
A BILL FOR AN ACT

RELATING TO ELECTRONIC SMOKING PRODUCTS.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1 SECTION 1. The legislature finds that tobacco use is the
2 single most preventable cause of disease, disability, and death
3 in the United States. Tobacco use continues to be a problem in
4 Hawaii, causing approximately one thousand four hundred deaths
5 per year among adults. An estimated twenty-one thousand
6 children in Hawaii currently under the age of eighteen will
7 ultimately die prematurely from smoking. Tobacco use poses a
8 heavy burden on Hawaii's health care system and economy. Each
9 year, smoking costs approximately \$526,000,000 in direct health
10 care expenditures and \$387,300,000 in lost productivity in the
11 State.

12 The legislature further finds that tobacco products are
13 addictive and inherently dangerous, causing many different types
14 of cancer, heart disease, and other serious illnesses. Hawaii
15 has a substantial interest in reducing the number of individuals
16 of all ages who use tobacco products, and a particular interest

1 in protecting adolescents from tobacco dependence and the
2 illnesses and premature death associated with tobacco use.

3 The legislature additionally finds that electronic smoking
4 devices, also known as e-cigarettes, are battery-operated
5 products designed to deliver nicotine, flavor, and other
6 chemicals to the user by turning chemicals including highly
7 addictive nicotine into an aerosol that is inhaled by the user.
8 Consumers may choose from varying strengths of e-liquid nicotine
9 as well as liquids consisting of different flavors.

10 The electronic smoking device industry, including the
11 production of e-liquids, is growing rapidly. On December 18,
12 2018, the United States Surgeon General made the unprecedented
13 move of classifying the danger of youth usage of electronic
14 smoking devices as an epidemic. Since the Surgeon General first
15 issued a warning in 2016 about the dangers of these products,
16 data has shown historic rise in use by youth and young adults.
17 According to the 2016 report from the Surgeon General,
18 e-cigarette use amongst the nation's youth and young adults has
19 become a major public health concern. The Surgeon General's
20 report noted that e-cigarette use has increased considerably in
21 recent years, growing an astounding nine hundred per cent among

1 high school students from 2011 to 2015. In a 2018 study
2 conducted by the National Institute on Drug Abuse, the use of
3 electronic smoking devices by teens increased nationally from
4 27.8 to 37.3 per cent in a twelve-month period. The increase
5 translates to 1.3 million more teens using electronic smoking
6 devices in a single year. E-cigarette use among youth and young
7 adults is also strongly associated with the use of other tobacco
8 products, including combustible tobacco products. Toxicologists
9 have also warned that e-liquids pose significant risks to public
10 health, particularly to children. According to the Surgeon
11 General's report, if the contents of refill cartridges or
12 bottles are consumed, ingestion of e-liquids containing nicotine
13 can cause acute toxicity and possibly death. The Surgeon
14 General's report also found that there are numerous policies and
15 practices that can be implemented at the state and local levels
16 to address electronic smoking device use among youth and young
17 adults, including preventing access to e-cigarettes by youth,
18 significant increases in tax and price of e-cigarettes, retail
19 licensure, and regulation of e-cigarette marketing.

20 The legislature additionally finds that the rapid growth of
21 the electronic smoking device industry, including retail

1 businesses selling electronic smoking devices or e-liquids,
2 necessitates further regulations to protect consumers, such as
3 requiring retailers of e-liquids to obtain a retail tobacco
4 permit.

5 The legislature notes that the federal Food and Drug
6 Administration recently finalized a rule that expands its
7 regulatory authority to all tobacco products, including
8 electronic smoking devices, cigars, and hookah and pipe tobacco.
9 However, the legislature also notes that there is currently no
10 state tobacco tax attached to e-liquid, even though electronic
11 smoking devices are now regulated as tobacco products.
12 Furthermore, tobacco products other than cigarettes are
13 currently taxed at a lower rate than cigarettes, even though
14 their use carries similar health risks. Research has shown that
15 increasing cigarette prices, such as through cigarette taxes,
16 tends to reduce the rate of smoking by adult and youth smokers.
17 However, the legislature is concerned that as the price of
18 cigarettes increases, smokers may purchase less expensive
19 tobacco products, such as electronic smoking devices or
20 e-liquids.

1 Finally, the legislature concludes that there needs to be a
2 tax on e-liquids and taxing these products as other tobacco
3 products is the most equitable way to do so. Imposing a tax on
4 e-liquids will also encourage users of e-liquids to quit,
5 sustain cessation, prevent youth initiation, and reduce
6 consumption among those who continue to use them.

7 The purpose of this Act is to:

- 8 (1) Establish the offense of unlawful shipment of e-liquid
9 products;
- 10 (2) Include e-liquid within the definition of "tobacco
11 products", as used in the cigarette tax and tobacco
12 tax law, thereby:
- 13 (A) Subjecting e-liquid to the excise tax on tobacco
14 products;
- 15 (B) Requiring retailers of e-liquid to obtain a
16 retail tobacco permit to sell, possess, keep,
17 acquire, distribute, or transport e-liquid;
- 18 (C) Prohibit persons from engaging in the business of
19 a wholesaler or dealer of e-liquid without first
20 obtaining a license from the department of
21 taxation; and

- 1 (D) Applying other requirements of chapter 245,
- 2 Hawaii Revised Statutes;
- 3 (3) Increase the license fee for persons engaged as a
- 4 wholesaler or dealer of cigarettes and tobacco
- 5 products;
- 6 (4) Increase the retail tobacco permit fee for retailers
- 7 engaged in the retail sale of cigarettes and tobacco
- 8 products;
- 9 (5) Deposit additional funds in the Hawaii Tobacco
- 10 Prevention and Control Trust Fund; and
- 11 (6) Repeal various statutory provisions relating to
- 12 electronic smoking devices made obsolete by this
- 13 measure.

14 SECTION 2. Chapter 245, Hawaii Revised Statutes, is
 15 amended by adding a new section to be appropriately designated
 16 and to read as follows:

17 "§245- Unlawful shipment of e-liquid products; penalty;
 18 reports; liability for unpaid taxes. (a) A person commits the
 19 offense of unlawful shipment of e-liquid products if the person:
 20 (1) Is engaged in the business of selling e-liquid
 21 products; and

1 (2) Ships or causes to be shipped any e-liquid products to
2 a person or entity in this State that is not a

4 (b) This section shall not apply to the shipment of
5 e-liquid products if any of the following conditions is met:

6 (1) The e-liquid products are exempt from taxes as
7 provided by section 245-3(b) or are otherwise exempt
8 from the applicability of this chapter as provided by
9 section 245-62; or

10 (2) All applicable Hawaii taxes on the e-liquid products
11 are paid in accordance with the requirements of this
12 chapter.

13 (c) Unlawful shipment of e-liquid products may be a class
14 C felony if the person or entity knowingly ships or causes to be
15 shipped e-liquid products with a value of \$10,000 or more in
16 violation of subsection (a).

17 (d) Unlawful shipment of e-liquid products is a
18 misdemeanor if the person or entity knowingly ships or causes to
19 be shipped e-liquid products with a value of less than \$10,000
20 in violation of subsection (a).

1 (e) For the purposes of this section, a person is a
2 licensee if the person or entity's name appears on a list of
3 authorized licensees published by the department.

4 (f) Notwithstanding the existence of other remedies at
5 law, any person that purchases, uses, controls, or possesses any
6 e-liquid products for which the applicable taxes imposed under
7 title 14 have not been paid, shall be liable for the applicable
8 taxes, plus any penalty and interest as provided for by law.

9 (g) For the purposes of this section:

10 "E-liquid products" means e-liquid, electronic smoking
11 devices containing e-liquid, or component parts containing e-
12 liquid.

13 "Person" shall not be limited to individuals pursuant to
14 section 1-19.

15 "Value" means the retail value of the property or services
16 at the time and place of the offense."

17 SECTION 3. Section 245-1, Hawaii Revised Statutes, is
18 amended as follows:

19 1. By adding three new definitions to be appropriately
20 inserted and to read:

1 "E-liquid" means any liquid or like substance, which may
2 or may not contain nicotine, that is designed or intended to be
3 used in an electronic smoking device, whether or not packaged in
4 a cartridge or other container. E-liquid shall not include
5 prescription drugs; medical cannabis or manufactured cannabis
6 products under chapter 329D; or medical devices used to
7 aerosolize, inhale, or ingest prescription drugs, including
8 manufactured cannabis products manufactured or distributed in
9 accordance with section 329D-10(a).

10 "Electronic smoking device" means any electronic product,
11 or part thereof, that can be used by a person to simulate
12 smoking in the delivery of nicotine or any other substance,
13 intended for human consumption, through inhalation of vapor or
14 aerosol from the product. Electronic smoking device includes
15 but is not limited to an electronic cigarette, electronic cigar,
16 electronic cigarillo, electronic pipe, electronic hookah, vape
17 pen or related product, and any cartridge or other component
18 part of the device or product.

20 carrying, or possessing any lighted or heated tobacco product,
21 or similar substance intended for human consumption, including

1 the use of an electronic smoking device that creates an aerosol
2 or vapor, in any manner or in any form."

3 2. By amending the definition of "tobacco products" to
4 read:

5 ""Tobacco products" means [~~tobacco~~]:

6 (1) Tobacco in any form, other than cigarettes or little
7 cigars [~~, that is prepared or intended for consumption~~
8 ~~or for personal use by humans, including large cigars~~

19 electronic smoking devices containing e-liquid, component parts
20 containing e-liquid, and related products."

1 SECTION 4. Section 245-2, Hawaii Revised Statutes, is
2 amended by amending subsection (b) to read as follows:

4 application therefor, in such form and manner as shall be
5 required by rule of the department, and the payment of a fee of
6 [~~\$2.50,~~] \$250, and shall be renewable annually on July 1 for the
7 twelve months ending the succeeding June 30."

8 SECTION 5. Section 245-2.5, Hawaii Revised Statutes, is
9 amended by amending subsections (c) and (d) to read as follows:

10 "(c) The retail tobacco permit shall be issued by the
11 department upon application by the retailer in the form and
12 manner prescribed by the department, and the payment of a fee of
13 [~~\$20.~~] \$50. Permits shall be valid for one year, from December
14 1 to November 30, and renewable annually. Whenever a retail
15 tobacco permit is defaced, destroyed, or lost, or the permittee
16 relocates the permittee's business, the department may issue a
17 duplicate retail tobacco permit to the permittee for a fee of \$5
18 per copy.

19 (d) A separate retail tobacco permit shall be obtained for
20 each place of business owned, controlled, or operated by a
