
HOUSE CONCURRENT RESOLUTION

URGING ALL STATE AGENCIES TO RETROFIT STREET LIGHTS AND OTHER
OUTDOOR LAMP LIGHTING FIXTURES WITH ENERGY EFFICIENT LIGHT-
EMITTING DIODE BULBS, WHERE APPROPRIATE.

1 WHEREAS, proper street lighting is critical for the safety
2 of pedestrians crossing streets and individuals operating motor
3 vehicles on the streets at night; and

4
5 WHEREAS, streetlights and other state outdoor lighting
6 fixtures that operate throughout the night consume large amounts
7 of electricity, the costs of which are ultimately paid for by
8 tax dollars; and

9
10 WHEREAS, energy efficient light-emitting diode bulbs
11 consume less watts to produce the same amount of light, produce
12 a whiter light, and last longer in the fixtures before needing
13 replacement compared to the current low-pressure sodium bulbs
14 used in many streetlights and other outdoor lighting fixtures;
15 and

16
17 WHEREAS, the recent H-1 Freeway Rehabilitation Project
18 replaced the aging low-pressure sodium yellow streetlight bulbs
19 with whiter light-emitting diode bulbs creating increased
20 illumination of the highway and saving the State electricity and
21 maintenance costs; now, therefore,

22
23 BE IT RESOLVED by the House of Representatives of the
24 Twenty-eighth Legislature of the State of Hawaii, Regular
25 Session of 2015, the Senate concurring, that all state agencies
26 are urged to retrofit outdoor lighting fixtures, including
27 street lights and outdoor athletic facilities, with energy
28 efficient light-emitting diode or better technology bulbs except
29 in locations where the installation of energy efficient bulbs
30 would not be permissible, including:

- (1) In state buildings where the retrofiting of light fixtures is not a responsibility of the State;
- (2) At locations near observatories on the island of Hawaii where the current light bulbs present the least interference with astronomy studies; and
- (3) Where county requirements currently provide more stringent lighting requirements; and

BE IT FURTHER RESOLVED that certified copies of this Concurrent Resolution be transmitted to the Governor, the Comptroller, the Director of Transportation, and the President of the University of Hawaii System.
