A BILL FOR AN ACT
RELATING TO AGRICULTURAL LOANS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. Hawaii's livestock industry is both economically and culturally significant with its long paniolo history, as well as providing whole hog carcasses for imus and Chinatown markets. Livestock operations are susceptible to the introduction of pests and diseases that can affect the health and welfare of the animals and in some cases may affect the health and well-being of people who come in contact with the animals or farm products.

Installing biosecurity measures serves to protect the health of poultry and livestock by reducing the introduction of diseases, pests, and pathogens into farm operations, as well as reducing the spread of the diseases or pathogens to other farms. Biosecurity measures are increasingly being required by federal programs to ensure a safe food supply. While these measures help protect the farm and consumers, they often do not result in additional profits for the operation.
The purpose of this Act is to assist the livestock industry by establishing a low interest biosecurity loan program to help install these vital measures.

SECTION 2. Section 155-1, Hawaii Revised Statutes, is amended by adding a new definition to be appropriately inserted and to read as follows:

"Biosecurity" means a system that serves to protect the health of livestock, poultry, and humans from diseases, pests, and pathogens and measures that prevent disease causing agents from entering, spreading, or leaving the farm premises."

SECTION 3. Section 155-5, Hawaii Revised Statutes, is amended by amending subsection (b) to read as follows:

"(b) Loans insured under this section shall be limited by the provisions of sections 155-9 through 155-13 for purposes of class "A" through class ["E"] provided that class "E" loans to food manufacturers shall not be subject to section 155-10."

SECTION 4. Section 155-5.5, Hawaii Revised Statutes, is amended by amending subsection (b) to read as follows:

"(b) Loans guaranteed under this section shall be limited by the provisions of sections 155-9 through 155-13 for purposes
of classes "A", "B", "C", [and "E"] "D", "E", "F", "G", "H", and "I"; provided that class "E" loans to food manufacturers shall not be subject to section 155-10. [No class "D" and "F" loans shall be made under this section.]

SECTION 5. Section 155-6, Hawaii Revised Statutes, is amended by amending subsection (b) to read as follows:

"(b) Participating loans under this section shall be limited by sections 155-9 to 155-13 for purposes of class "A" through class ["F",] "I", the department's share not to exceed the maximum amounts specified therefor; provided that class "E" loans to food manufacturers shall not be subject to section 155-10."

SECTION 6. Section 155-8, Hawaii Revised Statutes, is amended by amending subsection (c) to read as follows:

"(c) Loans made under this section shall bear simple interest on the unpaid principal balance, charged on the actual amount disbursed to the borrower. The interest rate on loans of class "A", "B", "C", "E", and "G" shall be at a rate of one per cent below the prime rate or at a rate of seven and one-half per cent a year, whichever is less. For purposes of this subsection, the prime rate shall be determined on January 1 and
July 1 of each year, and shall be the prime rate charged by the
two largest banks in the State identified by the department of
commerce and consumer affairs. If the prime rates of the two
largest banks are different, the lower prime rate of the two
shall apply. The interest rate of class "F" loans shall be at a
rate of one and one-half per cent below the prime rate or at a
rate of six per cent a year, whichever is less. The interest
rate of class "H" and "I" loans shall be three per cent a year.
If the money loaned is borrowed by the department, then the
interest on loans of the classes shall be the rate as determined
above or one per cent over the cost to the State of borrowing
the money, whichever is greater. Interest on loans made under
this chapter shall not be less than three per cent a year."
