
A BILL FOR AN ACT

RELATING TO THE PACIFIC INTERNATIONAL SPACE CENTER FOR
EXPLORATION SYSTEMS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the Pacific
2 international space center for exploration systems, including
3 its proposed aerospace technology research and development park
4 project, is an economic driver for the island of Hawaii that
5 promotes the establishment and growth of new sustainable and
6 green industries along with associated jobs, workforce
7 development, internships, and science, technology, engineering,
8 and math education programs. The legislature also finds that
9 the Pacific international space center for exploration systems
10 aerospace technology research and development park project will
11 attract investment that will help to leverage costs of expanding
12 the island of Hawaii's broadband capacity.

13 The legislature further finds there is a continued need for
14 the Pacific international space center for exploration systems
15 to work closely with the University of Hawaii, but also
16 recognizes the center's need for the flexibility to make swift
17 and independent decisions and take actions in the rapidly

1 evolving aerospace sector to keep Hawaii competitive and
2 attractive to industry partners. Therefore, a transfer of
3 positions from the University of Hawaii to the department of
4 business, economic development, and tourism is needed. This is
5 especially critical with the recent emergence of private
6 commercial space access and a resurgence of global space
7 initiatives. Supporting these initiatives will involve
8 significant private sector investment in the development,
9 testing, and evaluation of robotics, broadband, energy
10 production, energy storage, recycling, and other innovative
11 technologies that can have immediate application for the Hawaii
12 economy and the general well-being of the State.

13 The purpose of this Act is to transfer the Pacific
14 international space center for exploration systems from the
15 University of Hawaii to the department of business, economic
16 development, and tourism.

17 SECTION 2. Chapter 201, Hawaii Revised Statutes, is
18 amended by adding to part V a new subpart to be appropriately
19 designated and to read as follows:
