
A BILL FOR AN ACT

RELATING TO AGRICULTURE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The University of Hawaii at Manoa college of
2 tropical agriculture and human resources cooperative extension
3 service is a part of the world's largest nontraditional
4 education system. The cooperative extension system can be found
5 in every state and in most countries. The system is a
6 partnership among federal, state, and local governments, and is
7 responsible for providing science-based information and
8 educational programs in agriculture, natural resources, and
9 human resources.

10 Through the cooperative extension system, the University of
11 Hawaii at Manoa college of tropical agriculture and human
12 resources developed the local and immigrant farmer education
13 program, which consists of a team of cooperative extension
14 agents and specialists with an established network of government
15 and industry partners. It has established a solid reputation
16 for delivering timely, useful, hands-on, quality extension
17 education to Hawaii's underserved and socially-disadvantaged

1 producers. However, due to the present lack of federal funding,
2 the program is facing many challenges.

3 The purpose of this Act, therefore, is to appropriate funds
4 for the local and immigrant farmer education program of the
5 University of Hawaii at Manoa college of tropical agriculture
6 and human resources cooperative extension service to support the
7 growth and sustainability of the local agriculture industry.

8 SECTION 2. There is appropriated out of the general
9 revenues of the State of Hawaii the sum of \$ or so much
10 thereof as may be necessary for fiscal year 2014-2015 for the
11 local and immigrant farmer education program.

12 The sum appropriated shall be expended by the University of
13 Hawaii for the purposes of this Act.

14 SECTION 3. This Act shall take effect on July 1, 2525.

Report Title:

Appropriation; University of Hawaii; Local and Immigrant Farmer Education Program

Description:

Appropriates funds to the Local and Immigrant Farmer Education Program of the University of Hawaii College of Tropical Agriculture and Human Resources Cooperative Extension Service to support the growth and sustainability of the agriculture industry. Effective July 1, 2525. (HB2007 HD1)
