A BILL FOR AN ACT

RELATING TO THE SALARY OF THE PUBLIC UTILITIES COMMISSIONERS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

SECTION 1. The legislature finds that the State of Hawaii public utilities commission has an important role in serving the public by overseeing and regulating utilities to help ensure that utilities provide reliable service at fair and reasonable rates. Commissioners play a key role in regulating utilities and keeping Hawaii on track to reach its goals to completely transfer to clean, renewable energy by 2045. As nonrenewable resources are increasingly depleted, the commissioners' role in overseeing public utilities continues to expand. In order to keep the high-caliber commissioners on the Hawaii public utilities commission and not lose them to the mainland where many states have higher wages for public utilities commissioners, Hawaii commissioners should receive a salary increase.

The purpose of this Act is to raise the salaries of the public utilities commissioners to be commensurate with other
states and to align the commissioners' salaries with the
established pay structure of deputy attorney general positions.

SECTION 2. Section 269-2, Hawaii Revised Statutes, is
amended by amending subsection (b) to read as follows:

"(b) Effective July 1, 2005, the chairperson of the
commission shall be paid a salary [set at eighty-seven per cent
of the salary of the director of human resources development,]
equal to the highest pay tier of a supervising deputy attorney
general of the department of the attorney general, and each of
the other commissioners shall be paid a salary equal to [ninety-
five per cent of the chairperson's salary.] the lowest pay tier
of the first deputy attorney general of the department of the
attorney general. The commissioners shall be exempt from
chapters 76 and 89 but shall be members of the state
[[]] employees' [[]] retirement system and shall be eligible to
receive the benefits of any state or federal employee benefit
program generally applicable to officers and employees of the
State, including those under chapter 87A."

SECTION 3. Statutory material to be repealed is bracketed
and stricken. New statutory material is underscored.
SECTION 4. This Act shall take effect on July 1, 2019.
