A BILL FOR AN ACT

RELATING TO THE TRANSIENT ACCOMMODATIONS TAX.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. The purpose of this Act is to establish a method to use transient accommodations tax revenues and moneys from the land conservation fund to reimburse the state general fund for the debt service on reimbursable general obligation bonds, the proceeds of which will be used to acquire a conservation easement and other real property interests in Turtle Bay, Oahu, for the protection, preservation, and enhancement of natural resources important to the State.

The legislature finds and deems that the transient accommodations tax revenues and moneys from the land conservation fund comprise user taxes. The source of funding for the Turtle Bay conservation easement will be reimbursable general obligation bonds issued by the department of budget and finance. The debt service on the reimbursable general obligation bonds will be reimbursed from the transient accommodations tax revenues and moneys from the land conservation fund. The proceeds from the reimbursable general obligation bonds, the transient accommodations tax revenues, and...
moneys from the land conservation fund will be deposited into
the Turtle Bay conservation easement special fund. The role of
the department of budget and finance is solely to facilitate the
financing of this transaction with the department of land and
natural resources purchasing the Turtle Bay conservation
easement and other real property interests. The legislature
finds that the financing of the Turtle Bay conservation easement
and other real property interests is essential to the execution
of the transaction and is for a public purpose.

The legislature also finds that the acquisition of the
Turtle Bay conservation easement and other real property
interests by the department of land and natural resources is
for the purpose of supporting, encouraging, and enhancing the
natural beauty of Oahu's north shore, and is land having value
as a resource to the State. The legislature further finds that
the acquisition of the Turtle Bay conservation easement and
other real property interests by the department of land and
natural resources is crucial to the protection, preservation,
and enhancement of the State's natural resources and to the
State's economic well-being, and is for a public purpose.

Specifically, this Act:
(1) Authorizes the department of budget and finance to issue $35,000,000 in reimbursable general obligation bonds and to deposit the proceeds into the Turtle Bay conservation easement special fund;

(2) Appropriates $35,000,000 out of the Turtle Bay conservation easement special fund for the department of land and natural resources to acquire a conservation easement and other real property interests at Turtle Bay, Oahu;

(3) Allocates transient accommodations tax revenues of $1,500,000 annually to the Turtle Bay conservation easement special fund;

(4) Provides that a nonprofit land conservation organization shall file an application annually with the board of land and natural resources requesting $1,500,000 from the land conservation fund to be used for the reimbursement of debt service on the Turtle Bay reimbursable general obligation bonds;

(5) Appropriates $3,000,000 out of the Turtle Bay conservation easement special fund to reimburse the
state general fund for payment of debt service on the
reimbursable general obligation bonds; and
(6) Appropriates $500,000 from the transient
accommodations tax revenues to the department of land
and natural resources to pay for appraisal costs, due
diligence costs, and closing costs relating to the
acquisition of a conservation easement and other real
property interests in Turtle Bay, Oahu.
