

FEB - 7 2012

SENATE RESOLUTION

REQUESTING THE DEPARTMENT OF EDUCATION AND BOARD OF EDUCATION TO
INSTITUTE A GREEN HAWAII PROGRAM WITHIN THE PUBLIC SCHOOL
SYSTEM.

1 WHEREAS, caring for the environment can give youth a sense
2 of responsibility for those around them and for the good of the
3 community overall; and
4

5 WHEREAS, a heightened sense of one's civic duties promotes
6 the greater well-being and spirit of cooperation in solving
7 common problems and mutual undertakings within their community;
8 and
9

10 WHEREAS, one of the ways youth can learn civic awareness is
11 through "green projects" which are tasks that promote malama
12 'aina (caring for the land); and
13

14 WHEREAS, these tasks are doable by children and youth alike
15 to foster patience and delayed gratification that results in a
16 sense of accomplishment when they see the fruits of their labor
17 benefit their community; and
18

19 WHEREAS, green projects teach other values such as
20 preservation and wise stewardship of natural resources, which
21 they will need as adults in order to manage or participate in
22 decisions and actions concerning their civic duties; and
23

24 WHEREAS, recycling plastic and aluminum containers cleans
25 up the area for aesthetic improvement and provides a small
26 source of income for other student projects and needs of the
27 schools; and
28

29 WHEREAS, grass and landscaping cuttings can be used as
30 mulch to cover the lawn to reduce irrigation demands and return
31 nutrients back to the soil on school property; and
32

33 WHEREAS, vermi-composting provides a safer source of
34 fertilizer for organic school gardens; and
35

1 WHEREAS, xeriscape designs incorporating the use of native
2 flora reduces irrigation demand and simultaneously conserves
3 precious freshwater resources; and
4

5 WHEREAS, organic gardening teaches children and youth that
6 food comes out of the ground, introduces them to the vital
7 agriculture industry as a career, and fosters a respect for
8 agricultural endeavors; and
9

10 WHEREAS, these projects in conservation and recycling can
11 also serve to help alleviate school budgets by reducing,
12 reusing, and conserving resources; raise funds for other student
13 projects; and teach students about budgeting in a demonstrable
14 way; now, therefore,
15

16 BE IT RESOLVED by the Senate of the Twenty-sixth
17 Legislature of the State of Hawaii, Regular Session of 2012,
18 that the Department of Education and Board of Education are
19 requested to establish a Green Hawaii program, requiring all
20 public schools, including charter schools, to perform at least
21 five "Green Hawaii" projects within each school year, beginning
22 with the school year 2015-2016; and
23

24 BE IT FURTHER RESOLVED that certified copies of this
25 Resolution be transmitted to the Superintendent of Education,
26 Board of Education, and the Hawaii State Student Council.
