

EXECUTIVE CHAMBERS
HONOLULU

DAVID Y. IGE
GOVERNOR

June 26, 2019

GOV. MSG. NO. 1253

The Honorable Ronald D. Kouchi,
President
and Members of the Senate
Thirtieth State Legislature
State Capitol, Room 409
Honolulu, Hawai'i 96813

The Honorable Scott K. Saiki,
Speaker and Members of the
House of Representatives
Thirtieth State Legislature
State Capitol, Room 431
Honolulu, Hawai'i 96813

Dear President Kouchi, Speaker Saiki, and Members of the Legislature:

This is to inform you that on June 26, 2019, the following bill was signed into law:

SB375 SD2 HD1 CD1

RELATING TO AGRICULTURE.
ACT 151 (19)

Sincerely,

DAVID Y. IGE
Governor, State of Hawai'i

A BILL FOR AN ACT

RELATING TO AGRICULTURE.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that Hawaii has not
2 developed a plan to transition its agriculture industry, once
3 dominated by sugar and pineapple, to an industry that is
4 beneficial for diversified food crops. While diversified
5 agriculture has increased, industry experts estimate that Hawaii
6 imports approximately eighty-five to ninety per cent of the food
7 that it consumes.

8 According to a report issued in October 2012 by the office
9 of planning in cooperation with the department of agriculture,
10 entitled "Increased Food Security and Food Self-Sufficiency
11 Strategy: A State Strategic/Functional Plan Prepared in
12 Accordance with HRS Chapter 226 Hawaii State Plan and the Hawaii
13 Comprehensive Economic Development Strategy", replacing just ten
14 per cent of the food that Hawaii currently imports would retain
15 approximately \$313,000,000 in the State and generate more than
16 two thousand three hundred jobs. Investing in farmland and
17 irrigation infrastructure will bring Hawaii closer to self-
18 sufficiency, and local investments will benefit local residents.

1 The legislature further finds that the governor has set the
2 policy goal of doubling Hawaii's food production by 2020.
3 However, details on how to achieve this objective have yet to be
4 identified. Issues such as preserving agricultural land,
5 identifying food crops for local production, and improving
6 irrigation and agricultural infrastructure need immediate
7 attention so that doubling food production can become a
8 realistic objective. Implications of the federal FDA Food
9 Safety Modernization Act, which will have significant effects on
10 local agriculture, must also be addressed. Due to the need to
11 address multiple issues in order to double local food production
12 and with 2020 less than one year away, this Act sets the goal of
13 doubling local food production by 2030.

14 The purpose of this Act is to require the department of
15 agriculture, in cooperation with the office of the governor, to
16 develop a strategic plan to achieve the governor's goal of
17 doubling food production and increasing food exports by 2030.

18 SECTION 2. (a) The department of agriculture, in
19 cooperation with the office of the governor, shall establish a
20 strategic plan that identifies benchmarks for increased food

1 production in Hawaii and increased exports of food crops and
2 value-added agricultural products from Hawaii.

3 (b) The strategic plan shall identify benchmarks that are
4 quantitatively and qualitatively measurable and the metrics to
5 determine progress toward the following goals:

6 (1) Doubling local food production and exports by 2030;

7 (2) Identifying food crops that may be grown locally to
8 replace imports and increase exports of food crops and
9 value-added agricultural products from Hawaii;

10 (3) Identifying lands for:

11 (A) Producing food crops that may be grown locally to
12 replace imports;

13 (B) Raising livestock; and

14 (C) Developing value-added agricultural products;

15 (4) Developing guidance for decisions regarding land
16 acquisition, irrigation, and agricultural
17 infrastructure; and

18 (5) Identifying implications and effects of the federal
19 FDA Food Safety and Modernization Act on local food
20 production and export.

1 (c) The department of agriculture shall submit the
2 strategic plan, including proposed strategies, benchmarks,
3 metrics, and any proposed legislation, to the legislature no
4 later than twenty days prior to the convening of the regular
5 session of 2020.

6 SECTION 3. There is appropriated out of the agricultural
7 development and food security special fund the sum of \$100,000
8 or so much thereof as may be necessary for fiscal year 2019-2020
9 for the purpose of developing a strategic plan outlining
10 strategies, benchmarks, and metrics to achieve the goal of
11 doubling food production in, and increasing food exports out of
12 the State by 2030.

13 The sum appropriated shall be expended by the department of
14 agriculture for the purposes of this Act.

15 SECTION 4. This Act shall take effect on July 1, 2019.

APPROVED this 26 day of JUN, 2019

GOVERNOR OF THE STATE OF HAWAII

THE SENATE OF THE STATE OF HAWAI'I

Date: April 30, 2019
Honolulu, Hawaii 96813

We hereby certify that the foregoing Bill this day passed Final Reading in the
Senate of the Thirtieth Legislature of the State of Hawai'i, Regular Session of 2019.

President of the Senate

Clerk of the Senate

SB No. 375, SD 2, HD 1, CD 1

THE HOUSE OF REPRESENTATIVES OF THE STATE OF HAWAII

Date: April 30, 2019
Honolulu, Hawaii

We hereby certify that the above-referenced Bill on this day passed Final Reading in the House of Representatives of the Thirtieth Legislature of the State of Hawaii, Regular Session of 2019.

Scott K. Saiki
Speaker
House of Representatives

Brian L. Takeshita
Chief Clerk
House of Representatives
