THE SENATE

TWENTY-EIGHTH LEGISLATURE, 2016

STATE OF HAWAII

ACT 183
S.B. NO.

C.D. 1

A BILL FOR AN ACT

RELATING TO ADVANCED PRACTICE REGISTERED NURSES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that advanced practice
2 registered nurses provide a wide variety of health care services
3 to people in Hawaii. The legislature further finds that section
4 323-3, Hawaii Revised Statutes, requires each hospital within
5 the State to allow advanced practice registered nurses to
6 practice within the full scope of their practice, including as
7 primary care providers. Advanced practice registered nurses are
8 also recognized as participating primary health care providers
9 for insurance purposes under the State's insurance code.

10 The legislature also finds that certain sections within the
11 Hawaii Revised Statutes omit advanced practice registered nurses
12 from the definitions or designations of health care entities who
13 may provide health care, prescribe drugs, or sign forms. The
14 outdated statutes must be amended to authorize increased
15 participation by advanced practice registered nurses and
16 recognize appropriately trained advanced practice registered
17 nurses as primary care providers. Authorizing increased
18 participation by advanced practice registered nurses in certain

1 circumstances, especially with regard to global signature
2 authority, will enable improved access to health care services,
3 expedite the process of processing paperwork, and provide
4 optimal care at the initial point of access for Hawaii patients,
5 especially in rural and underserved areas.

6 The purpose of this Act is to improve patient access to
7 medical care by clarifying the circumstances under which
8 advanced practice registered nurses may practice to the fullest
9 extent of their training and education.

10 SECTION 2. Section 328-1, Hawaii Revised Statutes, is
11 amended by amending the definition of "out-of-state
12 practitioner" to read as follows:

13 "Out-of-state practitioner" means a physician, surgeon,
14 osteopathic physician and surgeon, advanced practice registered
15 nurse, dentist, podiatrist, or veterinarian authorized to
16 prescribe drugs to patients under the applicable laws of any
17 state of the United States except the State of Hawaii, or a
18 physician, surgeon, osteopathic physician and surgeon, advanced
19 practice registered nurse, dentist, podiatrist, or veterinarian
20 authorized to prescribe drugs under the applicable laws of
21 Hawaii, but practicing in a state other than Hawaii."

1 SECTION 3. Section 334-59, Hawaii Revised Statutes, is
2 amended by amending subsection (b) to read as follows:

3 "(b) Emergency examination. A patient who is delivered
4 for emergency examination and treatment to a facility designated
5 by the director shall be examined by a licensed physician or
6 advanced practice registered nurse without unnecessary delay,
7 and may be given such treatment as is indicated by good medical
8 practice. A psychiatrist, advanced practice registered nurse,
9 or psychologist may further examine the patient to diagnose the
10 presence or absence of a mental disorder, assess the risk that
11 the patient may be dangerous to self or others, and assess
12 whether or not the patient needs to be hospitalized."

13 SECTION 4. Section 338-9, Hawaii Revised Statutes, is
14 amended by amending subsection (b) to read as follows:

15 "(b) In preparing a certificate of death or fetal death
16 the person in charge of the disposition of the body shall:

17 (1) Obtain and enter on the certificate the personal data
18 and other information pertaining to the deceased
19 person required by the department from the person best
20 qualified to supply them;

- 1 (2) Present the certificate of death to the physician or
2 advanced practice registered nurse last in attendance
3 upon the deceased, or to the coroner's physician, who
4 shall thereupon certify the cause of death to the
5 physician's or advanced practice registered nurse's
6 best knowledge and belief, or present the certificate
7 of fetal death to the physician, advanced practice
8 registered nurse, midwife, or other person in
9 attendance at the fetal death, who shall certify the
10 fetal death and such medical data pertaining thereto
11 as can be furnished; provided that fetal deaths of
12 less than twenty-four weeks or intentional
13 terminations of pregnancy performed in accordance with
14 section 453-16 may be certified by a nurse or other
15 employee based upon the physician's records; and
- 16 (3) Notify immediately the appropriate local agent, if the
17 death occurred without medical attendance, or if the
18 physician or advanced practice registered nurse last
19 in attendance fails to sign the death certificate. In
20 such event the local agent shall inform the local
21 health officer, and refer the case to the local health

1 officer for immediate investigation and certification
2 of the cause of death prior to issuing a permit for
3 burial, or other disposition of the body. When the
4 local health officer is not a physician or when there
5 is no such officer, the local agent may complete the
6 certificate on the basis of information received from
7 relatives of the deceased or others having knowledge
8 of the facts.

9 If the circumstances of the case suggest that the death or
10 fetal death was caused by other than natural causes, the local
11 agent shall refer the case to the coroner for investigation and
12 certification."

13 SECTION 5. Section 338-10, Hawaii Revised Statutes, is
14 amended to read as follows:

15 "§338-10 Late determination of the cause of death. If the
16 cause of death cannot be determined within three days, the
17 certification of its cause may be filed after the prescribed
18 period, but the attending physician, advanced practice
19 registered nurse, or coroner's physician shall notify in writing
20 the local agent of the department of health of the district in

1 which the death occurred of the reason for late filing, in order
2 that a permit for the disposition of the body may be issued.

3 As used in this section, "late" means more than three days
4 after the date of death."

5 SECTION 6. Section 386-1, Hawaii Revised Statutes, is
6 amended by amending the definition of "health care provider" to
7 read as follows:

8 "Health care provider" means a person qualified by the
9 director to render health care and service and who has a license
10 for the practice of:

- 11 (1) Medicine or osteopathy under chapter 453;
- 12 (2) Dentistry under chapter 448;
- 13 (3) Chiropractic under chapter 442;
- 14 (4) Naturopathic medicine under chapter 455;
- 15 (5) Optometry under chapter 459;
- 16 (6) Podiatry under chapter 463E; [and]
- 17 (7) Psychology under chapter 465 [-]; and
- 18 (8) Advanced practice registered nurse under chapter 457."

19 SECTION 7. Section 386-27, Hawaii Revised Statutes, is
20 amended by amending subsection (a) to read as follows:

1 "(a) All health care providers rendering health care and
2 services under this chapter shall be qualified by the director
3 and shall remain qualified by satisfying the requirements
4 established in this section. The director shall qualify any
5 person initially who has a license for the practice of:

- 6 (1) Medicine or osteopathy under chapter 453;
- 7 (2) Dentistry under chapter 448;
- 8 (3) Chiropractic under chapter 442;
- 9 (4) Naturopathic medicine under chapter 455;
- 10 (5) Optometry under chapter 459;
- 11 (6) Podiatry under chapter 463E; [~~and~~]
- 12 (7) Psychology under chapter 465[-]; and
- 13 (8) Advanced practice registered nurses under chapter
14 457."

15 SECTION 8. Section 457-8.6, Hawaii Revised Statutes, is
16 amended by amending subsection (d) to read as follows:

17 "(d) Advanced practice registered nurses shall be
18 considered qualified if they have met the requirements of
19 section 457-8.5(a), and have met the advanced pharmacology
20 requirements for initial prescriptive authority pursuant to
21 rules adopted by the board. Only qualified advanced practice

1 registered nurses authorized to diagnose, prescribe, and
2 institute therapy or referrals of patients to health care
3 agencies, health care providers, and community resources and,
4 only as appropriate to the practice specialty in which the
5 advanced practice [±]registered[±] nurse is qualified, may:

6 (1) Prescribe and administer over the counter drugs,
7 legend drugs, and controlled substances pursuant to
8 this chapter and to chapter 329 and request, receive,
9 and dispense manufacturers' prepackaged samples of
10 over the counter drugs, and non-controlled legend
11 drugs to patients under their care; provided that an
12 advanced practice registered nurse shall not request,
13 receive, or sign for professional controlled substance
14 samples;

15 (2) Prescribe, order, and dispense medical devices and
16 equipment; and

17 (3) Plan and initiate a therapeutic regimen that includes
18 nutritional, diagnostic, and supportive services
19 including home health care, hospice, and physical and
20 occupational therapy."

1 SECTION 9. Section 461-1, Hawaii Revised Statutes, is
2 amended by amending the definition of "practice of pharmacy" to
3 read as follows:

4 "Practice of pharmacy" means:

- 5 (1) The interpretation and evaluation of prescription
6 orders; the compounding, dispensing, and labeling of
7 drugs and devices (except labeling by a manufacturer,
8 packer, or distributor of nonprescription drugs and
9 commercially legend drugs and devices); the
10 participation in drug selection and drug utilization
11 reviews; the proper and safe storage of drugs and
12 devices and the maintenance of proper records
13 therefor; the responsibility for advising when
14 necessary or where regulated, of therapeutic values,
15 content, hazards, and use of drugs and devices;
- 16 (2) Performing the following procedures or functions as
17 part of the care provided by and in concurrence with a
18 "health care facility" and "health care service" as
19 defined in section 323D-2, or a "pharmacy" or a
20 licensed physician[7] or a licensed advanced practice
21 registered nurse with prescriptive authority, or a

1 "managed care plan" as defined in section 432E-1, in
2 accordance with policies, procedures, or protocols
3 developed collaboratively by health professionals,
4 including physicians and surgeons, pharmacists, and
5 registered nurses, and for which a pharmacist has
6 received appropriate training required by these
7 policies, procedures, or protocols:

8 (A) Ordering or performing routine drug therapy
9 related patient assessment procedures;

10 (B) Ordering drug therapy related laboratory tests;

11 (C) Initiating emergency contraception oral drug
12 therapy in accordance with a written
13 collaborative agreement approved by the board,
14 between a licensed physician or advanced practice
15 registered nurse with prescriptive authority and
16 a pharmacist who has received appropriate
17 training that includes programs approved by the
18 American Council of Pharmaceutical Education
19 (ACPE), curriculum-based programs from an ACPE-
20 accredited college of pharmacy, state or local

1 health department programs, or programs
2 recognized by the board of pharmacy;
3 (D) Administering drugs orally, topically, by
4 intranasal delivery, or by injection, pursuant to
5 the order of the patient's licensed [physician's
6 order,] physician or advanced practice registered
7 nurse with prescriptive authority, by a
8 pharmacist having appropriate training that
9 includes programs approved by the ACPE,
10 curriculum-based programs from an ACPE-accredited
11 college of pharmacy, state or local health
