

STAND. COM. REP. NO.

1495

Honolulu, Hawaii

APR 12 2013

RE: S.C.R. No. 122
S.D. 1

Honorable Donna Mercado Kim
President of the Senate
Twenty-Seventh State Legislature
Regular Session of 2013
State of Hawaii

Madam:

Your Committee on Ways and Means, to which was referred
S.C.R. No. 122, S.D. 1, entitled:

"SENATE CONCURRENT RESOLUTION REQUESTING THE DEPARTMENT OF
AGRICULTURE TO IMPLEMENT A SCHEDULE OF REDUCED IRRIGATION
WATER TOLL RATES AND CHARGES FOR THE ISLAND OF HAWAII AND
HAMAKUA DISTRICT THAT DIFFERENTIATES AMONG DIFFERENT
IRRIGATION SYSTEM AREAS AND AGRICULTURAL USERS TO PROMOTE THE
DEVELOPMENT AND EXPANSION OF HAWAII-GROWN AGRICULTURAL
COMMODITIES THROUGH INCREASED USE OF IRRIGATION WATER,"

begs leave to report as follows:

The purpose and intent of this measure is to promote the
development and expansion of Hawaii-grown agricultural commodities
through increased use of irrigation water.

Specifically, this measure requests the Department of
Agriculture to implement a schedule of reduced irrigation water
toll rates and charges for the island of Hawaii and Hamakua
district that differentiates among different irrigation system
areas and agricultural users for the growing of agricultural crops
and the production of livestock and poultry. The measure also
requests the Department of Agriculture to report to the
Legislature on the implementation of a system of reduced toll
rates for the island of Hawaii and Hamakua district no later than
twenty days prior to the convening of the Regular Session of 2014.

Your Committee received written comments in support of this measure from Barbed S Ranch, Hawaii Cattlemen's Council, Maui Cattlemen's Association, Ulupono Initiative, and two individuals.

Your Committee finds that the current water toll rates and charges do not take into account the levels and amounts of water that would be appropriate for the various irrigation systems on the island of Hawaii to promote increased agricultural, livestock, and poultry production, and do not make allowances for the different classes of users who use different amounts of water for agricultural production. Your Committee believes reduced and differentiated rates for water use on Hawaii island and the Hamakua district would assist in the growth and development of the local agricultural industry and result in more efficient use of water.

As affirmed by the record of votes of the members of your Committee on Ways and Means that is attached to this report, your Committee concurs with the intent and purpose of S.C.R. No. 122, S.D. 1, and recommends its adoption.

Respectfully submitted on
behalf of the members of the
Committee on Ways and Means,

DAVID Y. IGE, Chair

The Senate
 Twenty-Seventh Legislature
 State of Hawai'i
