
A BILL FOR AN ACT

RELATING TO APPROPRIATIONS TO THE OFFICE OF THE PROSECUTING
ATTORNEY OF THE COUNTY OF HAWAII.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that juvenile crime and
2 recidivism are precursors to adult criminal activity and can
3 lead to dependency upon social services in adulthood, which
4 comes at a cost to the youth, their families, the community, and
5 taxpayers. Immediate assessment and intervention plays a vital
6 role in disrupting or halting this progression.

7 To improve outcomes for youth and to protect public safety,
8 the Big Island juvenile intake and assessment center (BIJIAC)
9 was developed and implemented in east Hawaii county in 2013.
10 The mission of BIJIAC is to:

- 11 (1) Prevent and reduce delinquent behavior by providing an
12 immediate assessment upon intake and refer youth to
13 appropriate community services; and
- 14 (2) Assist law enforcement and improve public safety by
15 providing a safe location for youth in police custody,
16 allowing officers to return to patrol duties.

1 For the past three contract years with the office of the
2 prosecuting attorney of the county of Hawaii, BIJIAC has served
3 a total of six hundred twenty-seven youth (three hundred twenty-
4 eight boys and two hundred ninety-nine girls) at an annual
5 estimated cost of \$947 per youth. Of youth served, only four
6 per cent had a new arrest or delinquent offense. In contrast,
7 in 2013, the annual cost of a bed at the Hawaii youth
8 correctional facility was \$199,320, and seventy-five per cent of
9 youth released were re-adjudicated as delinquent or convicted as
10 adults of new crimes within three years of release.

11 The purpose of this Act is to expand BIJIAC services to a
12 location in west Hawaii county. Currently, when youth are
13 picked up by police in west Hawaii county, they are processed at
14 the police station and then released to a parent or guardian
15 when one is located and available. Youth do not receive an
16 immediate intervention or referral to appropriate community
17 services, and a youth's court appearance is typically several
18 months later, providing no immediate accountability for the
19 offense and increasing the probability of continued unhealthy or
20 unsafe behavior. In addition, the arresting officer must remain
21 with the youth, sometimes for hours, until the parent or

1 guardian arrives, thereby preventing the officer from returning
2 to patrol duties.

3 Youth arrested in west Hawaii county are sometimes
4 transported to BIJIAC in east Hawaii county, as time and
5 staffing allow. This entails a relay method in which the
6 arresting officer drives to the end of the officer's patrol
7 district and transfers custody of the youth to an officer of the
8 neighboring district who then drives through that patrol
9 district and transfers custody of the youth to an officer of the
10 neighboring district, and so on, a process that includes four
11 transfers in total. The driving distance through police
12 districts from west Hawaii county to the current east Hawaii
13 county BIJIAC location is one hundred miles each way, with a
14 drive time of two hours and twenty minutes, increasing the
15 impact on public safety and resources.

16 SECTION 2. There is appropriated out of the general
17 revenues of the State of Hawaii the sum of \$250,000 or so much
18 thereof as may be necessary for fiscal year 2017-2018 and the
19 same sum or so much thereof as may be necessary for fiscal year
20 2018-2019 for the expansion of the Big Island juvenile intake
21 and assessment center, including the hiring of necessary staff.

H.B. NO. 367

1 The sums appropriated shall be expended by the office of
 2 the prosecuting attorney of the county of Hawaii for the
 3 purposes of this Act.

4 SECTION 3. This Act shall take effect on July 1, 2017.
