13 state licensed appraiser, provided that the appraised
14 value of the vessel shall not take into account the

JUSTIFICATION SHEET

DEPARTMENT: Land and Natural Resources

TITLE: A BILL FOR AN ACT RELATING TO
TRANSFERABILITY OF MOORING PERMITS.

PURPOSE: To allow holders of a mooring permit within
state small boat harbors to transfer their
permit under certain terms and conditions.

MEANS: Amend section 200-10(d), Hawaii Revised
Statutes.

JUSTIFICATION: Currently, no use permit for state small
boat harbors issued by the Department is
transferable unless provided for by law. As
such, there is no law allowing the transfer
of mooring permits which are presently
issued by order of seniority from a
waitlist. This method of issuance limits
the ability of vessel owners to sell their
vessels since the next owner of the vessel
may not already have a place to berth the
vessel. The proposed amendment would
establish a procedure to allow a mooring
permit to be transferred to the next vessel
owner by way of sale of the vessel.

Requiring that the vessel be sold at fair
market value ensures that the sale price of
vessels will not be unreasonably inflated in
order to profit from the transfer of a
mooring permit

Impact on the public: There have been
several instances where individuals have
suffered economic loss from the inability to
sell their vessel because of the difficulty
for potential purchasers in procuring a
mooring permit for the vessel. The proposed
amendment would establish a procedure
whereby vessels could be more easily bought
and sold.
