
A BILL FOR AN ACT

RELATING TO FOSTER CHILDREN.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that the Preventing Sex
2 Trafficking and Strengthening Families Act of 2014, Public Law
3 113-183, expands the opportunities for children in foster care
4 to participate in age or developmentally appropriate
5 extracurricular, enrichment, cultural, and social activities
6 equal to their classmates and peers in accordance with the
7 "reasonable and prudent parent standard".

8 The Preventing Sex Trafficking and Strengthening Families
9 Act, title 42 United States Code section 675(10)(A), defines the
10 "reasonable and prudent parent standard" as "the standard
11 characterized by careful and sensible parental decisions that
12 maintain the health, safety, and best interests of a child while
13 at the same time encouraging the emotional and developmental
14 growth of the child, that a caregiver shall use when determining
15 whether to allow a child in foster care under the responsibility
16 of the State to participate in extracurricular, enrichment, and
17 social activities".

1 The legislature further finds that qualified immunity from
2 civil liability for injury to a child resulting from
3 participation in extracurricular activities will encourage and
4 allow resource caregivers and child caring institutions to make
5 reasonable parenting decisions and will remove barriers to
6 recruitment and retention of high quality resource caregivers.
7 Qualified immunity from liability for resource caregivers and
8 child caring institutions that authorize a child's participation
9 in ordinary childhood activities in accordance with the
10 reasonable and prudent parent standard as defined under federal
11 law protects and enhances the capacity of resource caregivers
12 and child caring institutions and to encourage and support
13 children.

14 The Preventing Sex Trafficking and Strengthening Families
15 Act also requires that children in foster care who are fourteen
16 years of age and older be included in case planning and be
17 informed of their rights and the options available to them. The
18 federal Act lowered the age from sixteen to fourteen years old
19 in recognition that those children should be included in the
20 important planning processes that will strengthen their self-

1 sufficiency and better prepare them for successful transition
2 from foster care into adulthood.

3 Compared to their peers, young people who have experienced
4 foster care are more likely to become homeless and unemployed
5 when they age out of foster care, are less likely to complete
6 high school or postsecondary education, and are more likely to
7 have physical, developmental, and mental health challenges.
8 Unlike their peers, most lose their support system when they
9 reach age eighteen and are discharged from state custody.

10 The purpose of this Act is to bring the State into
11 compliance with the Preventing Sex Trafficking and Strengthening
12 Families Act of 2014; expand the opportunities for children in
13 foster care to participate equally with their classmates and
14 peers by providing qualified immunity from liability for
15 resource caregivers and child caring institutions for their
16 decisions regarding the child's participation in age or
17 developmentally appropriate extracurricular, enrichment,
18 cultural, and social activities; and require courts, in
19 proceedings for children aged fourteen years or older, to make
20 findings and include in the permanent plan the services needed

1 to assist the child to transition from foster care to
2 independent living.

3 SECTION 2. Section 346-16, Hawaii Revised Statutes, is
4 amended by amending the definition of "foster boarding home" to
5 read as follows:
