authorized by the President of the Senate, the per diem allowance payable to a Senator is \$10 if the official legislative business is conducted on the island of the Senator's residence; provided that the payment of the \$10 per diem shall only be authorized by the President of the Senate for officially noticed meetings with a duration of longer than one hour in length; provided further that for the purposes of this sentence, "officially noticed meeting" means a meeting that falls under the definition of "official legislative business" as defined under chapter 1 of this title. If the official legislative business is conducted on an island other than the island of the Senator's residence and when authorized by the President of the Senate, the Senator shall be entitled to receive a per diem allowance equal to the maximum allowance for such expenses payable to any public officer or employee.

In the case of a meeting of a legislative committee the chair shall take attendance of Senators who are present for at least one hour. Senators who remain at a legislative committee meeting for at least one hour shall be entitled to the \$10 per diem. If a Senator attends to official legislative business that is a meeting other than a legislative committee meeting, the Senator shall certify the Senator's own attendance. In each case, attendance shall be certified on the Senate Interim/Extended Recess Per Diem Attendance Form (exhibit 2.E).

Sec. 3.6. Senator's per diem allowance out-of-state.

At any time during session or during the interim between sessions or during any session recess, while conducting official legislative business out-of-state and when authorized by the President of the Senate, the Senator shall be entitled to receive a per diem allowance equal to the maximum allowance for such expenses payable to any public officer or employee. For a per diem allowance associated with a Senator's interstate trip, these costs shall be paid by the Senate and charged against the individual Senator's annual allowance established under section 24-1, Hawaii Revised Statutes, and title 1, chapter 1, section 1.3.

Sec. 3.7. Employee's per diem allowance.

At any time during session or during the interim between sessions or during any session recess, while conducting official legislative business within or without the State, other than on the island of the employee's residence and when authorized by the President of the Senate, the employee shall receive a per diem allowance equal to the maximum allowance for such expenses payable to any public officer or employee. No per diem allowance is payable for legislative business conducted on the employee's island of residence.

Sec. 3.8. Overnight stay on island of residence.

Whenever a Senator or employee, while conducting official legislative business on the island of Senator's or employee's residence, stays overnight at the point of destination, the President may approve the payment for the actual cost of lodging and meals incurred by the Senator or employee, in an amount not to exceed the maximum allowance for such expenses payable to any public officer or employee, provided that the Senator's or employee's stay overnight is necessitated by the exigencies of the business conducted or is unavoidable due to the distance between the Senator's or employee's home and the destination point and the lateness of the hour at which the business concludes. In the case that the President is requesting payment under this section, the approval of the payment shall fall upon the Vice-President.

Sec. 3.9. Lodging policy while on official legislative business.

Lodging while on official legislative business shall be of a reasonable class, unless otherwise authorized by the President.

Sec. 3.10. Reimbursement for excess lodging expenses.

Whenever a Senator's or an employee's commercial lodging cost exceeds the applicable lodging allowance, the Senator or employee, shall be entitled to an additional amount added to the Senator's or employee's, per diem. This amount shall be equal to the difference of the actual daily cost of commercial lodging and the applicable allowance provided herein, multiplied by the number of days spent on commercial lodging. Unless otherwise waived by the Senate President, a request for commercial lodging expenses in excess of the lodging allowance shall be made in advance of the Senator's or employee's, trip. The daily allowance for commercial lodging shall be equal to the maximum allowance for such expenses payable to any public officer or employee. For excess lodging costs associated with a Senator's interstate trip (travel expenses, registration costs, per diem etc.), these costs shall be paid by the Senate and charged against the individual Senator's annual allowance established under section 24-1, Hawaii Revised Statutes, and title 1, chapter 1, section 1.3.

Chapter 4. Mileage Reimbursement

Sec. 4.1. Scope of chapter.

Senators and employees are frequently required to utilize their personal automobiles to conduct official legislative business or discharge their duties. This chapter prescribes the conditions under which Senators and employees may claim a mileage reimbursement for using their personal automobiles to conduct official legislative business or discharge their duties.

Sec. 4.2. "Personal automobile" defined.

The term, "personal automobile," means a vehicle owned or leased by a Senator or an employee, for the Senator's or employee's personal use. "Personal automobile" does not include a rented vehicle, taxi, or limousine.

Sec. 4.3. Entitlement to mileage reimbursement.

A Senator or employee may make a claim for mileage reimbursement from the Senate for the reasonable and necessary use of a personal automobile in the conduct of official legislative business or discharge of duties; provided that each of the following criteria are met:

- (1) There is a business connection to the travel and the expense is reasonable;
- (2) There is a reasonable accounting for the expenses; and
- (3) All excess reimbursements are repaid to the Senate within 120 days after the expense was paid or incurred by the Senator or employee.

In determining if a sufficient business connection to exists, an all facts and circumstances test is used to determine if travel is primarily for business or personal. Treas. Reg. section 1.162-2 states that the amount of time during the period of the trip which is spent on personal activity compared to the amount of time spent on activities directly relating to the taxpayer's trade or business is an important factor in determining whether the trip is primarily personal.

A reasonable accounting is met by the Senator or employee completing and submitting an accurate Mileage Log (exhibit 2.F) along with their claim for reimbursement.

Additional policies and procedures for the reimbursement of mileage costs incurred for official legislative business may be established by the Senate President in accordance with the applicable Internal Revenue Code and Treasury Regulations.

Sec. 4.4. State legislator election under section 126(h) of the Internal Revenue Code.

State legislators who live over 50 miles from the capitol may make an election under IRC section 126(h), that allows the member to make their district residence their tax home, rather than following the requirements under section 162 of the Internal Revenue Code, which requires that a state legislator's tax home is where they conduct their trade or business as a legislator, i.e. the capitol.

If the election is made and filed with the Senate, then the members will have a tax home located where their district residence is located. Thus, under a properly claimed election, a member who lives away from their district residence on legislative days will be allowed to receive mileage reimbursements without tax consequences for the miles from their non-district residence to the capitol and back to their non-district residence on legislative days. The election, if made, is for the taxable year.

To make the election, the member must submit the election in writing to the Senate. The written election shall state that the member is making an election for state legislators to have their district residence be their tax home rather than the capitol pursuant to section 126(h) of the Internal Revenue Code. The member shall state the taxable year that the election is applicable to and sign and date the written election.

Sec. 4.5. Mileage reimbursement disallowed.

No mileage reimbursement claim shall be allowed to a Senator or employee for the following uses of a personal automobile:

- (1) By a Senator or employee in driving between the Senator's or employee's place of abode (permanent or temporary) and the State Capitol, unless the member makes a proper election under section 126(h) of the Internal Revenue Code; or

- (2) By a Senator or employee in discharging any duty unrelated to the business of the Senate as a whole or of a Senate committee.

Sec. 4.6. Authorization to use personal automobile.

No claim for mileage reimbursement for the use of a personal automobile in the conduct of official legislative business or in the discharge of duties is allowed, unless the use of such personal automobile has first been approved by the President. If the use of a personal automobile is for the purpose of conducting official legislative business, the contemplated use of the automobile shall be included in the travel itinerary submitted on the Mileage Log. (exhibit 2.F)

Sec. 4.7. Reimbursement amount.

Reimbursement for the use of a personal automobile is on a mileage basis. The rate of reimbursement to a Senator or employee shall be equal to the maximum rate payable under the current federal mileage rate, as published by the Internal Revenue Service. For miles on or after July 1, 2008, through December 31, 2008, the reimbursement rate is 58.5 cents per mile. For miles on or after January 1, 2009, the reimbursement rate is 55 cents per mile.

Sec. 4.8. Claim filing.

All claims for reimbursement shall be filed on the Personal Automobile Mileage Voucher. In addition, each claim for mileage reimbursement shall be accompanied by a completed Mileage Log, stating the date, time, and destination of the travel, along with the business purpose and miles traveled. If the use of the personal automobile had been authorized in writing prior to its actual use, the form shall be submitted directly to the Senate accountant for settlement and payment. In all other cases, the form shall first be submitted for approval to the President before routing to the Senate accountant.

TITLE 4.

PAYMENTS AND RECEIPTS

This title establishes the policies and procedures governing the payment of Senate obligations and the deposit of Senate receipts. It covers all activities associated with the various types of payments; i.e., vendor, petty cash, payroll and allowances, and depositing of receipts.

Chapter 1. Payment to Vendors

Sec. 1.1. Scope of chapter.

This chapter prescribes the controls and procedures to be followed in making payments to vendors.

Sec. 1.2. General control of warrants.

To facilitate accountability, Senate warrants (or checks, as the case may be) shall be prenumbered at the time of printing. Unissued warrants are to be adequately safeguarded, and spoiled warrants are to be marked "VOID" and properly accounted for by the Accountant.

Sec. 1.3. Preparation of warrants and remittance advice.

Warrants in payment of vendors' invoices are to be prepared by the Accountant and mailed within 30 days after receipt of invoices from the vendors, provided that the terms of purchase have been satisfied. The warrants prepared are to be listed on the form, "Remittance Advice" (exhibit 4.A) which is to be prepared in triplicate. The remittance advice serves as a record of all warrants prepared and issued by the Senate. It is also used to inform certain State agencies of the authorized warrants issued by the Senate.

Sec. 1.4. Review and approval for payment.

The Clerk shall be responsible for reviewing the warrants, remittance advice, and the documents supporting the expenditures. In conducting this review, the Clerk shall (a) ascertain that all warrants presented for review are listed on the remittance advice; (b) ascertain that the warrants are properly substantiated by supporting documents, i.e., purchase orders, vendors' invoices, and delivery documents; and (c) account for the sequential numbering of the warrants presented for review. Upon satisfactory completion of the above review, the remittance advice shall be approved by the Clerk.

Sec. 1.5. Signing of warrants.

The President or the Vice President and the Clerk are the persons authorized to sign warrants. A facsimile signature machine may be used to affix the authorized signature on the warrants. Warrants are to be processed for signature after the remittance advice has been approved by the Clerk. Access to the facsimile signature machine shall be limited to the Clerk or such employee as the Clerk may designate, except that such designee shall not be the Accountant. The facsimile signature plate, when not in use, shall be removed from the machine and kept under lock and key. A log on the use of the facsimile signature machine shall be maintained. The Accountant shall periodically reconcile the total warrants signed and issued as shown by the Accountant's records with the total number of warrants processed as shown by the facsimile signature machine log.

After the signing of warrants, the Clerk shall ensure that all supporting documents are cancelled with a paid date stamp or other similar markings. The approved remittance advice, cancelled supporting documents, and signed warrants shall be routed to the Accountant for disposition

Sec. 1.6. Mailing of warrants and distribution of remittance advice.

The Accountant shall prepare the warrants for mailing and deliver the envelopes to the mailroom for mailing by the Sergeant-at-Arms. The three copies of the remittance advice shall be distributed by the Accountant as follows: the first copy to the State Department of Accounting and General Services for the recording of the Senate disbursements in the statewide accounts; the second copy to the State Department of Budget and Finance to be used as the basis for honoring warrants issued by the Senate against the State treasury; and the last copy is to be retained by the Accountant for the Accountant's files.

Sec. 1.7. Outstanding warrants.

Warrants outstanding for more than 90 days shall be investigated by the Accountant. After diligent efforts are made to contact the payees, the Accountant shall be relieved from further investigation of warrants which continue to be outstanding for more than 180 days. When new warrants are issued to replace the old outstanding warrants, the State Department of Accounting and General Services and the Department of Budget and Finance are to be notified of such actions.

Chapter 2. Payroll

Sec. 2.1. Scope of chapter.

This chapter outlines the controls and procedures governing the payroll of legislators, permanent employees, and temporary employees.

Sec. 2.2. "Permanent employee" and "temporary employee" defined.

Permanent employees" are employees who are expected to be employed throughout the year and for an indefinite period, and who qualify for all benefits afforded regular State employees. "Temporary employees" are employees hired on a temporary basis, i.e., employees who are not expected to be employed throughout the year but are employed only for a limited period such as during legislative sessions, and who do not qualify for the benefits afforded regular State employees. All employees serve at the pleasure of the Senate.

Sec. 2.3. Payroll of legislators and permanent employees.

The following provisions shall govern the payroll of legislators and permanent employees:

- (1) Pay period. All legislators and employees shall be on a payroll lag. Permanent employees and legislators shall be paid their monthly salary in two equal installments. The first installment is payable on the 5th and the second installment is payable on the 20th day of each month of service.

State Form SF-5, "Notification of Personnel Action," shall be used for initiating and authorizing personnel actions affecting the payroll of legislators and permanent employees. Personnel actions include the initial placement of the name on the payroll, changes in the rate of pay, and the discontinuance of pay because of termination of employment. The SF-5 shall be prepared by the Accountant and signed by the Clerk for personnel actions affecting legislators or by the appointing authority for personnel actions affecting permanent employees. Placement of the name on the payroll, and changes in the rate of pay must first be approved by the President. The certification of the State Director of Personnel Services as noted on the SF-5 need not be obtained. Distribution of the SF-5 shall be in accordance with the State accounting manual.

- (3) Services of DAGS. Sec. 3.1. Public use.

The Senate may make available the use of copying machines to individuals testifying at Senate committee hearings. The use of copying machines shall be limited to persons who would face an unreasonable financial burden should they assume the cost of duplicating the required number of copies of testimonies requested by the Senate committees. Regulations covering public usage of copying machines may be established by the Senate President.

Chapter 4. Conference Rooms

Sec. 4.1. Assignment of conference rooms.

Assignment and use of conference room facilities at the State Capitol shall be limited to legislators, legislative, executive, and judicial departments or agencies; state and county agencies; and individuals or organizations involved with matters pertaining to state and county government. Legislative committee work has first priority for the use of legislative conference rooms during the legislative session.

Conference rooms shall be assigned by the Senate President or the Senate President's assigned designee. A "Senate Conference Room and Chamber Request Form" (Exhibits 9.A and 9.B) must be submitted to request use of conference room facilities.

The Sergeant-at-Arms shall be responsible for monitoring the proper use of these facilities. All users shall abide by the "Senate Conference Room User Guidelines" (Exhibit 9.C).

TITLE 10. HARASSMENT POLICY

This title establishes the policies and procedures governing the prohibition of harassment in the workplace.

Chapter 1. Harassment Policy

Sec. 1.1. Policy.

It shall be the policy of the Hawaii State Senate to:

- (1) Ensure that all members and employees serve in a workplace devoid of harassment and are treated with dignity and respect;
- (2) Establish a procedure that will handle all complaints of harassment in a confidential, proper, thorough, and respectful manner; and
- (3) Provide for disciplinary action for any violations of the Senate's harassment policy.

Sec. 1.2. Duties and Responsibilities.

It shall be the duty of every member and employee of the Senate to:

- (1) Treat one another with dignity and respect;
- (2) Ensure that harassment does not occur in the Senate;
- (3) Avoid any activities in the workplace which could be construed as harassment;
- (4) Affirmatively discourage harassment through communication, education, and training;
- (5) Report incidents of harassment promptly, treat each reported incident in a dignified and respectful manner, and take corrective or disciplinary action, or both, when appropriate; and
- (6) Prevent reprisals or retaliation against any member or employee who reports any incident of harassment.

Sec. 1.3. Definitions.

- (1) Harassment Defined. Harassment is defined as conduct which:
 - (a) Is unwelcome by the person to whom it is directed;
 - (b) Unreasonable interferes with the performance of elected or job duties of the person; or
 - (c) Creates a hostile, intimidating, or offensive work environment.

Harassment on the basis of race, gender, sexual orientation, age, religion, color, ancestry, disability, marital status, or arrest or court record is a form of misconduct which undermines the work environment. Such harassment is a violation of Title VII of the federal Civil Rights Act or Chapter 378, Hawaii Revised Statutes, or both.

- (2) Sexual Harassment Defined. Sexual harassment, in particular, has become the focus of much discussion and is a violation of federal and state law. Title VII of the federal Civil Rights Act and Chapter 378, Hawaii Revised Statutes, specifically prohibit employment discrimination based on sex. Sexual harassment is a form of sex discrimination. Sexual harassment is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature.

The following behaviors consist of sexual harassment:

- A. Submission to the conduct is made either implicitly or explicitly a term or condition of employment.
- B. Submission to or rejection of the conduct by an individual is used as the basis for employment decisions affecting the individual.
A and B are examples of quid pro quo forms of sexual harassment. Quid pro quo is a situation where the employee is asked for sexual favors in return for something given the member or employee.
- C. The conduct has the purpose or effect of unreasonably interfering with the individual's work performance or creating an intimidating, hostile, or offensive work environment.

C is an example of a hostile work environment.

- (3) Harassment can occur between Senate members and staff members, as well as between supervisors and subordinates of the Senate, or vendors or lobbyists.

Harassment takes many forms. It includes, but is not limited to, the following types of behaviors: (A) offensive nonverbal behavior such as leering, making obscene gestures or suggestive or insulting sounds with or without implied or expressed employment related consequences; (2) verbal threats, insults, repeated suggestive or derogative comments, or sexist, racist, or other remarks about a person or the person's body, clothing, sexual, or other activities; or (3) physical behavior including patting, pinching, or unnecessary touching.

Sec. 1.4. Resolution process for harassment complaints.

An employee who feels victimized by any form of harassment may complain directly to the offender (verbally or in writing) about the action of harassment. If an employee does not wish to complain directly to the offender, or if the harassment continues even after a direct complaint, the employee may:

- (1) Complain to the employee's immediate supervisor;
- (2) Complain to a higher level supervisor, if the immediate supervisor is the offending person or to the President of the Senate or the Affirmative Action Officer designated by the President; or
- (3) Take action through the Hawaii Civil Rights Commission or go to court.

All harassment complaints shall be investigated promptly and in a confidential manner.

If a legislator or supervisor has reason to believe or has been provided information that an incident of harassment or potential harassment has occurred, the legislator or supervisor shall immediately report any incident of harassment or potential harassment to the President or the Affirmative Action Officer. It is not for a legislator or supervisor to determine the validity or veracity of the incident or potential incident of harassment prior to reporting of said incident. Upon notification of a harassment complaint, either directly or indirectly, the President of the Senate or the Affirmative Action Officer shall immediately begin the investigation. If a complaint is found to be valid, the President or the Affirmative Action Officer shall take the appropriate corrective action to discipline the offender, and to prevent recurrence of the harassment. Corrective action may range from informal counseling to termination of employment. Senate

members shall be subject to the procedures and punishments outlined in the Rules of the Senate, Part IX, Rule 72.

Sec. 1.5. Other remedies not precluded.

No disciplinary action taken by the Senate shall preclude the aggrieved employee or member from seeking other remedies.

TITLE 11. ETHICS CODE

This title establishes a code of conduct for all Senators that complements the standard of conduct for all State officers and employees as set forth in the Hawaii State Ethics Code, Chapter 84, Hawaii Revised Statutes.

Chapter 1. Ethics Code

Sec. 1.1. Findings and declarations; purpose of code.

It is essential to the proper operation of democratic government that members of the Senate be independent and impartial; that governmental decisions and policy be made in the proper channels of the governmental structure; that public office not be used for private gain other than the remuneration provided by law; and that there be public confidence in the integrity of government. The attainment of one or more of these ends is impaired whenever there exists a conflict between the private interests of a member and the member's duties as such.

It is also essential to the proper operation of government that those best qualified be encouraged to serve the government. Accordingly, ethical safeguards against conflicts of interest must be so designed as not unnecessarily or unreasonably to impede the recruitment and retention by the government of those men and women who are best qualified to serve it.

The Senate Ethics Code shall be liberally construed to effectuate its intent and purpose.

Sec. 1.2. Gifts.

No Senator shall solicit, accept, or receive, directly or indirectly, any gift, whether in the form of money, service, loan, travel, entertainment, hospitality, thing or promise, or in any other form, under circumstances in which it can reasonably be inferred that the gift is intended to influence the Senator in the performance of the Senator's official duties or is intended as a reward for any official action on the Senator's part.

Every Senator shall file a gifts disclosure statement with the state ethics commission on June 30 of each year if all the following conditions are met:

- (1) The Senator or spouse or dependent child of the Senator, received directly or indirectly from one source any gift or gifts valued singly or in the aggregate in excess of \$200, whether the gift is in the form of money, service, goods, or in any other form;
- (2) The source of the gift or gifts has interests that may be affected by official action or lack of action by the Senator; and
- (3) The gift is not exempted from reporting requirements.

The statement shall cover the period from June 1 of the preceding calendar year through June 1 of the year of the report.

The gifts disclosure statement shall contain the following information:

- (1) A description of the gift;
- (2) A good-faith estimate of the value of the gift;
- (3) The date the gift was received; and
- (4) The name of the person, business entity, or organization from whom, or on behalf of whom, the gift was received.

Excluded from the reporting requirements of this section are the following:

- (1) Gifts received by will or intestate succession;
- (2) Gifts received by way of distribution of any inter vivos or testamentary trust established by a spouse or ancestor;
- (3) Gifts from a spouse, fiancé, fiancée, any relative within four degrees of consanguinity, or the spouse, fiancé, or fiancée of such relative. A gift from any such person is a reportable gift if the person is acting as an agent or intermediary for any person not covered by this paragraph;
- (4) Political campaign contributions that comply with state law;
- (5) Anything available to or distributed to the public generally without regard to the official status of the recipient;
- (6) Gifts that, within thirty days after receipt, are returned to the giver or delivered to a public body or to a bona fide educational or charitable organization without the donation being claimed as a charitable contribution for tax purposes; and
- (7) Exchanges of approximately equal value on holidays, birthdays or special occasions.

Failure of a Senator to file a gifts disclosure statement as required by this section shall be a violation of this code.

Sec. 1.3. Gifts received on behalf of the Senate.

Any nonperishable gift received by the President of the Senate or the President's designee on behalf of the Senate that is not subject to sections 84-11 and 84-11.5, Hawaii Revised Statutes, shall be immediately reported to the Clerk who shall promptly record the gift as property of the Senate. The gift may be kept by the Senate for an appropriate period of time and, upon the expiration of the time period, either be permanently placed on the inventory of the Senate or subsequently remitted to the State Archives or State Foundation on Culture and the Arts, as appropriate. For the purposes of this section "appropriate period of time" means a period of time that is either:

- (1) Appropriate and necessary to display a gift in a manner that is deemed by the receiving Senator to be respectful to the giver; or
- (2) The end of the receiving Senator's term of office as a Senator, whichever is shorter.

Sec. 1.4. Nepotism.

A Senator or employing staff member may not appoint, employ, promote, advance or advocate for appointment, employment, promotion, or advancement in or to a position in the Senate any individual who is a close relative of the Senator or employing staff member.

"Close relative" means:

- (1) A father, mother, son, daughter, brother, sister, husband, wife, father-in-law, mother-in-law, son-in-law, daughter-in-law, or a dependent of the Senator or employing staff member;
- (2) A reciprocal beneficiary, as that term is defined in section 572C-3, Hawaii Revised Statutes, of the Senator or employing staff member; or
- (3) A household member with whom a Senator or employing staff member has a special relationship that, at a minimum, includes an interdependent financial relationship.

"Employing staff member" means an employee of the Senate who has the authority to hire personnel and who is not a member of a Senator's personal staff.

"Special relationship" means a relationship that exists between a Senator or employing staff member and a Senator's or employing staff member's household member that, based on the nature of the relationship, would or could have the appearance of coloring the judgment of the Senator or employing staff member when hiring the household member as opposed to another applicant whose qualifications for a particular job description, when taken in the total context of employment, would be considered more qualified for the position.

The President may authorize the employment, when requested in writing, in the event of emergencies or special circumstances, of individuals whose employment would otherwise be prohibited by this section; provided that such exception shall be subject to the Hawaii State Ethics Code.

No relative, other than a close relative, shall be denied employment, promotion or advancement by reason of the individual's status as a relative.

All individuals employed or seeking employment in the Senate shall disclose in writing, to the Clerk, whether the individual is a relative of any Senator or employing staff member, and a description of the relationship to the Senator or employing staff member.

Whenever a Senator's or employing staff member's relative is hired by the Senate or any member of the Senate, the Clerk shall inform the Senator or employing staff member whose relative is hired and the Senator or employing staff member whose relative is hired shall give a written statement to the President, setting forth the name of the employee and the name of the Senator or employing staff member and description of the relationship.

Sec. 1.5. Staff hiring.

Senate employees are public servants, paid with State general funds. They are not paid to perform non-official, personal, or campaign duties on behalf of the Senator or anyone else.

A Senator, officer, or employee of the Senate shall not:

- (1) Discriminate on the basis of race, gender, sexual orientation, age, religion, color, national origin, ancestry, disability, marital status, or arrest and court record in hiring, pay, or working conditions;
- (2) Help or promise to help someone to gain a State job or benefit in return for a political contribution or anything else of value, or to coerce political activity; or prevent someone, or threaten to prevent someone, from gaining a State job or benefit to obtain a political contribution, anything else of value, or to coerce political activity.

Officers and employees of the Senate shall not be required:

- (1) To "kick back" a portion of their salaries to a Senator or any other person; or
- (2) To spend personal money to benefit a Senator or the operation of a Senator's office.

Sec. 1.6. Conflict of interest.

No Senator shall be prohibited or disqualified from introducing bills and resolutions, serving on committees or from making statements or taking action in the exercise of the Senator's legislative functions.

If a bill, resolution or any other matter for official action before the Senate or any of its committees has or may have a direct and favorable effect on any business or undertaking in which a Senator has a financial interest, the Senator shall make a full and complete disclosure of the nature and extent of the financial interest which the Senator believes may be affected by the Senator's action. Disclosure shall be made in writing to the President no later than twenty-four hours before action is to be taken; provided that this disclosure shall be in addition to the financial disclosure requirements of the Hawaii State Ethics Code.

If the Senator makes a disclosure of the Senator's financial interest, the Senator shall not be disqualified from taking official action on the bill, resolution or other matter. If the President determines, or if the voluntary disclosure of the Senator shows conclusively, that the Senator has a substantial financial interest in the matter, the Senator may be disqualified from taking any official action on the bill, resolution or other matter by the President.

The term "financial interest" shall mean an ownership interest in a business, a creditor interest in an insolvent business, an employment, or prospective employment for which negotiations have begun, an ownership interest in real or personal property, a loan or other debtor interest or a directorship or officer ship in a business.

If any provision of this section conflicts with the Rules of the Senate, the Rules of the Senate shall prevail.

Sec. 1.7. Violations of law.

If an indictment, complaint, or oral charge is brought by law enforcement authorities against a Senator for a felony or a misdemeanor, it shall be presumed that a notice of the charge has been given to the President of the Senate and the member being charged under Rule 72 of the Senate Rules.
