
A BILL FOR AN ACT

RELATING TO HAWAII CORRECTIONAL INDUSTRIES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Act 341, Session
2 Laws of Hawaii 1990, codified as chapter 354D, Hawaii Revised
3 Statutes, established the Hawaii correctional industries
4 program, which provides inmates with work-related skills to
5 increase their employment prospects upon release. Hawaii
6 correctional industries employs several hundred inmates every
7 year in print, furniture, canteen, and sewing shops that are
8 located inside correctional facilities and through outside work-
9 lines that clean and maintain highways and byways.

10 Hawaii correctional industries is required by law to be a
11 self-sufficient and self-sustaining agency within the department
12 of public safety. Hawaii correctional industries does not
13 receive any general fund moneys. All proceeds collected by the
14 department of public safety from the sale of goods and services
15 produced by inmates under the Hawaii correctional industries
16 program are deposited into the correctional industries revolving
17 fund which pays for the program's supplies, equipment, and

1 machinery, space to house each work enterprise, salaries and
2 personnel expenses for program staff and administrators,
3 salaries for inmate workers, and all other necessary expenses.

4 The legislature finds that while Hawaii correctional
5 industries is currently allowed to sell goods and services
6 produced by inmates to the State, the counties, and the federal
7 government, the agency is prohibited by law from selling to the
8 general public, except in limited circumstances. This
9 restriction limits Hawaii correctional industries' ability to
10 fulfill its statutory mandates for financial self-sufficiency
11 and continued growth for the purpose of maximizing inmate job
12 training and employment in a cost-effective manner.

13 The purpose of this Act is to authorize Hawaii correctional
14 industries to sell goods and services to the general public,
15 which will substantially improve its ability to be financially
16 self-supporting and increase work training opportunities for
17 inmates at no additional cost to the State.

19 amended to read as follows:

2 supervision of the director or the director's designee, the
