Dear President Kouchi, Speaker Souki, and Members of the Legislature:

This is to inform you that on July 2, 2015, the following bill was signed into law:

SB40 SD3 HD2 CD1  
RELATING TO LICENSING  
ACT 199 (15)

Sincerely,

DAVID Y. IGE  
Governor, State of Hawai‘i
BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. The legislature finds that the practice of behavior analysis in Hawaii affects the public's health, safety, and welfare. The legislature further finds that behavior analysts and the practice of behavior analysis should be subject to regulation and control to protect the public from the unqualified practice of behavior analysis and from unprofessional conduct by persons licensed to practice behavior analysis.

The legislature additionally finds that certain measures introduced during the regular session of 2015 provide mandated insurance coverage for the diagnosis and treatment of autism. If such legislation is ultimately enacted, it is critical that behavior analysts, who engage in the practice of behavior analysis with individuals with autism, be fully licensed.

Furthermore, health insurance plans in Hawaii will not provide reimbursement for services provided by behavior analysts unless those individuals are licensed in the State.
The legislature notes that it is imperative that the licensing of behavior analysts begin concurrently with any mandated insurance coverage for the diagnosis and treatment of autism. Thus, in light of the unique and proven need to establish a licensing program for behavior analysts in the State concurrently with mandated insurance coverage for diagnosis and treatment related to autism disorders, the legislature further finds that it is in the best interest of the State to exempt licensing of the behavior analyst profession from Hawaii's sunrise analysis requirements.

Accordingly, the purpose of this Act is to address the urgent need for a licensing process for behavior analysts by establishing the behavior analyst program within the department of commerce and consumer affairs and establishing licensing requirements for the practice of behavior analysis by behavior analysts.

SECTION 2. The Hawaii Revised Statutes is amended by adding a new chapter to be appropriately designated and to read as follows:
"CHAPTER

BEHAVIOR ANALYSTS

§ 1 Findings and declaration of necessity. It is the intent of the legislature to establish standards for the licensing of behavior analysts to address the present and critical need for ensuring that those in the community requiring diagnosis and treatment for autism receive the care needed along with other healthcare needs. The special state interest for creating this chapter is recognized, notwithstanding the requirements of section 26H-6.

§ 2 Definitions. For the purposes of this chapter:

"Applied behavior analysis" means interventions that are based on scientific research and the direct observation and measurement of behavior and the environment.

"Behavior Analyst Certification Board" means the international accredited Behavior Analyst Certification Board or its successor.

"Department" means the department of commerce and consumer affairs.

"Director" means the director of commerce and consumer affairs.
"Licensed behavior analyst" means a person:

(1) Who engages in the practice of behavior analysis and
    uses the title of licensed behavior analyst;

(2) Who has been issued a license under this chapter; and

(3) Whose license is in effect and not revoked, suspended,
    or encumbered.

"Practice of behavior analysis" means the design,
implementation, and evaluation of instructional and
environmental modifications to produce socially significant
improvements in human behavior. Practice of behavior analysis
includes the empirical identification of functional relations
between behavior and environmental factors, known as functional
assessment and analysis. Practice of behavior analysis also
includes the use of contextual factors, motivating operations,
antecedent stimuli, positive reinforcement, and other
consequences to help people develop new behaviors, increase or
decrease existing behaviors, and emit behaviors under specific
environmental conditions. Practice of behavior analysis
expressly excludes psychological testing, diagnosis of a mental
or physical disorder, neuropsychology, psychotherapy, cognitive
therapy, sex therapy, psychoanalysis, hypnotherapy, and long-
term counseling as treatment modalities.

§ -3 Behavior analyst program; established; personnel.

§ -4 License required. (a) Beginning on January 1,
2016, except as specifically provided in this chapter, no person
shall engage in the practice of behavior analysis or use the
title "licensed behavior analyst" or "behavior analyst" without
a valid license issued pursuant to this chapter.

(b) Any person who violates this section shall be subject
to a fine of not more than $1,000 for each separate offense.
Each day of each violation shall constitute a separate offense.

§ -5 Powers and duties of the director. In addition to
any other powers and duties authorized by law, the director
shall have the powers and duties to:
(1) Grant, deny, renew, refuse to renew, restore, terminate, reinstate, condition, restrict, suspend, or revoke a license issued pursuant to this chapter;

(2) Grant permission to a person to engage in the practice of behavior analysis and to use the title of "licensed behavior analyst" or a description indicating that the person is a licensed behavior analyst in this State;

Certification Board's ethical guidelines for
responsible conduct.

§ -6 Fees; disposition. (a) Upon issuance of a new license and at each license renewal period, each behavior analyst shall pay, in addition to a license fee or renewal fee, a surcharge of $100, which shall be maintained in a separate account within the compliance resolution fund established pursuant to section 26-9(o). At the end of each quarter, the moneys contained in the separate account established pursuant to this section shall be transferred to the compliance resolution fund until such time that the total transferred amounts equal the amount appropriated in section 5 of Act , Session Laws of Hawaii 2015. Thereafter, no surcharge shall be assessed, and any funds in excess of the amount appropriated in section 5 of Act , Session Laws of Hawaii 2015, shall be deposited into the compliance resolution fund.

(b) Application fees paid pursuant to this chapter shall not be refundable. Pursuant to section 26-9(1), the director shall establish examination, reexamination, license, renewal, restoration, enforcement, and other fees relating to the administration of this chapter by rule.
(c) Fees assessed pursuant to this chapter shall be used to defray costs incurred by the department in implementing this chapter.

§ 7 Exemptions. (a) This chapter is not intended to restrict the practice of other licensed or credentialed healthcare practitioners practicing within their own recognized scopes of practice and shall not apply to:

(1) An individual working within the scope of practice or duties of another licensed profession that overlaps with the practice of behavior analysis; provided that the person does not purport to be a behavior analyst;

(2) An individual who implements or designs applied behavior analysis services and possesses board certification as an assistant behavior analyst by the Behavior Analyst Certification Board and who practices in accordance with the most recent supervisory and ethical requirements adopted by the Behavior Analyst Certification Board under the direction of a behavior analyst licensed in this State;
