
A BILL FOR AN ACT

RELATING TO CONTINUING COMPETENCY FOR NURSES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that to ensure public
2 health, candidates for initial nurse licensure are required to
3 pass a national examination that measures the minimum
4 competencies needed to perform safely and effectively as newly
5 licensed, entry-level registered or practical nurses. In
6 today's health care environment, because technology and practice
7 are continually changing and new health care systems are
8 emerging, the challenge of licensure boards is to assure
9 consumers that nurses are competent throughout their practice
10 careers. Research shows that continuing education alone is not
11 enough to ensure competency in post-entry nurses. According to
12 the Institute of Medicine, "[A]n emerging concept ... includes
13 components of [continuing education] but has a broader focus,
14 such as teaching how to identify problems and apply solutions,
15 and allowing health professionals to tailor the learning
16 process, setting, and curriculum to their needs."

17 The legislature further finds that continuing competency
18 that ensures continued patient health and safety requires

1 lifelong learning and ongoing redefinition based on the
2 individual's experience, change in practice setting, and
3 educational advancement. Each nurse must maintain and augment
4 the necessary knowledge and skills to be current in practice.
5 To do this, each nurse needs a self-assessment tool that enables
6 the nurse to: assess and adapt to their learning needs; stretch
7 learning from the classroom to the point of care; match the need
8 for continuing education to the learning for competence; and
9 support increased personal accountability for lifelong learning
10 to ensure safe practice.

11 The legislature therefore finds that the Hawaii nurse
12 continued competency program, which contains these elements and
13 learning activity options, must be established for nurses
14 licensed in Hawaii.

15 Accordingly, the purpose of this Act is to require licensed
16 registered nurses and licensed practical nurses to submit
17 evidence of continuing competency at each renewal period,
18 beginning with the July 1, 2017 biennium.

19 SECTION 2. Chapter 457, Hawaii Revised Statutes, is
20 amended by a new section to be appropriately designated and to
21 read as follows:

1 "§457- Continuing competence requirements; learning
2 activities; audit. (a) In addition to the requirements of
3 section 457-9, beginning on July 1, 2017, each registered nurse
4 and practical nurse shall complete the following continuing
5 competence requirements in the two years prior to the renewal of
6 the nurse's license:

7 (1) Complete a board approved self-assessment of practice,
8 including the dimensions of professional
9 responsibility, knowledge based practice, legal and
10 ethical practice, and collaboration with others;

11 (2) Develop a plan for continued learning; and

12 (3) Select and complete one of the following learning
13 activity options:

14 (A) Thirty contact hours of continuing education from
15 a board approved provider for a registered nurse
16 or twenty contact hours for a licensed practical
17 nurse;

18 (B) A board approved refresher course;

19 (C) A minimum of two semester hours of post-licensure
20 academic education from an accredited nursing
21 program related to the practice of nursing;

1 (D) Fifteen contact hours of board approved
2 continuing education activity and completion of
3 one of the following:

4 (i) A nursing research or evidence-based
5 practice project as principal or co-
6 principal investigator;

7 (ii) Authoring or co-authoring a peer reviewed
8 published nursing or health-related article,
9 paper, book, or book chapter;

10 (iii) Developing and conducting a nursing
11 education presentation or presentations
12 totaling a minimum of five contact hours;

13 (iv) Six hundred forty hours of active practice
14 within the previous two years; or

15 (v) Completion of a board recognized nurse
16 residency program.

17 (b) The following are exempt from the continuing
18 competence requirements:

19 (1) Registered nurses licensed in this State who also
20 maintain active advanced practice registered nurse
21 licenses in accordance with this chapter and maintain
22 a current national certification;

- 1 (2) Registered nurses licensed in this State who also
2 maintain a current national certification for the
3 nurses' practice role from a recognized national
4 certifying body;
- 5 (3) First-time nurse licensees; provided that the initial
6 license was issued twelve months or less prior to the
7 renewal date. First-time nurse licensees having a
8 license initially issued more than twelve months prior
9 to the renewal date shall not be eligible for this
10 exemption and shall be required to complete the
11 following for the first renewal period:
- 12 (A) Fifteen units of approved continuing education
13 from a board approved provider if the nurse is a
14 registered nurse licensee; or
- 15 (B) Ten units of approved continuing education from a
16 board approved provider if the nurse is a
17 licensed practical nurse.
- 18 (c) The board may extend the deadline for compliance with
19 the continuing competency requirements. Prior to the expiration
20 of a license, a nurse licensee may submit a written request to
21 the board for approval of an extension of the continuing

1 competency requirements. An extension may be granted on the
2 following grounds:

- 3 (1) Illness, as certified by a physician or osteopathic
4 physician licensed under chapter 453, advanced
5 practice registered nurse licensed under this chapter,
6 or a physician, osteopathic physician, or advanced
7 practice registered nurse licensed in the jurisdiction
8 in which the nurse licensee was treated;
- 9 (2) Extended active duty military service with the United
10 States armed forces;
- 11 (3) Lack of access to continuing education courses due to
12 the practice of nursing in geographically isolated
13 areas; and
- 14 (4) Inability to undertake the continuing competency
15 requirements due to incapacity, undue hardship, or
16 other extenuating circumstances.

17 The board may consider requests for extensions on a case-
18 by-case basis. Extensions shall not be granted unless proof
19 deemed appropriate and sufficient by the board that the
20 applicant is capable of safe practice is submitted by the
21 licensee. Licensees unable to complete continuing competency

1 requirements during the two year license renewal period and
2 after receiving an extension shall be placed on inactive status.

3 (d) Upon application for license renewal, each licensee
4 shall:

5 (1) Attest under oath that the licensee has completed the
6 continuing competency requirements of this section;

7 and

8 (2) Submit sufficient proof, as determined by the board,
9 of compliance with the board's requirements for
10 continuing competency.

11 (e) The board may, randomly or for cause, audit a
12 licensee's continuing competency requirements, including the
13 licensee's completion of competency units. The board shall
14 inform all licensee of the licensee's selection for audit.

15 Licensees shall cooperate with all board conducted audits,
16 including the furnishing of documentation or other evidence
17 showing the licensee's completion of competency requirements,
18 within sixty days of the notice of audit. The board may
19 establish guidelines for random audit and notice procedures
20 necessary to effectuate the intent of this subsection."

1 SECTION 3. Section 457-2, Hawaii Revised Statutes, is
2 amended by adding three new definitions to be appropriately
3 inserted and to read as follows:

4 "Competence" means the ability of a nurse to integrate
5 knowledge, skills, judgment, and personal attributes to practice
6 safely and ethically in a designated role or setting in
7 accordance with the scope of nursing practice.

8 "Continuing competence" means the lifelong process of
9 maintaining and documenting competence through ongoing self-
10 assessment, development, and implementation of a personal
11 learning plan, and subsequent reassessment.

12 "Unit" means a relative value assigned to continuing
13 competence activities in which one continuing competence unit is
14 equivalent to at least fifty minutes of classroom or hands on
15 instruction."

16 SECTION 4. Section 457-12, Hawaii Revised Statutes, is
17 amended by amending subsection (a) to read as follows:

18 "(a) In addition to any other actions authorized by law,
19 the board shall have the power to deny, revoke, limit, or
20 suspend any license to practice nursing as a registered nurse or
21 as a licensed practical nurse applied for or issued by the board
22 in accordance with this chapter, and to fine or to otherwise

1 discipline a licensee for any cause authorized by law, including
2 but not limited to the following:

- 3 (1) Fraud or deceit in procuring or attempting to procure
4 a license to practice nursing as a registered nurse or
5 as a licensed practical nurse;
- 6 (2) Gross immorality;
- 7 (3) Unfitness or incompetence by reason of negligence,
8 habits, or other causes;
- 9 (4) Habitual intemperance, addiction to, or dependency on
10 alcohol or other habit-forming substances;
- 11 (5) Mental incompetence;
- 12 (6) Unprofessional conduct as defined by the board in
13 accordance with its own rules;
- 14 (7) Wilful or repeated violation of any of the provisions
15 of this chapter or any rule adopted by the board;
- 16 (8) Revocation, suspension, limitation, or other
17 disciplinary action by another state of a nursing
18 license for reasons as provided in this section;
- 19 (9) Conviction, whether by nolo contendere or otherwise,
20 of a penal offense substantially related to the
21 qualifications, functions, or duties of a nurse,

- 1 notwithstanding any statutory provision to the
2 contrary;
- 3 (10) Failure to report to the board any disciplinary action
4 taken against the licensee in another jurisdiction
5 within thirty days after the disciplinary action
6 becomes final;
- 7 (11) Submitting to or filing with the board any notice,
8 statement, or other document required under this
9 chapter, which is false or untrue or contains any
10 material misstatement of fact [7], including a false
11 attestation of compliance with the continuing
12 competency requirements; or
- 13 (12) Violation of the conditions or limitations upon which
14 any license is issued."

15 SECTION 5. The department of commerce and consumer
16 affairs, in collaboration with the center for nursing, shall
17 convene a stakeholder group to address any outstanding issues
18 associated with the implementation of the continuing competence
19 requirements pursuant to this Act and shall report to the
20 legislature no later than twenty days prior to the convening of
21 the regular sessions of 2015 and 2016.

1 SECTION 6. Statutory material to be repealed is bracketed
2 and stricken. New statutory material is underscored.

3 SECTION 7. This Act shall take effect on July 1, 2014, and
4 section 457- , Hawaii Revised Statutes, shall apply to the
5 licensing biennium for registered nurses and practical nurses
6 beginning on July 1, 2017.

Report Title:

Nurses; Registered Nurses; Practical Nurses; Continuing Competency; Licensing; Registration

Description:

Requires licensed registered nurses and licensed practical nurses to submit evidence of continuing competency at each renewal period, beginning on July, 2017. Requires the department of commerce and consumer affairs, in collaboration with the center for nursing, to convene a stakeholder group to address any outstanding issues associated with the implementation of the continuing competence requirements for nurses and report to the legislature. (SB2490 HD1)
