## A BILL FOR AN ACT

MAKING AN APPROPRIATION FOR CAPITAL IMPROVEMENTS TO THE KAMUELA  
VACUUM COOLING PLANT.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The Kamuela vacuum cooling plant is a large  
2 warehouse operated by the Kamuela Farmers Cooperative in  
3 partnership with the department of agriculture to cool down  
4 Waimea-grown vegetables before being shipped to market. The  
5 Kamuela vacuum cooling plant processes approximately seven  
6 million pounds of produce annually, while also providing storage  
7 and limited processing services. The Kamuela vacuum cooling  
8 plant is over twenty-five years old and has sustained severe  
9 wind damage that led to roof repair in 2008. The plant's  
10 maintenance program is adversely affected by high energy costs.

11           Unless the cooling and electrical systems can be repaired  
12 or upgraded, expansion and diversification of the overall  
13 operation of the cooling plant cannot be achieved. Further, the  
14 introduction of new commodities will be difficult, and the  
15 already limited processing and packing operations will remain  
16 limited.
