A BILL FOR AN ACT

RELATING TO RENEWABLE ENERGY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. Section 205-4.5, Hawaii Revised Statutes, is amended by amending subsection (a) to read as follows:

"(a) Within the agricultural district, all lands with soil classified by the land study bureau's detailed land classification as overall (master) productivity rating class A or B shall be restricted to the following permitted uses:

(1) Cultivation of crops, including crops for bioenergy, flowers, vegetables, foliage, fruits, forage, and timber;

(2) Game and fish propagation;

(3) Raising of livestock, including poultry, bees, fish, or other animal or aquatic life that are propagated for economic or personal use;

(4) Farm dwellings, employee housing, farm buildings, or activities or uses related to farming and animal husbandry. "Farm dwelling", as used in this paragraph, means a single-family dwelling located on and used in connection with a farm, including clusters..."
of single-family farm dwellings permitted within agricultural parks developed by the State, or where agricultural activity provides income to the family occupying the dwelling;

(5) Public institutions and buildings that are necessary for agricultural practices;

(6) Public and private open area types of recreational uses, including day camps, picnic grounds, parks, and riding stables, but not including dragstrips, airports, drive-in theaters, golf courses, golf driving ranges, country clubs, and overnight camps;

(7) Public, private, and quasi-public utility lines and roadways, transformer stations, communications equipment buildings, solid waste transfer stations, major water storage tanks, and appurtenant small buildings such as booster pumping stations, but not including offices or yards for equipment, material, vehicle storage, repair or maintenance, treatment plants, corporation yards, or other similar structures;

(8) Retention, restoration, rehabilitation, or improvement of buildings or sites of historic or scenic interest;
(9) Agricultural-based commercial operations as described in section 205-2(d)(15);

(10) Buildings and uses, including mills, storage, and processing facilities, maintenance facilities, photovoltaic, biogas, and other small-scale renewable energy systems producing energy solely for use in the agricultural activities of the fee or leasehold owner of the property, and vehicle and equipment storage areas that are normally considered directly accessory to the above-mentioned uses and are permitted under section 205-2(d);

(11) Agricultural parks;

(12) Plantation community subdivisions, which as used in this chapter means an established subdivision or cluster of employee housing, community buildings, and agricultural support buildings on land currently or formerly owned, leased, or operated by a sugar or pineapple plantation; provided that the existing structures may be used or rehabilitated for use, and new employee housing and agricultural support buildings may be allowed on land within the subdivision as follows:
(A) The employee housing is occupied by employees or former employees of the plantation who have a property interest in the land;

(B) The employee housing units not owned by their occupants shall be rented or leased at affordable rates for agricultural workers; or

(C) The agricultural support buildings shall be rented or leased to agricultural business operators or agricultural support services;

(13) Agricultural tourism conducted on a working farm, or a farming operation as defined in section 165-2, for the enjoyment, education, or involvement of visitors; provided that the agricultural tourism activity is accessory and secondary to the principal agricultural use and does not interfere with surrounding farm operations; and provided further that this paragraph shall apply only to a county that has adopted ordinances regulating agricultural tourism under section 205-5;

(14) Agricultural tourism activities, including overnight accommodations of twenty-one days or less, for any one stay within a county; provided that this paragraph
shall apply only to a county that includes at least
three islands and has adopted ordinances regulating
agricultural tourism activities pursuant to section
205-5; provided further that the agricultural tourism
activities coexist with a bona fide agricultural
activity. For the purposes of this paragraph, "bona
fide agricultural activity" means a farming operation
as defined in section 165-2;

(15) Wind energy facilities, including the appurtenances
associated with the production and transmission of
wind generated energy; provided that the wind energy
facilities and appurtenances are compatible with
agriculture uses and cause minimal adverse impact on
agricultural land;

(16) Biofuel processing facilities, including the
appurtenances associated with the production and
refining of biofuels that is normally considered
directly accessory and secondary to the growing of the
energy feedstock; provided that biofuel processing
facilities and appurtenances do not adversely impact
agricultural land and other agricultural uses in the
vicinity.
For the purposes of this paragraph:

"Appurtenances" means operational infrastructure of the appropriate type and scale for economic commercial storage and distribution, and other similar handling of feedstock, fuels, and other products of biofuel processing facilities.

"Biofuel processing facility" means a facility that produces liquid or gaseous fuels from organic sources such as biomass crops, agricultural residues, and oil crops, including palm, canola, soybean, and waste cooking oils; grease; food wastes; and animal residues and wastes that can be used to generate energy;

(17) Agricultural-energy facilities, including appurtenances necessary for an agricultural-energy enterprise; provided that the primary activity of the agricultural-energy enterprise is agricultural activity. To be considered the primary activity of an agricultural-energy enterprise, the total acreage devoted to agricultural activity shall be not less than ninety per cent of the total acreage of the agricultural-energy enterprise. The agricultural-
energy facility shall be limited to lands owned, leased, licensed, or operated by the entity conducting the agricultural activity.

As used in this paragraph:

"Agricultural activity" means any activity described in paragraphs (1) to (3) of this subsection.

"Agricultural-energy enterprise" means an enterprise that integrally incorporates an agricultural activity with an agricultural-energy facility.

"Agricultural-energy facility" means a facility that generates, stores, or distributes renewable energy as defined in section 269-91 or renewable fuel including electrical or thermal energy or liquid or gaseous fuels from products of agricultural activities from agricultural lands located in the State.

"Appurtenances" means operational infrastructure of the appropriate type and scale for the economic commercial generation, storage, distribution, and other similar handling of energy, including equipment, feedstock, fuels, and other products of agricultural-energy facilities;
(18) Construction and operation of wireless communication antennas; provided that, for the purposes of this paragraph, "wireless communication antenna" means communications equipment that is either freestanding or placed upon or attached to an already existing structure and that transmits and receives electromagnetic radio signals used in the provision of all types of wireless communications services; provided further that nothing in this paragraph shall be construed to permit the construction of any new structure that is not deemed a permitted use under this subsection;

(19) Agricultural education programs conducted on a farming operation as defined in section 165-2, for the education and participation of the general public; provided that the agricultural education programs are accessory and secondary to the principal agricultural use of the parcels or lots on which the agricultural education programs are to occur and do not interfere with surrounding farm operations. For the purposes of this section, "agricultural education programs" means activities or events designed to promote knowledge and
understanding of agricultural activities and practices conducted on a farming operation as defined in section 165-2; 

(20) Solar energy facilities that do not occupy more than ten per cent of the acreage of the parcel, or twenty acres of land, whichever is lesser; provided that this use shall not be permitted on lands with soil classified by the land study bureau's detailed land classification as overall (master) productivity rating class A+ unless the solar energy facilities are:

(A) Located on a paved or unpaved road in existence as of December 31, 2013, and the parcel of land upon which the paved or unpaved road is located has a valid county agriculture tax dedication status or a valid agricultural conservation easement;

(B) Placed in a manner that still allows vehicular traffic to use the road; and

(C) Granted a special use permit by the commission pursuant to section 205-6; or
Geothermal resources exploration and geothermal resources development, as defined under section 182-1."

SECTION 2. Statutory material to be repealed is bracketed and stricken. New statutory material is underscored.

SECTION 3. This Act shall take effect upon its approval; provided that:

(1) This Act shall be repealed on June 30, 2019, and section 205-4.5, Hawaii Revised Statutes, shall be reenacted in the form in which it read on the day before the effective date of this Act; and

(2) Any solar energy facility permitted under this Act as of June 30, 2019, shall continue to be permissible under the provisions of this Act until the end of its operable life, at which time it shall be appropriately and properly replaced or decommissioned and removed within twelve months.
Report Title: Solar Energy Facility; Roads; Class A Agricultural Land; Tax Dedication Status; Agricultural Conservation Easement

Description: Permits a solar energy facility on class A agricultural lands if the facility is located on a paved or unpaved road that is established by December 31, 2013, and the parcel upon which the facility is located has a valid agricultural conservation easement or county tax dedication status; the road allows for vehicular traffic, and the facility has a special use permit. Provides for continued operations after the repeal date. Repeals June 30, 2019. (SB2775 HD1)
