JUSTIFICATION SHEET

DEPARTMENT: Human Services

TITLE: A BILL FOR AN ACT RELATING TO CHILD CARE.

PURPOSE: To improve the safety of children in regulated child care settings, this act amends section 346-152.5(a), Hawaii Revised Statutes (HRS), to require adult relatives who provide care for a child whose family receives a child care subsidy from the department to complete a criminal history record check in the same manner as a prospective applicant or licensed provider in accordance with section 346-154, HRS. At least six other states do not exempt relatives from undergoing fingerprint-based criminal history record checks to ensure the health and safety of children in care.

Further, the bill amends section 346-153, HRS, to clarify: (1) when information regarding investigations may be withheld by the department, (2) that information about an investigation of a complaint may be withheld by the department for not more than ten working days from the date the investigation report is completed, and (3) that no information shall be released until the criminal investigation has been completed and the director has determined that no legal proceeding will be jeopardized by its release. Further, the bill allows the child care licensing program to share information and cooperate with investigations conducted by child protective services and law enforcement.

The measure also amends section 346-156, HRS, to clarify that the department may take both administrative and judicial action to enforce child care licensing provisions of chapter 346. It increases fines that may be imposed by making the amounts imposed daily, and sets a higher limit for violations of providing child care without a license or
registration as required by sections 346-161 and 346-171, HRS. It also provides flexibility for the department to enforce administrative rules by using administrative orders.

MEANS:

Amend sections 346-152.5(a), 346-153, and 346-156, HRS.

JUSTIFICATION:

The proposed amendment of section 346-152.5(a), HRS, improves safety provisions of children in legally exempt child care settings, by requiring adult relatives of a child whose family receives a child care subsidy from the department to complete a criminal history record check in the same manner as a prospective applicant or licensed provider in accordance with section 346-154, HRS.

The Hawaii Criminal Justice Data Center requires fingerprint samples to release arrest record information to the department.

The amendments to section 346-153, HRS, clarify that the department may withhold information from the public about an investigation for not more than ten working days from the date the investigation report is completed and until it has been determined that related legal proceedings will not be compromised with the release of information. The department's child care licensing program will continue to share relevant information with child protective services and law enforcement agencies when the child care licensing program is investigating a complaint or report of injury to a child in a regulated child care setting.

The amendments to section 346-156, HRS, will provide more tools to the department to enforce violations faster and with increased penalties to more effectively stop, deter, and prevent a person from engaging in illegal child care. This bill will
authorize the department to take administrative action against a person who violates part VIII of chapter 346, in addition to initiating civil actions in court. This bill changes the penalty structure so that a fine may be imposed for every day of a violation, and makes the fine higher for a person, entity, or organization who operates a child care facility without a license or registration in violation of section 346-161 or 346-171, HRS.

Impact on the public: The amendments to section 346-152.5(a), HRS, will impact all legally exempt relative child care providers caring for a child whose family receives a child care subsidy from the department as the amendments support the health and safety of children in legally exempt child care settings because the department, by requiring fingerprint samples, will be able to receive State and Federal Bureau of Investigation arrest record information from the Hawaii Criminal Justice Data Center.

The amendments to section 346-153, HRS, will impact all regulated child care providers as the amendments support the safety of children in regulated child care settings because the child care licensing program will continue to share relevant information with child protective services and law enforcement agencies when the child care licensing program is investigating a complaint or report of injury to a child in a regulated child care setting, while no information shall be released to the public until the criminal investigation has been completed and the director has determined that no legal proceeding will be jeopardized by its release.

The amendments to section 346-156, HRS, will impact all regulated child care providers and providers who are operating in violation of sections 346-161 or 346-171, HRS, as the amendments protect the public from those who

violate provisions of chapter 346, HRS, and the administrative rules that are promulgated pursuant to that chapter that are designed to protect the health, safety, and welfare of children and other members of the public.

**Impact on the department and other agencies:**
The amendments to section 346-152.5(a), HRS, will increase the need for resources for the child care licensing program to collect fingerprints, obtain fingerprint-based criminal records, and to determine whether the relative is suitable to care for children whose families receive child care subsidy from the department.

For section 346-153, HRS, none.

The amendments to section 346-156, HRS, may increase the need for resources for the department’s Administrative Appeals Office and the Department of the Attorney General to conduct administrative hearings and prosecute violations in court.

**GENERAL FUND:** None.

**OTHER FUNDS:** None.

**PPES PROGRAM DESIGNATION:** HMS

**OTHER AFFECTED AGENCIES:**
For section 346-152.5(a), HRS, Hawaii Criminal Justice Data Center within the Department of the Attorney General.

For section 346-153, HRS, the Department of the Attorney General.

For section 346-156, HRS, the Department of the Attorney General.

**EFFECTIVE DATE:** Upon approval.
