
A BILL FOR AN ACT

RELATING TO OCEAN SAFETY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that increased
2 recreational and commercial activities in Hawaii's nearshore
3 waters have led to safety concerns and, in some cases, tragic
4 results. According to the department of land and natural
5 resources, there were at least four accidents involving swimmers
6 and divers being struck by boats in 2011. In December 2011, a
7 man died after being struck by a boat in waters off of Hanakoo
8 beach park on the island of Maui.

9 Many nearshore areas statewide are popular attractions for
10 multiple ocean activities. The legislature finds that one such
11 area is Kamaole beach on the island of Maui. The amount of
12 growth on Maui has resulted in an overabundance of ocean and
13 beach visitors, and the legislature finds that there is a
14 compelling need to provide safe and suitable areas for residents
15 and visitors to enjoy the water.

16 The legislature finds that adopting and enforcing stricter
17 rules and regulations that protect ocean users and installing
18 safety features such as swim zone buoys to clearly delineate

1 areas reserved for differing uses will ensure greater ocean
2 safety in highly populated areas of the State.

3 The purpose of this Act is to improve ocean safety by:

4 (1) Requiring the department of land and natural resources
5 to adopt rules imposing stricter regulations for the
6 safety of ocean users; and

7 (2) Appropriating funds for swim zone buoys at Kamaole
8 beach.

9 SECTION 2. Chapter 200, Hawaii Revised Statutes, is
10 amended by adding a new section to be appropriately designated
11 and to read as follows:

12 "§200- Safety of ocean users; rules. The department
13 shall adopt rules to promote greater safety of ocean users in
14 the State's nearshore waters. The rules shall include but not
15 be limited to the creation of safe zones for free divers and
16 swimmers and stricter enforcement of boating regulations around
17 swim zone buoys."

18 SECTION 3. The legislature finds that eight swim zone
19 buoys are needed at the following coordinates to increase the
20 safety of ocean users:

21 (1) Buoy 1: N 20° 42.623, W 156° 26.836;

22 (2) Buoy 2: N 20° 42.736, W 156° 26.863;

- 1 (3) Buoy 3: N 20° 42.836, W 156° 26.888;
2 (4) Buoy 4: N 20° 42.984, W 156° 26.912;
3 (5) Buoy 5: N 20° 43.120, W 156° 26.934;
4 (6) Buoy 6: N 20° 43.237, W 156° 26.962;
5 (7) Buoy 7: N 20° 43.410, W 156° 27.019; and
6 (8) Buoy 8: N 20° 43.498, W 156° 27.043.

7 SECTION 4. There is appropriated out of the general
8 revenues of the State of Hawaii the sum of \$ or so
9 much thereof as may be necessary for fiscal year 2012-2013 for
10 the installation of eight swim zone buoys at Kamaole beach at
11 the coordinates specified in section 3 of this Act for the
12 purpose of increasing the safety of ocean users.

13 The sum appropriated shall be expended by the department of
14 land and natural resources for the purposes of this Act.

15 SECTION 5. The department shall report to the legislature
16 on the status of rulemaking pursuant to section 2 of this Act
17 and any other measures taken to promote the safety of ocean and
18 beach users in the State's nearshore waters, no later than
19 twenty days prior to the convening of the 2013 regular session.

20 SECTION 6. New statutory material is underscored.

21 SECTION 7. This Act shall take effect on July 1, 2012.
