
HOUSE RESOLUTION

REQUESTING THE CONVENING OF A PAID FAMILY LEAVE TASK FORCE TO
EXAMINE THE BENEFITS AND COSTS OF A POTENTIAL PAID FAMILY
LEAVE PROGRAM IN HAWAII.

1 WHEREAS, women are disproportionately affected by the lack
2 of access to paid leave for several reasons, including that
3 women primarily serve as caregivers to family members, are not
4 supported by labor policies that reflect the changing reality of
5 workplace demographics, and often face the difficult decision of
6 choosing between paid employment and caring for a child or a
7 family member; and

8
9 WHEREAS, paid family and medical leave has been identified
10 as one method to closing the wage gap between men and women, and
11 given the current stagnation of wages in Hawaii, the gender wage
12 gap is not set to close until 2059; and

13
14 WHEREAS, Forty-three per cent of workers in Hawaii do not
15 have access to a single day of leave, whether it be for sick
16 leave or family leave; 154,000 people in Hawaii serve as family
17 caregivers; Hawaii has the fastest growing population of those
18 sixty-five and older in the nation, and the number is expected
19 to grow by eighty-one per cent by 2030; of those who need leave
20 but cannot take it, nearly one in three need leave to care for
21 an ill spouse or parent; and

22
23 WHEREAS, the majority of Hawaii's workforce cannot afford
24 to take unpaid leave when needing to provide care to a newborn,
25 bond with a new child, or care for a family member with a
26 serious health condition; and

27
28 WHEREAS, the Federal Family and Medical Leave Act of 1993
29 allows twelve weeks of unpaid leave to employees who have worked
30 at a business that employs fifty or more employees; and

31

H.R. NO. 33

1 WHEREAS, the Hawaii Family Leave Law can provide an
2 additional four weeks of unpaid family, but is only available to
3 those employees who work at a business with more than one
4 hundred employees, which means that the Hawaii Family Leave Law
5 only applies to about 2.2 per cent of employers in Hawaii; and
6

7 WHEREAS, previous joint task forces on family caregiving
8 convened by the Hawaii State Legislature have all rendered the
9 same request and recommendation: family caregivers need adequate
10 wage replacement and support when providing care; now,
11 therefore,
12
