# SENATE CONCURRENT RESOLUTION

REQUESTING THAT THE UNITED STATES PACIFIC COMMAND DEVELOP AND IMPLEMENT A WARNING SYSTEM FOR AFFECTING THE STATE MILITARY-RELATED EMERGENCIES AND THAT THE UNITED STATES PACIFIC COMMAND BE THE SOLE AGENCY RESPONSIBLE FOR ISSUING PUBLIC ALERTS OR WARNINGS RELATING TO MILITARY MATTERS AFFECTING THE STATE.

1           WHEREAS, history has shown that Hawaii's isolated yet  
2           militarily strategic location makes the State a real target for  
3           a military-related attack; and  
4

5           WHEREAS, to ensure the protection and safety of the State's  
6           citizens, it is necessary that citizens be properly and timely  
7           informed of any actual military-related threat; and  
8

9           WHEREAS, under existing law, the Hawaii Emergency  
10          Management Agency is the agency charged with issuing public  
11          alerts and warnings in cases of emergency or disaster; and  
12

13          WHEREAS, on January 13, 2018, the Hawaii Emergency  
14          Management Agency issued a false incoming ballistic missile  
15          alert warning that caused widespread distress and panic across  
16          the State; and  
17

18          WHEREAS, although the Hawaii Emergency Management Agency  
19          has explained that the issuance of this warning was the result  
20          of human error, the fact remains that the Agency has the  
21          capability and authority to issue such a warning despite lacking  
22          the necessary resources to detect and confirm that such a  
23          military-related threat actually exists; and  
24

25          WHEREAS, United States Pacific Command is the nearest  
26          agency capable of detecting an imminent military-related threat  
27          to the State; and  
28

# S.C.R. NO. 66

1 WHEREAS, United States Pacific Command is therefore the  
2 appropriate agency to issue statewide public alerts and warnings  
3 for any military-related emergency; now, therefore,  
4

5 BE IT RESOLVED by the Senate of the Twenty-ninth  
6 Legislature of the State of Hawaii, Regular Session of 2018, the  
7 House of Representatives concurring, that the United States  
8 Pacific Command is requested to develop and implement a warning  
9 system for military-related emergencies affecting the State; and  
10

11 BE IT FURTHER RESOLVED that this body requests that the  
12 United States Pacific Command be the sole agency responsible for  
13 issuing public alerts or warnings relating to military matters  
14 affecting the State; and  
15

16 BE IT FURTHER RESOLVED that certified copies of this  
17 Concurrent Resolution be transmitted to the Commander of the  
18 United States Pacific Command and Director of the Hawaii  
19 Emergency Management Agency.
