A BILL FOR AN ACT

RELATING TO AFFORDABLE HOUSING.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

PART I

SECTION 1. The legislature finds that affordable housing is a serious concern for many Hawaii residents. According to the 2011 Hawaii Housing Planning Study, up to 50,000 new housing units will need to be built by 2016 to meet the new demand generated by changing demographics and economic conditions. Failure to produce sufficient units for low- and moderate-income households will cause pent-up demand in these market segments.

The legislature also finds that according to the Hawaii Public Housing Authority Annual Report for Fiscal Year 2014, the Hawaii public housing authority's fifty-year-old public housing stock is in need of repairs, with a backlog estimated at $754,000,000.

The purpose of this Act is to appropriate funds to various housing agencies to increase the supply of affordable and public housing units in the State and to support the State's housing first programs in assisting Hawaii's chronically homeless who
are often the most vulnerable, most visible, and most difficult
to serve.

PART II

SECTION 2. The director of finance is authorized to issue
general obligation bonds in the sum of $ or so much
thereof as may be necessary and the same sum or so much thereof
as may be necessary is appropriated for fiscal year 2015-2016
for deposit into the rental housing trust fund established
pursuant to section 201H-202, Hawaii Revised Statutes.

SECTION 3. There is appropriated out of the rental housing
deposit the sum of $ or so much thereof as may be
necessary for fiscal year 2015-2016 for the purposes set forth
in section 201H-202, Hawaii Revised Statutes.

The sum appropriated shall be expended by the Hawaii
housing finance and development corporation for the purposes of
this part.

PART III

SECTION 4. The director of finance is authorized to issue
general obligation bonds in the sum of $ or so much
thereof as may be necessary and the same sum or so much thereof
as may be necessary is appropriated for fiscal year 2015-2016 to
be deposited into the dwelling unit revolving fund established pursuant to section 201H-191, Hawaii Revised Statutes.

The sum appropriated shall be expended by the Hawaii housing finance and development corporation for the purposes of this part.

For the purposes of this part, "micro apartment housing unit" means a dwelling unit with a total floor area of not less than two hundred twenty square feet, and not more than three hundred twenty square feet for not more than two occupants, and containing a separate closet, kitchen sink, cooking appliance,
