

EXECUTIVE CHAMBERS
HONOLULU

DAVID Y. IGE
GOVERNOR

June 7, 2019

GOV. MSG. NO. 1183

The Honorable Ronald D. Kouchi,
President
and Members of the Senate
Thirtieth State Legislature
State Capitol, Room 409
Honolulu, Hawai'i 96813

The Honorable Scott K. Saiki,
Speaker and Members of the
House of Representatives
Thirtieth State Legislature
State Capitol, Room 431
Honolulu, Hawai'i 96813

Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

This is to inform you that on June 7, 2019, the following bill was signed into law:

HB1417 HD1 SD1 CD1

RELATING TO HUMAN SERVICES.
ACT 082 (19)

Sincerely,

DAVID Y. IGE
Governor, State of Hawai'i

A BILL FOR AN ACT

RELATING TO HUMAN SERVICES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The department of human services has the
2 largest operating budget of any state department, approximately
3 \$3,304,000,000, including seventy-nine per cent of all the
4 executive branch's federal funds. The department provides
5 benefits and services to one in four Hawaii residents, or nearly
6 360,000 individuals. The State's medicaid program provides
7 medical insurance coverage for nearly one-half of Hawaii's
8 children.

9 The department's programs and services include: protection
10 of vulnerable children and adults; vocational rehabilitation and
11 financial assistance to the disabled; the supplemental nutrition
12 assistance program; financial assistance; job training and
13 placement; housing and services for the homeless; medicaid
14 services for the State's medically needy population; and
15 prevention, treatment, and housing for the State's youthful
16 offenders.

1 To provide these benefits and services to Hawaii's
2 vulnerable individuals and families, the department manages
3 significant federal and state funds and processes vast amounts
4 of information on a daily basis. Initiated by the Patient
5 Protection and Affordable Care Act of 2010, the department
6 continues to invest in the development of an enterprise
7 eligibility system that will support the integration of services
8 that will lead to improved individual and program outcomes
9 through more efficient service delivery and data analytics.

10 As part of the department's continuous improvement efforts,
11 in 2016, the department embarked on its ohana nui effort by
12 adopting a multigenerational approach to transform the way
13 services are provided to individuals and families to improve
14 outcomes and well-being. By providing programs and services
15 that maintain a high level of service integration, quality, and
16 intensity across multiple generations, the department intends to
17 reduce intergenerational poverty in the State, and the human and
18 financial costs associated with poverty.

19 The human and financial costs associated with poverty are
20 well documented. The 2009 paper "Childhood and
21 Intergenerational Poverty: The Long Term Consequences of

1 Growing up Poor," by Robert L. Wagmiller, Jr., and Robert M.
2 Adelman, found that "individuals who grow up in poor families
3 are much more likely to be poor in early adulthood. Moreover,
4 the chances of being poor in early adulthood increase sharply as
5 the time spent living in poverty during childhood increases".
6 The department's programs must focus on reducing the time
7 children, families, and individuals spend in poverty and
8 supporting every person's ability to meet their human and
9 economic potential.

10 Furthermore, other studies link adverse social and economic
11 conditions in childhood to health problems in adulthood. The
12 original 1998 Adverse Childhood Experiences study conducted by
13 the Centers for Disease Control and Prevention and Kaiser
14 Permanente surveyed nearly seventeen thousand adults in southern
15 California. The primary conclusion of the Adverse Childhood
16 Experiences study was the finding of a strong relationship
17 between "exposure to abuse or household dysfunction during
18 childhood and multiple risk factors for several leading causes
19 of death in adults", such as heart disease, cancer, chronic lung
20 disease, fractures, and liver disease. While adverse childhood
21 experiences occur across all races and economic classes, there

1 is a higher prevalence of adverse childhood experiences for
2 those who also live in poverty.

3 A similar conclusion was again found in a 2014 Swedish
4 study that "showed social and economic disadvantages in
5 childhood were associated with an earlier onset and faster
6 progression of functional health problems from midlife into old
7 age". The Swedish study also concluded that "creating equal
8 opportunities for educational attainment may help reduce the
9 long-term effect of disadvantaged childhood conditions and
10 postpone functional health problems".

11 The legislature finds that transitioning the department's
12 service delivery to a multigenerational approach will refocus
13 the department's efforts to provide available resources and
14 support, reducing the time a child and family spends in poverty,
15 stabilizing the child's basic needs and environment to enhance
16 their ability to learn, improving all recipients' economic
17 security, and ultimately reducing intergenerational poverty in
18 Hawaii.

19 The purpose of this Act is to require the department of
20 human services to use an integrated and multigenerational
21 service delivery approach to reduce the incidence of

1 intergenerational poverty and dependence on public benefits,
2 consistent with the nationally recognized best practices.

3 SECTION 2. Section 26-14, Hawaii Revised Statutes, is
4 amended by amending subsection (b) to read as follows:

5 "(b) The department shall administer programs through an
6 integrated and multigenerational approach designed to improve
7 the social well-being, economic security, and productivity of
8 the people of the State[-] and to reduce the incidence of
9 intergenerational poverty and dependence upon public benefits.

10 Without limit to the generality of the foregoing, the department
11 shall concern itself with problems of human behavior,
12 adjustment, and daily living through the administration of
13 programs of family, child and adult welfare, economic
14 assistance, health care assistance, rehabilitation toward self-
15 care and support, public housing, and other related programs
16 provided by law."

17 SECTION 3. Statutory material to be repealed is bracketed
18 and stricken. New statutory material is underscored.

19 SECTION 4. This Act shall take effect on July 1, 2019.

H.B. NO. 1417
H.D. 1
S.D. 1
C.D. 1

APPROVED this 7 day of JUN , 2019

A handwritten signature in black ink, appearing to read "David Ige". The signature is fluid and cursive, with a large, sweeping flourish at the end.

GOVERNOR OF THE STATE OF HAWAII

HB No. 1417, HD 1, SD 1, CD 1

THE HOUSE OF REPRESENTATIVES OF THE STATE OF HAWAII

Date: April 30, 2019
Honolulu, Hawaii

We hereby certify that the above-referenced Bill on this day passed Final Reading in the House of Representatives of the Thirtieth Legislature of the State of Hawaii, Regular Session of 2019.

Scott K. Saiki
Speaker
House of Representatives

Brian L. Takeshita
Chief Clerk
House of Representatives

THE SENATE OF THE STATE OF HAWAI'I

Date: April 30, 2019
Honolulu, Hawaii 96813

We hereby certify that the foregoing Bill this day passed Final Reading in the Senate of the Thirtieth Legislature of the State of Hawai'i, Regular Session of 2019.

President of the Senate

Clerk of the Senate
