A BILL FOR AN ACT

RELATING TO CLIMATE CHANGE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Act 32, Session Laws
2 of Hawaii 2017, established the Hawaii climate change mitigation
3 and adaptation commission to address the urgent issue of sea-
4 level rise in the State. In less than a year, the commission,
5 which comprises various state and county officials, has provided
6 the legislature with a comprehensive sea-level rise report in
7 which risk levels are clearly identified. From this report, the
8 legislature also finds it imperative to start implementing the
9 commission's recommendations.

10 The legislature further finds that the State needs to start
11 planning and funding the coastal adaptations to sea-level rise
12 now to avoid insurmountable crises in the decade ahead. The
13 legislature believes that the most important and urgent matter
14 to be addressed is the identification and determination of
15 shoreline armoring and retreat.

16 Accordingly, the purpose of this Act is to require the
17 Hawaii climate change mitigation and adaptation commission to

1 determine which coastal areas to armor and which ones to select
2 for managed retreat.

3 SECTION 2. (a) The Hawaii climate change mitigation and
4 adaptation commission shall determine areas of each county to be
5 designated for either armoring or managed retreat. The
6 commission shall make its determinations for three predicted
7 levels of sea-level rise: three feet of sea-level rise, six
8 feet of sea-level rise, and nine feet of sea-level rise.

9 (b) The Hawaii climate change mitigation and adaptation
10 commission shall submit a report of its findings and
11 recommendations to the legislature by December 31, 2021.

12 SECTION 3. There is appropriated out of the general
13 revenues of the State of Hawaii the sum of \$1,000,000 or so much
14 thereof as may be necessary for fiscal year 2019-2020 and the
15 same sum or so much thereof as may be necessary for fiscal year
16 2020-2021 to complete the sea-level rise determination project.

17 The sums appropriated shall be expended by the Hawaii
18 climate change mitigation and adaptation commission for the
19 purposes of this Act.

1 SECTION 4. This Act shall take effect on July 1, 2019.
