
HOUSE CONCURRENT RESOLUTION

REQUESTING THE ESTABLISHMENT OF A TASK FORCE TO EXAMINE STATE
REGULATION OF THE HARVESTING OF HAWAIIAN SANDALWOOD.

1 WHEREAS, an unsubstantiated concern has been raised
2 regarding a steady decline of all native sandalwood species in
3 Hawaii; and

4
5 WHEREAS, any decline has historically been caused by non-
6 native mammals, insects, fire, and diseases that limit
7 regeneration and growth of existing trees; and

8
9 WHEREAS, while protection of native sandalwood species is
10 afforded on state lands and within the state conservation
11 district, there is no regulation or oversight on the harvest,
12 sale, or destruction of native sandalwood species on privately
13 owned or managed lands, including conservation districts; and

14
15 WHEREAS, the commercial harvesting of native sandalwood is
16 a promising new industry in the State that will provide many new
17 jobs and increase exports; and

18
19 WHEREAS, in October 2012, the International Sandalwood
20 Symposium 2012 will be held at the University of Hawaii at Manoa
21 where stakeholders, experts, students, and members of the public
22 with interests in the international sandalwood industry will
23 discuss scientific research, conservation, ethnobotany,
24 commercialization, and other aspects of sandalwood species and
25 resources; and

26
27 WHEREAS, state regulation of the harvesting of Hawaiian
28 sandalwood has been suggested as a means to promote native
29 sandalwood species; and

30
31 WHEREAS, any system of regulating the harvesting of
32 Hawaiian sandalwood should consider the findings and

1 recommendations of the International Sandalwood Symposium 2012,
2 as well as input from experts in relevant scientific fields,
3 foresters, government agencies, landowners, and stakeholders;
4 now, therefore,
