# A BILL FOR AN ACT

RELATING TO THE UNIVERSITY OF HAWAII PROMISE PROGRAM.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that an educated labor  
2 force and engaged citizenry are essential in today's global,  
3 knowledge-based economy. Across the nation, states have set  
4 ambitious goals to boost college completion rates. The  
5 University of Hawaii's Hawaii graduation initiative is a  
6 systemwide strategic initiative endorsed by the University of  
7 Hawaii board of regents with a goal to increase the educational  
8 capital of the State by increasing participation in and  
9 completion of college by students, particularly native  
10 Hawaiians, low-income students, and those from underserved  
11 regions and populations, and preparing them for success in the  
12 workforce and the community.

13           Furthermore, Hawaii's own 55 by '25 campaign goal focuses  
14 on increasing the percentage of working-age adults with two- or  
15 four-year degrees to fifty-five per cent by 2025. According to  
16 the most recent data available, forty-four per cent of Hawaii's  
17 working-age adults have a postsecondary degree. As the State's

1 sole public higher education system, the University of Hawaii is  
2 committed to doing its part to close the State's projected  
3 educational attainment gap.

4 In April 2016, the Institute for Research on Higher  
5 Education at the University of Pennsylvania Graduate School of  
6 Education issued a study that analyzed college costs in relation  
7 to family income level. The study revealed how higher education  
8 has gone from expensive to unaffordable for most low- and  
9 middle-income families. According to this same study, Hawaii  
10 ranked third in the nation for overall college affordability and  
11 noted that the University of Hawaii community colleges are the  
12 most affordable public two-year institutions in the nation.

13 The report further acknowledged that despite Hawaii's  
14 overall high affordability ranking, attending college was a big  
15 expense for families earning less than \$30,000 annually; that  
16 Hawaii's financial aid policies did little to alleviate costs  
17 for these families; and that the State provided minimal need-  
18 based aid to students attending public institutions.

19 Although the State does not budget for scholarships,  
20 University of Hawaii policy requires that a minimum percentage  
21 of tuition revenue be set aside for need-based scholarships,

1 including 8.8 per cent at the community colleges. The  
2 University of Hawaii provided \$46,700,000 in tuition-funded  
3 financial aid during 2014-2015, including \$6,300,000 at the  
4 community colleges. Even though financial aid through Pell  
5 grants, University of Hawaii and private scholarships, the GI  
6 Bill for service members and veterans, and employers cover much  
7 of the cost for need-based students, cost is still a barrier for  
8 certain need-based students.

9 The purpose of this Act is to establish the Hawaii promise  
10 program to provide scholarships for the unmet direct cost needs  
11 of qualified students enrolled at any University of Hawaii  
12 community college and to appropriate funds to establish and  
13 implement the program.

14 SECTION 2. Chapter 304A, Hawaii Revised Statutes, is  
15 amended by adding a new section to part IV, subpart A,  
16 subdivision 1 to be appropriately designated and to read as  
17 follows:

18 "§304A- Hawaii promise program; established. (a)  
19 Notwithstanding section 304A-502, there is established the  
20 Hawaii promise program to be administered by the board of  
21 regents. The program shall provide scholarships for the unmet

1 direct cost needs of qualified students enrolled at any  
2 community college campus of the University of Hawaii.

3 (b) A student enrolled at a University of Hawaii community  
4 college campus shall be eligible for scholarship consideration  
5 if the student:

6 (1) Qualifies for Hawaii resident tuition;

7 (2) Completes and submits the FAFSA for each academic year  
8 and accepts all federal and state aid, grants,  
9 scholarships, and other funding sources that do not  
10 require repayment;

11 (3) Is enrolled in a classified degree or certificate  
12 program with six or more credits per semester;

13 (4) Maintains satisfactory academic progress, as defined  
14 by the federal Title IV requirements established  
15 pursuant to Title IV of the Higher Education Act of  
16 1965, as amended, and determined by the campus where  
17 the student is enrolled; and

18 (5) Has been determined by the campus to have unmet direct  
19 cost needs.

20 (c) Scholarships shall be awarded to the extent possible  
21 based on available funds:

- 1        (1) On a first-come, first-served basis; and
- 2        (2) In an amount equal to the student's unmet direct cost
- 3                need based on the FAFSA calculation of need minus what
- 4                is available from Pell grants and other scholarships.

5        (d) As used in this section:

6                "Direct cost" includes tuition, fees, books, supplies, and  
7 transportation.

8                "FAFSA" means the Free Application for Federal Student  
9 Aid."

10        SECTION 3. There is appropriated out of the general  
11 revenues of the State of Hawaii the sum of \$                or so much  
12 thereof as may be necessary for fiscal year 2017-2018 and the  
13 same sum or so much thereof as may be necessary for fiscal year  
14 2018-2019 to establish and implement the Hawaii promise program,  
15 including the provision of scholarships.

16        The sums appropriated shall be expended by the University  
17 of Hawaii for the purposes of this Act.

18        SECTION 4. New statutory material is underscored.

19        SECTION 5. This Act shall take effect on July 1, 2050.

**Report Title:**

University of Hawaii Promise Program; Community Colleges;  
Scholarships; Appropriation

**Description:**

Establishes the Hawaii Promise Program to provide scholarships for the unmet direct cost needs of qualified students enrolled at a University of Hawaii community college. Appropriates funds to establish and implement the program. (HB1591 HD2)
