According to data from the U.S. Census Bureau, China is Hawai'i's second largest export partner. In 2017, Hawai'i exported a total of \$124.3 million to China; however, most of the merchandise shipped to China from Hawai'i was not produced in Hawai'i. DBEDT will report on trade statistics between Hawai'i and China.

The committee will be briefed on the potential impacts of recent tariff disputes especially on the areas of educational exchanges between the two regions.

Also, the committee will hear from the Department of Agriculture on agricultural trade and DBEDT's Research and Economic Analysis Division administered by Dr. Eugene Tian, Chief State Economist.

No public testimony will be accepted.

If you require special assistance or auxiliary aids and/or services to participate in the House public hearing process (i.e., sign or foreign language interpreter or wheelchair accessibility), please contact the Committee Clerk at 586-8510 or email your request for an interpreter to [HouseInterpreter@Capitol.hawaii.gov](mailto:HouseInterpreter@Capitol.hawaii.gov) at least 24 hours prior to the hearing for arrangements.
