# A BILL FOR AN ACT

RELATING TO CONTRACTORS.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that chapter 444, Hawaii  
2 Revised Statutes, requires that a licensed contractor be hired  
3 for any construction work that costs more than \$1,000 or that  
4 requires a building permit. However, the handyman exemption to  
5 chapter 444, Hawaii Revised Statutes, allows the hiring of a  
6 person not licensed as a contractor if the total value of the  
7 project, including labor and materials, is equal to or less than  
8 \$1,000.

9           The legislature further finds that as housing costs have  
10 increased in Hawaii, the cost of housing materials has also  
11 increased. As a result, small home repair projects may easily  
12 exceed \$1,000. Additionally, Act 195, Session Laws of Hawaii  
13 2009, increased the monetary sanctions for engaging in  
14 contracting without the required license in violation of the  
15 contractors licensing law. Fines were increased from \$500 to  
16 \$2,500 for the first offense and from \$1,000 to \$3,500 for the  
17 second offense. This represents a fivefold increase in the

1 amount of the first offense and over a threefold increase in the  
2 second offense fine.

3 Despite an increase in costs and a shortage of licensed  
4 contractors, the handyman exemption amount has not been  
5 increased since 1992. Accordingly, the legislature finds that  
6 in order to combat high housing costs, the handyman exemption  
7 should be expanded to provide faster, easier access to  
8 construction services for smaller projects.

9 It is necessary to raise the handyman exemption for several  
10 reasons. First, increasing the exemption threshold brings the  
11 exemption more in line with the increased fines imposed by Act  
12 195 and reduces that law's potential impact on handymen who take  
13 on small projects in good faith and face rising materials costs.  
14 Second, raising the handyman exemption will help landlords and  
15 homeowners reduce the costs of maintaining a home or for repairs  
16 to make rentals marketable. Finally, in rural parts of the  
17 State, it is often difficult to find licensed contractors  
18 because the job is either too small or contractors are not  
19 available.

20 The purpose of this Act is to raise the threshold under the  
21 contractor licensing law's handyman exemption.

1 SECTION 2. Section 444-2, Hawaii Revised Statutes, is  
2 amended to read as follows:

3 "~~§444-2~~ Exemptions. This chapter shall not apply to:

4 (1) Officers and employees of the United States, the  
5 State, or any county while in the performance of their

15 alteration, improvement, or repair of personal  
16 property;

18 contract price for labor, materials, taxes, and all  
19 other items is not more than [~~\$1,000-~~] \$\_\_\_\_\_.

20 This exemption shall not apply in any case where a  
21 building permit is required regardless of the

1 aggregate contract price, nor where the undertaking is  
2 only a part of a larger or major project or operation,  
3 whether undertaken by the same or a different  
4 contractor or in which a division of the project or  
5 operation is made in contracts of amounts not more  
6 than [~~\$1,000~~] \$ \_\_\_\_\_ for the purpose of evading  
7 this chapter or otherwise;

8 (5) A registered architect or professional engineer acting  
9 solely in the person's professional capacity;

10 (6) Any person who engages in the activities regulated in  
11 this chapter as an employee with wages as the person's  
12 sole compensation;

13 (7) Owner-builders exempted under section 444-2.5;

14 (8) Any joint venture if all members thereof hold licenses  
15 issued under this chapter;

16 (9) Any project or operation where it is determined by the  
17 board that less than ten persons are qualified to  
18 perform the work in question and that the work does  
19 not pose a potential danger to public health, safety,  
20 and welfare; or

1           (10) Any public works project that requires additional  
2                    qualifications beyond those established by the  
3                    licensing law and which is deemed necessary and in the  
4                    public interest by the contracting agency."

5           SECTION 3. Statutory material to be repealed is bracketed  
6 and stricken. New statutory material is underscored.

7           SECTION 4. This Act shall take effect on January 1, 2050.
