
HOUSE RESOLUTION

REQUESTING THE DEPARTMENT OF LAND AND NATURAL RESOURCES TO
CONDUCT A FEASIBILITY AND COST STUDY RELATING TO THE
CONSTRUCTION OF A BOAT RAMP IN PUKO'O, MOLOKA'I.

1 WHEREAS, due to shallow mud flats and fringing reefs in
2 certain areas on the island of Moloka'i, there are few areas with
3 sufficiently deep channels for safe and easy marine access; and
4

5 WHEREAS, during low tide on the east end of Moloka'i, it is
6 impossible to launch or dock boats; and
7

8 WHEREAS, currently, boaters on the east end of Moloka'i must
9 travel to Kaunakakai Harbor, a trip that takes a substantial
10 amount of time and expends a great amount of fuel; and
11

12 WHEREAS, most families on the east end of Moloka'i rely on
13 the sea for their daily source of food; and
14

15 WHEREAS, today, with fewer edible food resources close to
16 shore, fishermen are forced to travel farther out to sea to
17 catch fish; and
18

19 WHEREAS, nearly all of the available commodities and
20 merchandise for retail on the island are shipped to Moloka'i,
21 which increases those costs for residents and forces them to
22 fish as a necessity to supplement their diet; and
23

24 WHEREAS, the Department of Land and Natural Resources has
25 jurisdiction over small boat ramp facilities pursuant to chapter
26 266, Hawaii Revised Statutes; and
27

28 WHEREAS, a small boat ramp facility such as the one located
29 at Hana Harbor may be necessary for Moloka'i residents on the
30 east end of Moloka'i; and
31

32 WHEREAS, the Legislature finds that the island of Moloka'i
33 needs a new boat ramp to service the residents, particularly
34 those living on the east end of Moloka'i; and

WHEREAS, before a boat ramp facility is constructed, a feasibility and cost study by the Department of Land and Natural Resources is necessary; now, therefore,

BE IT RESOLVED by the House of Representatives of the Twenty-eighth Legislature of the State of Hawaii, Regular Session of 2015, that the Department of Land and Natural Resources is requested to conduct a feasibility and cost study relating to the construction of a boat ramp in Puko'o, Moloka'i; and

BE IT FURTHER RESOLVED that the Department of Land and Natural Resources submit a report to the Legislature no later than twenty days prior to the convening of the Regular Session of 2016, with its findings and recommendations relating to the feasibility and cost of constructing a boat ramp in Puko'o, Moloka'i; and

BE IT FURTHER RESOLVED that a certified copy of this Resolution be transmitted to the Chairperson of the Board of Land and Natural Resources.
