
HOUSE RESOLUTION

REQUESTING THE DEPARTMENT OF EDUCATION TO CONDUCT RESEARCH ON
THE CORRELATION BETWEEN CHILDREN WHO ARE LATE-BORN AND THE
HIGH SCHOOL DROP OUT RATE.

1 WHEREAS, research shows that the first five years of a
2 child's life contain crucial physical, mental, and social
3 developmental milestones that have life-long effects; and
4

5 WHEREAS, late-born children, defined as those born after
6 August 1, are younger when enrolling in kindergarten and then
7 grouped with older children born in the same year; and
8

9 WHEREAS, late-born children may not be as developed as
10 their older counterparts when beginning kindergarten and,
11 accordingly, may not perform as well in school as their older
12 counterparts; and
13

14 WHEREAS, lower academic performance may affect the self-
15 esteem of late-born children, which in turn may lead to higher
16 drop out rates for late-born children; now, therefore,
17

18 BE IT RESOLVED by the House of Representatives of the
19 Twenty-sixth Legislature of the State of Hawaii, Regular Session
20 of 2012, that the Department of Education is requested to
21 conduct research on the correlation between children who are
22 late-born and the high school drop out rate; and
23

24 BE IT FURTHER RESOLVED that the report on the research
25 conducted include both the raw numbers and percentages of school
26 drop outs by month born, quarter of the year born, gender,
27 socio-economic status, ethnicity, special needs, and school
28 complex area; and

H.R. NO. 43

1 BE IT FURTHER RESOLVED that the Department of Education is
2 requested to submit a report of its findings and recommendations
3 to the Legislature no later than 20 days prior to the convening
4 of the Regular Session of 2013; and

5
6 BE IT FURTHER RESOLVED that a certified copy of this
7 Resolution be transmitted to the Superintendent of Education.
