RELATING TO NATURAL RESOURCES
ACT 125 (16)

DAVID Y. IGE
Governor, State of Hawai'i

A BILL FOR AN ACT

RELATING TO NATURAL RESOURCES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the trafficking of
2 animals threatened with extinction continues to grow at an
3 alarming pace, threatening an increasing variety of animal
4 species. The threat of extinction is due in large part to the
5 trafficking of animal parts and products. The National Strategy
6 for Combating Wildlife Trafficking, released in February 2014,
7 recognized the important role that states have in protecting
8 species that are subject to illegal wildlife trade. Federal law
9 regulates the transfer and importation of parts or products made
10 from endangered and threatened animal species, but due to the
11 increasing demand for these products around the world, it is
12 important to align state authority with federal and
13 international laws to appropriately regulate these markets on a
14 local level.

15 The legislature further finds that the most effective way
16 to discourage illegal trafficking is to eliminate markets and
17 profits. It is in the public interest to protect animal species

1 threatened with extinction by prohibiting within the State, with
2 certain limited exceptions, the sale, offer for sale, purchase,
3 trade, possession with intent to sell, or barter for any part or
4 product of any species of elephant (Elephantidae), mammoth
5 (Mammuthus), rhinoceros (Rhinocerotidae), tiger (Panthera
6 tigris), great ape (Hominoidea), shark and ray (Elasmobranchii),
7 sea turtle (Chelonioidea), walrus (Odobenus rosmarus), narwhal
8 (Monodon monoceros), whale (Cetacea), hippopotamus (Hippopotamus
9 amphibius), monk seal (Neomonachus), lion (Panthera leo),
10 pangolin (Manis), cheetah (Acinonyx jubatus), jaguar (Panthera
11 onca), and leopard (Panthera pardus) identified as threatened
12 with extinction by the Convention on International Trade in
13 Endangered Species and the Endangered Species Act. These
14 animals represent some of the most trafficked species threatened
15 with extinction according to illegal wildlife product seizure
16 data gathered by the World Wildlife Fund-TRAFFIC, International
17 Union for the Conservation of Nature, and other international
18 conservation organizations.

19 The legislature further finds that in September 2015, the
20 United States and China announced a cooperative effort to take
21 comprehensive action to curb wildlife trafficking, including

1 significant restrictions on the import of ivory as hunting
2 trophies and halting the domestic commercial trade of ivory. As
3 the host of the upcoming International Union for the
4 Conservation of Nature World Conservation Congress with the
5 United States in September 2016, it is important to demonstrate
6 Hawaii's continuing leadership in global conservation challenges
7 such as international wildlife trafficking and endangered
8 species protection.

9 The purpose of this Act is to improve coordination between
10 state and other government authorities as encouraged in section
11 183D-8, Hawaii Revised Statutes, and to remove any potential
12 conflicts of law that unintentionally make Hawaii an attractive
13 market for illegal wildlife trafficking as other countries and
14 states pass legislation to protect global populations of
15 endangered species.

16 SECTION 2. Chapter 183D, Hawaii Revised Statutes, is
17 amended by adding a new section to be appropriately designated
18 and to read as follows:

19 "§183D- Wildlife trafficking; prohibited. (a) No
20 person shall sell, offer to sell, purchase, trade, possess with
21 intent to sell, or barter for any part or product from the

1 following animal family, genus, or species: elephant
2 (Elephantidae), rhinoceros (Rhinocerotidae), tiger (Panthera
3 tigris), great ape (Hominoidea), hippopotamus (Hippopotamus
4 amphibius), lion (Panthera leo), pangolin (Manis), cheetah
5 (Acinonyx jubatus), jaguar (Panthera onca), or leopard (Panthera
6 pardus).

7 (b) Unless otherwise authorized by federal law including
8 the Marine Mammal Protection Act, 16 United States Code, chapter
9 31, no person shall sell, offer to sell, purchase, trade,
10 possess with intent to sell, or barter for any part or product
11 from the following marine family, genus, or species: sea turtle
12 (Cheloniocidea), monk seal (Neomonachus), narwhal (Monodon
13 monoceros), whale (Cetacea), or walrus (Odobenus rosmarus)
14 insofar as the species, subspecies, or distinct population
15 segment is listed:

16 (1) On appendix I or II of the Convention on International
17 Trade in Endangered Species; or

18 (2) As endangered or threatened under the Endangered
19 Species Act.

20 (c) Unless otherwise authorized by federal law including
21 the Magnuson-Stevens Fishery Conservation and Management Act (16

1 U.S.C. section 1851 et seq.) as amended, no person shall sell,
2 offer to sell, purchase, trade, possess with intent to sell, or
3 barter for any part or product from rays and sharks
4 (Elasmobranchii) insofar as the species is listed:

5 (1) On appendix I of the Convention on International Trade
6 in Endangered Species; or

7 (2) As endangered or threatened under the Endangered
8 Species Act.

9 (d) No person shall sell, offer to sell, purchase, trade,
10 possess with intent to sell, or barter for any part or product
11 from mammoth (Mammuthus), although the species is extinct.

12 (e) To the extent permitted under federal law, none of the
13 prohibitions set forth in this section shall apply if:

14 (1) The covered animal species part or product is part of
15 a bona fide antique; provided that:

16 (A) The antique status of such a part or product is
17 established by the owner or seller thereof with
18 historical documentation showing the antique to
19 be not less than one hundred years old;

- 1 (B) The covered animal species part or product is
2 less than twenty per cent by volume of such an
3 antique; and
- 4 (C) The covered animal species part or product is a
5 fixed component or components of a larger
6 manufactured item and is not, in its current
7 form, the primary source of value of the item;
- 8 (2) The distribution of the covered animal species part or
9 product is:
- 10 (A) For a bona fide educational or scientific
11 purpose; or
- 12 (B) To or from a museum;
- 13 (3) The distribution of the covered animal species part or
14 product is to a legal beneficiary of an estate, trust,
15 or other inheritance;
- 16 (4) The covered animal species part or product is less
17 than twenty per cent by volume of a gun, knife, or
18 musical instrument, including without limitation
19 string instruments and bows, wind and percussion
20 instruments, and pianos, if the owner or seller
21 provides historical documentation showing the item was

1 manufactured no later than 1975 and the covered animal
2 species part or product is a fixed component or
3 components of a larger manufactured item and is not,
4 in its current form, the primary source of value of
5 the item;

6 (5) The sale, offer for sale, purchase, trade, possess
7 with intent to sell or barter of the covered animal
8 species part or product is expressly authorized by
9 federal law or permit; or

10 (6) The activity is authorized under section 183D-6.

11 (f) There is established a rebuttable presumption of
12 possession with intent to sell a covered animal species part or
13 product when the part or product is possessed by a retail or
14 wholesale establishment or other forum engaged in the business
15 of buying or selling similar items. This rebuttable presumption
16 shall not preclude a finding of intent to sell based on any
17 other evidence that may serve to independently establish such
18 intent.

19 (g) None of the prohibitions set forth in this section
20 shall apply to traditional cultural practices expressly

1 protected under article XII, section 7, of the state
2 constitution.

3 (h) For the purposes of this section, "covered animal
4 species part or product" means any item that contains, or is
5 wholly or partially made from, any covered animal species.

6 (i) The department of land and natural resources may adopt
7 rules pursuant to chapter 91, as needed, to further implement or
8 enforce this section."

9 SECTION 3. Section 183D-5, Hawaii Revised Statutes, is

14 matured, penalties that were incurred, and proceedings that were
15 begun before its effective date.

16 SECTION 5. If any provision of this Act, or the
17 application thereof to any person or circumstance, is held
18 invalid, the invalidity does not affect other provisions or
19 applications of the Act that can be given effect without the
20 invalid provision or application, and to this end the provisions
21 of this Act are severable.

1 SECTION 6. New statutory material is underscored.

2 SECTION 7. This Act shall take effect upon its approval;

3 provided that there shall be no enforcement actions pursuant to
