RELATING TO EDUCATION.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. The legislature finds that average salaries for teachers in Hawaii generally fall in the middle of national rankings of teachers' pay. However, once the salaries of teachers in the State are adjusted for the cost of living, they are the lowest-paid in the nation. The national average salary for all teachers stands at approximately $30,086, when cost of living is considered. However, the average starting salary for teachers in Hawaii is $24,409, when adjusted for cost of living.

Furthermore, the legislature finds that close to half of teachers in Hawaii are leaving the profession or the State altogether within five years of starting, posing a significant problem for students. Slightly more than nine hundred teachers were hired in 2013, but as of 2018, fewer than four hundred seventy of them remained in the classroom. Within the last five years, the number of teachers leaving Hawaii has increased to seventy-one per cent. Only fifty-one per cent of teachers hired during the 2013-2014 school year were still teaching in Hawaii.
five years later, a decrease from fifty-four percent during the
previous year. As the State continues to address matters of
teacher recruitment and retention, it is crucial to support
current teachers now.

The purpose of this Act is to provide automatic step
increases in teacher salaries for each year of satisfactory
service completed.

SECTION 2. Chapter 302A, Hawaii Revised Statutes, is
amended by adding a new section to part III to be appropriately
designated and to read as follows:

"§302A- Salary increases; annual, longevity. (a)
Teachers and educational officers who have completed a year's
satisfactory service and who have complied with the other
requirements of sections 302A-602 to 302A-639, and 302A-701, as
applicable, shall be entitled to an annual increment.

(b) Teachers and educational officers who have served
satisfactorily for three years in their maximum increment step
or in any longevity step and who have complied with the other
requirements of sections 302A-602 to 302A-639, and 302A-701, as
applicable, shall receive longevity step increases; provided
that the board may grant principals and vice-principals
1 longevity step increases more frequently than once every three
2 years pursuant to section 302A-625."
3 SECTION 3. New statutory material is underscored.
4 SECTION 4. This Act shall take effect on July 1, 2019.
