A BILL FOR AN ACT

RELATING TO HAWAIIAN PLANTS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the use of Hawaiian
2 plants in landscaping is fundamental to preserving and fostering
3 a Hawaiian sense of place in our neighborhoods and communities.
4 Historically, each island, moku, and ahupua'a supported varied
5 and diverse Hawaiian plant life. The connections between
6 certain areas and certain plants hold cultural significance and
7 reflect an ecological balance achieved through long-term
8 adaptation to specific local environments.

9 The relatively recent influx of non-native plant species
10 and invasive plant species has transformed Hawai'i's urban and
11 natural environment. Some invasive plants have displaced and
12 endangered Hawai'i's native plants and animals. Notably, state
13 landscaping projects have continued to utilize and propagate
14 some of these more recently introduced plants, notwithstanding
15 the importance of Hawaiian plants to biodiversity, ecological
16 stability, and a cultural sense of place.

1 Accordingly, the legislature finds that publicly-funded
2 landscaping should embody the cultural and ecological heritage
3 of the place in which the landscaping is located, through the
4 use of Hawaiian plants associated with each project area. The
5 legislature further finds that a place-based approach to
6 landscaping on the local level is important and desirable for
7 cultural preservation, biodiversity, biosecurity, and ecosystem
8 management.

9 The purpose of this Act is to amend the state public
10 procurement code to require that all publicly-funded landscaping
11 projects include a minimum percentage of Hawaiian plants, in
12 order to contribute to a Hawaiian sense of place, to reduce the
13 use of non-native invasive plant species, and to support the
14 preservation of Hawai'i's cultural and ecological heritage.

15 SECTION 2. Section 103D-408, Hawai'i Revised Statutes, is
16 amended to read as follows:

17 " ~~[+] §103D-408 [] Indigenous and Polynesian introduced]~~

15 with a "significant historic property" designated under section
16 6E-2 and its implementing regulations.

1 species, brought to Hawai'i by Polynesians before European
2 contact, such as kukui, kalo, wauke, niu, noni, and kamani."

3 SECTION 3. This Act shall not be applied so as to impair
4 any contract existing as of the effective date of this Act in a
5 manner violative of either the Hawai'i State Constitution or
6 article I, section 10, of the United States Constitution.

7 SECTION 4. Statutory material to be repealed is bracketed
8 and stricken. New statutory material is underscored.
